

Second graders learn about the earth

Mrs. Sayre's second grade class at Dallas Elementary has just completed a social studies project. While learning about the Earth, students made replications of landforms and bodies of water.

Some of these include mountains, deserts, peninsulas, islands, and oceans. The students enjoyed working in groups to complete this project.

Dallas School District to rededicate Middle School

The Dallas School District will officially rededicate the newly renovated Dallas Middle School on Sunday, August 10 at 3 p.m. Over the past 24 months extensive additions and repairs have been made to the building that was opened as a junior high school in 1969. The comprehensive project included complete updates to all classrooms, the gymnasium, library, kitchen and cafeteria. Renovations to the music wing integrate the expansion of the band and chorus rooms as well as the addition of a theory classroom and two student practice rooms.

New construction incorporates the addition of a new administrative and guidance suite, two computer labs, a distance learning lab, a television studio, new art and wellness classrooms, several conference rooms, and a state-of-the-art natatorium.

The building will be open for tours immediately following the rededication. The public is invited to attend.
