Remember When

We've been digging through our pile of old photos, and thought it would be fun to share some of them with you. Space allowing, we'll publish a scene from the Back Mountain's past each week on this page. Sometimes we'll be able to tell you about the event and the people in the frame, and sometimes we'll be clueless. That's when you can help — if you know names and details, please get them to us and we'll do our best to fill in the blanks for our readers. E-mail is the best communication method, so if you can, send info to: thepost@leader.net. Otherwise, send a fax to 675-3650, call 675-5211 or drop a note to: The Post, 15 N. Main St., Wilkes-Barre PA 18711.

March Madness, 1959

Participants in the Shavertown recreation program posed for a photo during the basketball season. We believe the photo was taken in the old Shavertown school, which was located near the site of today's Burger King. Anyone out there have more information? Send it to thepost@leader.net.

That mill again ...

A caller last week said we still don't have the right location for the old Truckville Feed Mill. She distinctly remembers it standing near the intersection of the present Route 309 and Carverton Road, not Harris Hill Road.

Franklin Township fire truck was new

Sue Hand sent this note regarding last week's photo of the Franklin Twp. Vol. Fire Co.: Glenna Rozelle and the Ladies Auxiliary of Franklin Twp. Fire Co. were able to identify most of the men in the photo.

From left, standing: Joe Perry, Lenny Dorrance, Bob Snyder, Bob Jones, Art Gay, unknown, Eddie Dorrance, Ernie

Gay Seated on truck: unknown, Morrie Welsh (?), Elmer Phillips, Bob Berlew

We still have not identified the driver.

After checking with Ken Larish, he told me the truck was a brand new 1953 chassis with fire equipment installed. He remembers doing a valve job on the fire truck. The truck was

stored in Bob Snyder's garage (formerly owned by Ken's father, Ray Larish, in the late 1920s, early 1930s), which later became a village landmark owned by Leon Emanuel. The Fire Co. then built their current home on the hill above the village of Orange.

The photo was taken across the street from the Orange United Methodist Church.
