### Colleagues donate to Dr. Baker Fund at Misericordia

The family, friends and colleagues of Dr. Thomas Baker have created an endowed scholarship for students enrolled in the diagnostic medical sonography program at College Misericordia.

The Dr. Thomas E. Baker Fund for the Study of Sonography will be used to fund scholarships for qualified students interested in pursuing a career in diagnostic medical sonography.

Dr. Baker was a graduate of Hanover Township High School, King's College and Hahnemann Medical College. He served as chief of cardiology at Wilkes-Barre General Hospi-

tal from 1984-90 and served as director of the Echo Lab and Telemetry Unit.

A board member of the American Society of Echocardiography and the American colleges of Physicians, Cardiology, Internal Medicine and College of Echocardiography, he held staff positions at Mercy Hospital and Wyoming Valley Health Care System.

"My father put much of his time, energy, and heart into the creation of the first echo lab in this area. My mother and I, and all of his family, friends, and colleagues, wish to honor the memory of Dr. Thomas E. Baker with a scholarship recogniz-

ing this same spirit of dedication and determination. We hope this scholarship will enable students to pursue study in the field of sonography at College Misericordia for many years to come," said Danielle Baker.

College Misericordia offers an 18-month certificate program in diagnostic medical sonography, also known as ultrasound. The certificate program is designed for adult or non-traditional learners who possess or can acquire the necessary pre-requisites. For more information, call 1-866-CM and ME or visit [www.misericordia.edu](http://www.misericordia.edu).
