# Dallas battles back to win title

The Dallas Middle School Soccer team captured the Wyoming Valley Conference Junior High School Soccer District by defeating Meyers Nov. 3 in a shootout. Down 2-0, Dallas battled back in the second half to tie the game with nine seconds remaining. The first goal was scored by Steph Ashley midway through the second half and the second goal came off the foot of Kevin Pierce in a corner kick opportunity.

Dallas was then able to hold off Meyers in two five-minute overtimes to force the game to a shootout. In the shootout, Dallas' Tim Ropel, Alex Slocum, Kevin Pierce, Tommy Youells and Andrew Besecker all converted their penalty kicks for goals. Andrew Besecker's goal sealed the victory for Dallas. Colin Grube recorded three outstanding saves during the shootout. The final score was Dallas over Meyers 3-2.

The district championship is as far as Junior High soccer playoffs progress.

Dallas played with only seventh and eighth graders against a bigger Meyers' squad that also plays ninth graders. The Dallas coaches, led by Russ Eyt, made position changes late in the game looking to spark a comeback. "The players responded in terrific fashion by out-hustling Meyers to the ball. I could not be more proud of this team," Eyt said.

# Deer hunt Dec. 6 at Frances Slocum Park

The state Department of Conservation and Natural Resources (DCNR) will conduct a regulated deer-hunt at Frances Slocum State Park, Kingston Township, December 6, to help control the deer population within the park. The one-day hunt is for whitetail deer only, and will be conducted in areas not normally open to hunting. To ensure the safety of all park visitors, the park will be closed to all other activities this day.

To participate, hunters must hold an unfilled Wildlife Management Area 3B antlerless license. Only manually operated shotguns 20 gauge or larger, or muzzleloading firearms will be allowed. The hunt will be limited to the first 40 hunters that arrive at the park starting at 6 a.m., and will not be chosen by lottery drawing. All hunters entering the park will be checked to ensure they have a valid unfilled Wildlife Management Area 3B antlerless license and appropriate firearm, and be asked to fill out a registration and safety orientation form before being assigned a designated parking area.

"When the deer population is out of balance with the park land, it affects other wildlife, including the elimination of plant species and destruction of habitats for birds and small mammals," said Roger Fickes, director of the Bureau of State Parks. Fickes explained that the excessive deer herd is destroying park vegetation and needs to be controlled on a yearly basis.

Safety zones, no hunting areas, and park boundaries will be posted and strictly enforced. Extra park rangers and Pennsylvania Game Commission personnel will be stationed throughout the park area during this hunt. For more information about the regulated hunt, call the park office at 696-3525.
