reward for an entire year of excellence on the field and in the gym. It includes every regular-season game, match and meet in which the schools' varsity squads play one another, awarding one point for each victory and .5 point to each school in a tie. There is no distinction made between a win in volleyball, football or track — all are equally important. Pre- and post-season games are not counted.

The Back Mountain Cup is not intended to diminish the importance of the Old Shoe game, or the more recent awards given by Back Mountain Youth Soccer to the winning squad.
