Carroll has been dedicated

Editor's note: Last week, *The Post* ran the submitted biographies of several candidates for state senator in the 20th District and state representative for the 117th Legislative District. At the time, Tim Carroll's name was not on the ballot for state representative. But a recent state Supreme Court ruling has put his name back on the ballot.

Dallas Borough Mayor Tim Carroll has spent the better part of his life dedicated to the welfare of his community. As a first responder, he has served as a local police officer and as a firefighter. As a local municipal official, Carroll has served eight years as a Dallas Borough councilman, and is now serving his second term as Dallas Borough Mayor.

Carroll has a depth of experience in both the public and private sector. He is the owner of Carroll Construction Company, legislative aide to Representative George Hasay, and a part-time police officer for more than 35 years. Mayor Carroll is a founding member of the Back Mountain Council of Governments, past president of the Dallas Fire and Ambulance, member of the Dallas Area Municipal Authority, member of the George M. Dallas Lodge, F&AM, past president of the Back Mountain Police Association, and a lifetime member of the Gate of Heaven Church.

Carroll and his wife of 24 years, Carol Ostroski Carroll are the proud parents of two sons, Timothy and Jonathan.

Tim Carroll of Dallas is running for state representative.

Dallas begins spring cleanup program

The Dallas Borough road department will begin weekly curbside yard waste collection following the conclusion of its annual spring street-sweeping and cleanup programs. Curbside yard waste pickup will begin the week of May 8 and continue each week through the summer months with collections on Tuesdays and Wednesdays. Containers should not be placed curbside for collection prior to the week of May 8.

The following guidelines are for the curbside yard waste collection program:

- The road department will collect a maximum of two green recycling containers (or equivalent) per household per week
- All yard waste must be placed in containers. No loose items will be collected and will be left curbside if not placed in a container.
- Branches placed curbside for collection must be bundled in lengths not to exceed 6 feet.
- The weight of each container should be limited to 30 pounds or less to prevent injury to the road department personnel.

The curbside yard waste program is designed to collect grass clippings, trimmings and small amounts of yard debris. Trees or amounts that exceed the two-container limit listed above will not be accepted.

The Dallas Area Municipal Authority will be open for the drop off of yard waste during regular business hours at the DAMA facility located at 530 Memorial Highway.

For more information about the curbside yard waste collection program, call the Dallas road department.
