**Penn State W-B plans summer camps**

Penn State Wilkes-Barre's 2006 Summer Youth Program brochure is available at the campus on Old Route 115 in Lehman Township. The brochure lists complete descriptions and costs for programs that provide challenging and enriching activities for children ages 2-18.

The camps were created to spark an interest in science and technology. There are also camps available for budding artists, actors, journalists, horticulturists, sports enthusiasts, and more. Hands-on activities, experiments, and projects with experienced instructors are geared to each grade level. Eighteen new camps have been added, including camps for pre-school age children and their parents. Four sports camps are offered for children of various ages, soccer, golf, basketball and volleyball.

Two popular family summer camps will be offered. Preserving Family History, a camp about preserving family photos, films and records also teaches you how to archive your records with the latest technology. Conserving our Resources teaches families the history of coal mining and its impact on our water resources. Campers will visit a river front site for field work and learn how water is tested for purity or contaminants.

Students may purchase lunch or bring lunch from home. Bus transportation is available from Wilkes-Barre and Kingston. While children attend camps, their parents and guardians are welcome to use the campus library or the exercise/weight room in the Athletics & Recreation Building. For more information, or a complete brochure, call Ellen Gregorio at 675-9220 or e-mail wbce@outreach@psu.edu. The brochure is also available online at www.wb.psu.edu/ce.
