

SCHOOL BRIEFS

Adult learners, transfer program at Misericordia

College Misericordia will host an Adult Learner and Transfer Night Open House on Monday, March 26, from 5-7 p.m. in the Banks Student Life Center for adult learners interested in obtaining more information about the college's undergraduate and graduate programs.

The event is also open to people who have general questions about entering or returning to college. Guests can visit the campus at their convenience and speak with representatives from admissions, adult education, financial aid and faculty. Common topics include: equitable credit transfer, credit for life experiences, financial aid eligibility, evening and weekend class schedules, accelerated formats (Expressway), certificate programs, and online courses.

In recent national surveys of traditional age and adult students, College Misericordia ranked significantly ahead of similar institutions in several key areas of student satisfaction.

Registration is not required. For more information, please contact Larree Brown, coordinator, Center for Adult and

Continuing Education at (570) 674-6451, or brown@miser-cordia.edu or toll free at 1-866-CM and Me (866-262-6363).

Art, science show to be held March 29

I'm Big Now preschool-kindergarten will hold its annual art and science show from 6-7:30 p.m. Thursday, March 29 at the school on N. Memorial Highway in Dallas. The theme for this year's show is March Madness. Student-created art and science projects will be on display. For more information, call 675-1220.

Friedman Observatory open Monday nights

Ever wonder what Neptune looks like? Has the controversy over Pluto piqued your interest in the solar system? The Fried-

man Observatory at the Penn State Wilkes-Barre campus in Lehman Township offers opportunities to view the night sky through a computerized 16-inch Meade telescope. The observatory is open to the public starting one hour after sunset on clear Mondays. If Monday is not clear, the observatory will be open Tuesday at the same time.

John Rovnak, acting director of the observatory, and her assistants will be on hand to answer questions. Rovnak is an amateur astronomer, retired aerospace engineer, and Penn State graduate. Small groups are welcome on public nights. Larger groups, such as Girl and Boy Scout troops, are invited to call for a private session.

The Observatory opened in 1990 and the computerized Meade Schmidt-Cassegrain reflecting telescope is the only one of its kind in the region. The rural setting provides a

perfect opportunity for stargazing away from city lights.

For more information regarding viewing opportunities, con-

tact Thomas Winter at 675-9278 or txw2@psu.edu; and Rovnak at 925-2561 or jer32@psu.edu. Information is also available on

college's Web site at www.wb.psu.edu. Go to the quick links for the Friedman Observatory.
