

## Girls of Summer attend DHS clinic

More than 50 girls between the ages of 7-14 attended a softball clinic run by the Dallas varsity team last weekend in the Dallas Middle School gymnasium. The clinic was under the direction of head coach Joyce Tinner, assistant coach John McNeil and junior high coach Tony Chiarucci. Members of the varsity team served as helpers and instructors.

The young girls learned all aspects of the game, from hitting to fielding to base running. There was also a separate clinic for pitchers and catchers.
