

Being on the cutting edge. Growing the interactive side of the business. That's what's in it for me. People in our area are looking more and more to the internet for news and information. And

advertisers look to the internet to boost sales. What a real pleasure for me to provide that for them! I'm relatively new to **The Times Leader**, but not to the publishing world. And I can tell you that this

is one of the most innovative newspapers around.

I'm online all the time. Visit timesleader.com and subscribe. And email me at kschwartz@timesleader.com to find out what's in it for you.

What's in it for you?
