

Pumpkins abound in Jackson Township

Pumpkins of all sizes, shapes and designs were found in Jackson Township last Sunday, courtesy of a Pumpkin Coloring and Carving Contest sponsored by the Jackson Township Police Department and Board of Supervisors. In addition to the pumpkin activities, there were also wagon rides and an Emergency Services Safety Awareness Day.

It looks like this pumpkin belonging to Alex Kristeller, of Lehman, is a baseball fan.

The Meadows Nursing & Rehabilitation Center

The Meadows Nursing & Rehabilitation Center is located on a 15-acre tract in Dallas, Pennsylvania. This 130 bed skilled nursing facility offers both skilled and intermediate care to their residents. Along with the 24-hour nursing care, the Meadows Nursing & Rehabilitation Center offers rehabilitative therapy to those needing to improve or maintain their current condition.

The expansion of the Meadows Nursing & Rehabilitation Center's therapy department is a great advantage to both our current long-term residents and residents coming to our facility for rehabilitation. We have renovated and expanded our therapy area over 3,000 square feet. This additional space allows us to accommodate all disciplines of therapy in one area. Our objective in expanding our therapy area was to create an aesthetically pleasing atmosphere that encourages our residents to work to the best of their ability alongside our therapy staff to meet or exceed their goals.

Meadows Nursing & Rehabilitation Center offers superior nursing care, which rehabilitates and improves the residents' health, and, when necessary, helps them to accept declining health with dignity and comfort in a loving, caring atmosphere. Their nurses are on duty around the clock, and a physician is always on call. In addition to excellent medical care, residents and their families benefit from the spiritual, social and emotional support offered at Meadows Nursing & Rehabilitation Center.
