Northwestern Mutual FINANCIAL NETWORK® The Palmiter Financial Group

Year established: 1857 nationally/1878 locally
Number of employees: 8,000+nationally/60+locally

Company profile: Since 1857, Northwestern Mutual has consistently focused on one ambition: to do the right thing for the people who put their trust in us. We exist to help our clients manage financial risk and achieve financial security through our insurance and investment products. The Northwestern Mutual Way: "The ambition of Northwestern has been less to be large than to be safe; its aim is to rank first in benefits to policy owners rather than first in size. Valuing quality about quantity, it has preferred to secure its business under certain salutary restrictions and limitations rather than to write a much larger business at the possible sacrifice of those valuable points which have made the Northwestern pre-eminently the policy owner's company." -1888 executive committee
