

Englehart, Murray score 12 each to lead Dallas

Hunter Englehart and Joe Murray scored 12 points each to lead a balanced scoring attack and the Dallas boys basketball team used a big run to start the second half on its way to a 73-46 drubbing of rival Lake-Lehman. Mountaineer Paul Brace added 11 markers in the winning effort.

The Mountaineers scored 13 unanswered points in the opening four minutes of the third quarter with five different players contributing to the outburst. Their 34-23 halftime lead ballooned to a 47-23 advantage when Chad Carey nailed a three-pointer with 4:06 remaining in the third quarter.

A tough pressure defense by Dallas led to four early Lake-Lehman turnovers and a 14-6 lead after one quarter. The Mountaineers increased the

margin to 20-6 on a three-pointer by Murray in the opening minutes of the second quarter.

Robbie Evans nailed a three-pointer, Drew Groblewski made a couple of baskets and Chris O'Connor scored three points as Lake-Lehman pulled within five points, 24-19, midway through the second quarter.

O'Connor, who finished with 10 points, made a free throw with four minutes left in the first half and Englehart left the game with three personal fouls.

The Mountaineers didn't fold, however, and with Englehart on the bench, outscored Lehman, 10-4, during the remainder of the second quarter. Add in the 13 consecutive points to start the third quarter and the Mountaineers outscored their rival, 23-4, with the 6-foot-4 Englehart out of the game.

Mountaineer Travis DeBona (No. 5) heads down court but Lehman's Adam Weaver (No. 20) is in hot pursuit. The Dallas boys basketball team got 12 points from both Hunter Englehart and Joe Murray to lead a balanced scoring attack on its way to a 73-46 drubbing of rival Lake-Lehman. Mountaineer Paul Brace added 11 markers in the winning effort. The meeting of the two Back Mountain rivals is always a hot-contested game.

Fighting for possession of the ball are Mountaineers Nick Lombard (No. 12) and Chris Dailey (No. 2) and Chad Carey (No. 30) of Lake-Lehman.
