20 YEARS AGO

Horses, 4-H and county fairs have been a way of life for 19tear-old Dene' Stull of Dallas since the age of five. All the time and work she has devoted to the animals and the 4-H clubs were rewarded this year when she was named 1990 Outstanding 4-H Horse member.

The award is based on a number of projects done by the members of 4-H. Stull has a long record of successful projects within 4-H and she felt that this

A meeting of Boy Scout Troop 281, Dallas, was recently held at Dallas United Methodist Church. Cliff Kozemchak, senior patrol leader, opened the meeting.

The topic of the meeting was troop elections. The boys voted for officers in the troop for the new scouting season: Jack Cobleigh, senior patrol leader; Scott Slocum, asst. senior patrol leader; Bob Casselberry and Earl Phillips, quartermasters. Other officers are Jeff McDonald, scribe; and John Reese, troop librarian. Flying Eagle Patrol needed a new patrol leader, and Roger Sherman was voted to fill that vacancy.

Three girls from the Back Mountain area were candidates in the Miss United Fund contest. They are: Jane Ann Gilmartin, Ann Woychick and Roberta Ann Lyons.

Although Dallas Borough has an estimated 200 men who are between the ages of 21 and and therefore are eligible to conscripted for military service it is likely that not more than five will go in answer to the first call.

This is based on the War Department's estimate that men of draft age make up about 14 per cent of the population and only 1 in 40 in that age group will be conscripted to make up the first national contingent of 400,000 soldiers.

On the same ratio, Dallas Township would supply about eight men and Kingston Township would send 14. The quotas for this area may be cut further because of the large number of volunteers who have enlisted here recently.

President Roosevelt has fixed October 16 as the day upon which eligible men will register. After the eligible men have registered their names will be filed and numbers will be drawn by lottery to decide which will be called in the first 400,000. R.A. STRANGE BUT TRUE

 It was American author and philosopher Eric Hoffer who made the following sage observation: "Rudeness is the weak man's imitation of strength.

• If you were to have a perfectly dry mouth, you wouldn't be able to taste a single thing. Researchers conducted an experiment in which they placed salt on a subject's dry tongue, and the subject reported absolutely no taste at all. Once a drop of saliva was added, though, the taste came through clearly.
