John Murray becomes Eagle Scout

John Murray, of Boy Scout Troop 281, recently completed his Eagle Scout Leadership Service Project by organizing and directing the clean up and painting of 34 fire hydrants in Dallas Borough.

The fire hydrants were discolored, rusting and not easily located. Murray's project included cleaning the area around the fire hydrants, refurbishing and painting them bright red.

He directed 30 volunteers for 249 hours of community service to complete the project, receiving donations and approval from United Water Company and Dallas Fire & Ambulance Company to carry out the project.

The project resulted in providing better access and visibility for the fire company to the hydrants and in helping to beautify the Dallas community by adding a sense of pride to the Back Mountain area.

"This project is not only a major improvement and assistance to the Dallas Fire Department but also to the community we serve," said Harry Vivian, Dallas Fire Chief.
