

# Sebolka wins competition

Allyson Sebolka, of Dallas Township, was recently crowned "Miss Teen Stars on the Rise" at a recent competition held at the Chateau Resort in the Poconos.

A dancer since she was 3 years old, Sebolka has been modeling for two years.

In addition to winning the modeling title, she also won the overall dance competition for her solo performances in jazz, tap, pantomime, lyrical and improvisation routines.

A student at the Dallas Area Middle School, Sebolka is active in Student Council, National Honor Society, audio-visual club and chorus. She plays bass clarinet in the jazz band.

She is a student of dance and theatre at Take the Stage in Trucksville and studies vocal instruction with Katrina Lykes at ArtsUniverse in Wilkes-Barre.

Sebolka is the daughter of Dave and Karen Sebolka and the granddaughter of Eleanor Sebolka, of Kingston, and Michael and Marlene Kurilla, of Larksville.

## JACKSON TOWNSHIP

# Safety repeater approved; new siren installed

By EILEEN GODIN  
Dallas Post Correspondent

Jackson Township supervisors approved placement of a public safety repeater and gave an update on the new siren installation at SCI-Dallas at their regular meeting Monday night.

The public safety repeater will be installed on a utility pole on Sutton Road by the Pennsylvania Office of Public Radio Services.

Chairman John J. Wilkes Jr. said the repeater, of which there are two already located within the township, will be used by Emergency Medical Agency and the State Police.

SCI-Dallas has finished installing new emergency prison sirens at Wallow Mountain in

Lehman Township (known as the powerhouse whistle), at the prison and on the Jackson Township salt storage shed off Chase Road.

For the past several weeks, the sirens have been tested on Wednesdays and Saturdays. Wilkes said residents should only hear the weekly test on Wednesdays now.

Also, supervisors are looking to create a partnership with Lehman Township and Dallas Borough for emergency management services.

Last month, supervisors announced a desire to form an agreement to share emergency management resources to provide better overall service and increase grant opportunities.

Supervisors authorized township attorney Jeffery Malak to send copies of a resolu-

tion for mutual cooperative emergency management agreement and the intergovernmental agreement for emergency management to Dallas Borough and Lehman Township.

Malak, who also serves as Dallas Borough's solicitor, said Wilkes met with members of Dallas Borough Council to collaborate on the plan. Lehman Township is very interested and waiting to see the agreements, he said.

Wilkes said the partnership will ensure the municipalities will have the best services for residents and believes the agreement will be the second of its kind in Luzerne County.

*In other news...*

The proposed 2011 budget, a new recycling and parking ordinance will be voted on at a

special meeting at 9 a.m. on Thursday, Dec. 23, in the municipal building.

The proposed budget, totaling 1,014,385, will keep the current mill rate of 1.32. A mill is \$1 per every \$1,000 assessed tax value.

"We tried to make the budget work for taxpayers and the municipality," said Supervisor Al Fox. "We tried not to increase taxes or reduce services."

The recycling ordinance will not change the township's program but will put it in compliance with Department of Environmental Protection's changes.

The parking ordinance was condensed and gives both the code enforcement officer and police officers the ability to issue parking violation citations.

## A proud part of the community.

At KNBT we believe in helping our neighbors.

That's why this holiday season we're collecting nonperishable food items for the Back Mountain Food Pantry from now until December 31st in our Shavertown Community Office. We're proud to support such local organizations as the Shavertown Fire Department, United Way of Wyoming Valley, Commission on Economic Opportunity, Catholic Youth Center of Wyoming Valley and more. It's all part of how we go beyond the expected every day. To learn more, call or visit us today.
