## DHS senior cagers, parents are honored

Six senior members of the Dallas High School girls basketball team and their parents were honored prior to the Lady Mountaineers' final home game of the season against Crestwood. The game also marked the last regular season girls basketball game to be played in the current Dallas High School gymnasium as a new school is currently under construction. Those honored escorted their parents to center court while an announcer read their biographies to those in attendance. The girls were then presented with gifts from an underclass member of the team.
