

ROSS TOWNSHIP

Township may be forced to update radio system

By EILEEN GODIN
Dallas Post Correspondent

UP NEXT

A new regulation by the Federal Communications Commission may force Ross Township to update its hand-held radio system.

During Tuesday night's supervisors meeting, Chairman Stan Davis said a new law from the FCC requires municipalities to convert all radio frequencies to narrow band by October 2011.

Radios are in reference to hand-held or models in trucks used to communicate with municipal employees.

Davis said the move would create more frequencies by condensing the current users, he said.

The next meeting of the Ross Township supervisors will be held at 7 p.m. on Tuesday, April 12 in the municipal building.

Currently, the township has nine mobile radios and three portables. Davis was unsure how many would need to be replaced and how many could be reprogrammed.

"Anything older than three years will probably need to be replaced," he said.

Supervisors budgeted a small amount of money with the intention of replacing some of the radios this year. Davis said estimates will be sought once a list of units that need to be replaced is made.

PEOPLE BRIEFS

DHS LifeSmarts team finishes second

The Dallas High School LifeSmarts team of Kevin Hunter, captain, Tim Reinert, Pierce Donovan, Danielle Spencer and Sara Hudak recently finished in second place in state competition.

LifeSmarts is a national competition that challenges high school student's knowledge in five areas: personal finance, health and safety, the environment, technology and consumer rights and responsibilities.

Britney Hazleton serving internship

Britney Hazleton, of Dallas, is one of 80 Wilkes University students completing internships for the spring 2011 semester.

The daughter of James and Diane Brewster and the wife of Michael Hazleton is a senior

studying communication studies. She is completing an internship with Zeopix in Kingston.

Her duties include web content writing and layout, event planning, social media management, press release writing and event invitation design under the supervision of Keith Tomkins.

Two completing student teaching

Matthew Duffy, of Shavertown, and Matthew Navin, of Harveys Lake, are among 36 Wilkes University education majors completing student teaching assignments for the spring 2011 semester.

Duffy studied history and secondary education at Wilkes. He will complete his placement teaching at Lake-Lehman Jr./Sr. High School in the Lake-Lehman School District.

He is the son of Thomas and Betty Ann Duffy.

Navin, son of Terrance and Patricia Navin, studied history at Wilkes. He will complete his placement teaching at Wyoming Valley West High.

Are You Suffering With Pain, Tingling, or Numbness in Your Feet or Ankles?

Do what Ed Labatch did...He Called The Neuropathy Center!

"I had very little feeling in my legs and feet that I couldn't even drive. After treatment at the Neuropathy Center I can not only drive again but enjoy life like I used to... without pain."

I had neuropathy in my legs and had very little feeling to the point that I couldn't even drive my car. I suffered for about three years. I couldn't stand very long or do many of the regular activities that I loved to do with my wife. I found that I sat around a lot.

I wanted so badly to get my life back to the way I remembered it so when I saw the ad in the paper for the Neuropathy Center I made an appointment right away.

After meeting with the professional staff at the Neuropathy Center I knew that there was hope for me. After just my second treatment I felt life in my legs again. I couldn't believe it!

The Neuropathy Center has changed my life in so many ways.

My experience has been terrific! Now my wife Betty and I can continue to enjoy our active life doing the things we love including Polka dancing!!

I would highly recommend anyone who is suffering from Neuropathy pain to make an appointment today. Their caring staff were...in fact we busy to answer any & all of my questions...in fact we always look forward to our visit.
