Thank you to all of those who supported the library by buying flowers, vegetables, cactus, mini-gardens and craft items at the flower tent.

Finally to my team members who spent weeks potting plants, painting pots and taking care of the plant nursery that had overtaken my driveway and yard. They hauled plants from my home to the auction grounds, helped set up and display the plants and planters and then spent hours at the auction each day as plant tent volunteers: Louise Mattas, Sharon Shaver and Margaret Dwinchick. Ladies, you're the best!

TRAINS ON DISPLAY

Jake Nita's train collection will be on display for the month of August at the Back Mountain Memorial Library. Jake is the son of Rita and Leo Nita, of Shavertown. He is 7 years old and will enter second grade at Wycallis Elementary School. Jake's interest in trains started when he was very young and he has been collecting them for about five years. He says he sometimes receives trains as gifts and also purchases some himself to add to his collection. His favorites are the construction trains and the steam engine. An interesting fact about trains that Jake would like to share is that the number of wheels on the train determines how the train is named. For example: the number of the "Big Boy" is 4664, reflecting how the wheels are arranged on the train.

YOUR SPACE

Barbara Lodwick, of Country Club Road in Dallas, was getting breakfast ready at 7 a.m. on a recent Sunday morning when she heard strange sounds outside. When she went out onto the fourth floor balcony of the Masonic Village Apartments, she saw a hot air balloon in the process of making a very precise landing in between several sets of wires in the parking lot of the Irem Country Club amidst cars and early-bird golfers. Barbara doesn't know whether the landing was planned or not but says the pilot did a great job.
