Chief says break-ins in township are minimal

Addressing a resident's concern about recent burglaries in the area, Police Chief Howard Kocher said during Monday's board of supervisors meeting that only two break-ins occurred in the township in recent weeks.

"We really haven't had many burglaries," he said, adding that a vacant home and a hunting cabin were burglarized. "We've been pretty lucky."

In other business, the board announced the township was reimbursed \$74,371 from the Federal Emergency Management Agency for work done by the road department to repair damage caused by Tropical Storm Lee in September.

Reimbursement of \$60,000 for damage caused by Hurricane Irene in August should also be received soon, the board added.

The township also recently received reimbursement of \$54,646 from Encana Oil and Gas for damage to the roads caused by its trucks.

The board passed a revised ordinance regarding a waste water pre-treatment agreement with the Wyoming Valley Sanitary Authority. The new ordinance addresses the latest EPA requirements and is in accordance with the Federal Clean Water Act and the Pennsylvania Clean Streams Law.
