The Dallas Jr. Mounts D team capped off its 2012 regular season schedule by defeating the Duryea Wildcats, 26-16.

The offensive running attack was tough with runningbacks Gavin Adamski, Ryan Cuba, Jace Chopyak and Mark Karcutskie sharing ball-carrying duties. Gavin Adamski had two rushing touchdowns on the day and Jace Chopyak added one rushing touchdown for the offense.

The offensive line, consisting of Nate Malarkey, Brady Rosencrans, Andrew Bednar, Nick Farrell, Dylan Geskey, Cody Konnick and Mason Calvey, opened holes and blocked hard for the running backs.

The defensive line, led by Joey Peters, Colby Klinetob, Keith Hughes, Luke Hajkowski Myles Tirpak, Caleb Palmer and Noah Moran, was repeatedly in the Duryea backfield, keeping the Wildcats to 16 points.

Myles Tirpak added a 50-yard defensive rushing touchdown to the scorebook after breaking through the line and causing a turnover in the Wildcat backfield.

Defensive backs and linebackers Lucas Tirpak, Gavin Adamski, Mark Karcutskie and Ryan Cuba kept the rest of the Wildcats' offense contained, helping the Jr. Mounts finish the regular season with a 7-2 record. The victory allows the Jr. Mounts D team to advance to the WVVYFCC playoffs.

ruled the issue could not be placed on the November ballot.

The facts about the grant are listed in the timeline published with this story.

Grant money has already been spent to pay for the assessment and planning of the recreation center renovation. Further

money would be spent out of the limited funds to pay for the assessment of the current station. And, with initial bids all coming in over budget, the improved station for Harvey's Lake Borough is becoming a more expensive project with less and less funding.

Wyoming Seminary current and former students named AP Scholars

Forty-eight current students and recent graduates of Wyoming Seminary have been named AP Scholars by the College Board in recognition of their exceptional achievement on the college-level AP (Advanced Placement) Examinations. About 18 percent of the more than 1.8 million students who took AP Examinations in May 2012 performed at a sufficiently high level to merit such recognition.

Students take AP examinations in May after completing challenging college-level courses at their high schools. The College Board recognizes several levels of achievement based on the number of year-long courses and exams (or their equivalent semester-long courses and exams).

Fifteen Seminary students qualified for the AP Scholar With Distinction award by earning an

average grade of at least 3.5 on all AP Exams taken, and grades of 3 or higher on five or more of these exams. Back Mountain students who graduated in May 2012 are Joseph Kapolka, Dallas; Logan May, Dallas; and Emma Spath, Shavertown.

Seventeen students qualified for the AP Scholar With Honor award by earning an average grade of at least 3.25 on AP exams taken and grades of 3 or higher on four or more of those exams. Back Mountain students who graduated in May 2012 are Harry Parkhurst, Trucksville; and Brandon Rome, Shavertown.

Sixteen students qualified for the AP Scholar award by completing three or more AP Examinations with grades of 3 or higher. The Back Mountain student who graduated in May 2012 is Ashlyn Reiser, Shavertown. Se-

niors named to the list include Emma Bertram, Dallas; and Tyler Martin, Shavertown.

Most of the nation's colleges and universities award credit, advanced placement or both based on successful performance on the AP Exam. More than 1,400 institutions award a year of credit (sophomore standing) to students presenting a sufficient number of qualifying grades. There are 35 AP Examinations offered in a wide variety of subject areas, each consisting of multiple-choice and essay or problem-solving questions except for the Studio Art exam which evaluates students' original artwork.

At the end of regulation, the score was knotted at 6-6.

Duryea won the coin toss for overtime and took the ball first. The Dallas defense imposed its will on the Wildcats, giving them nothing.

"I love to smoke things," he said, "and grill all year round."

Although he prefers comfort foods at home, Hudak enjoys preparing fine dining foods in his professional kitchen, admitting it allows him more creativity in the dishes.

He said cooking is taking someone's idea of what they hope to eat and creating it for them. "You are only as good as the last meal you prepared," he said. "Whether that was a hamburger and fries for a child or a veal dish for an executive, you are always judged on every plate you put out."
