'Francine' the firetruck visits Dallas Elementary

The Dallas Elementary School Students K-5 were treated to a fire prevention program.

Maureen Oremus, fire prevention coordinator for the Franklin Twp. Volunteer Fire Company, brought a "special friend" to the Elementary School. "Francine" the firetruck, a robotic and remote-controlled fire engine, was the special guest for three programs at the elementary school recently.

The robot sang and danced alongside presenters to the delight of faculty and students. Francine gave pertinent information like "Stop, Drop and Roll" as well as "Stay Low and Go" while reminding students that playing with matches or fire is not a joke.
