## Grow a row project aids food pantries

The Grow-A-Row project is located on a section of The Lands at Hillside Farms and has been in existence for three years.

Last year the garden produced 1,000 pounds of fresh produce that went to the clients of the Back Mountain Food Pantry and the Noxen Food Pantry. This year the hope is to provide 1,500 pounds of fresh produce to those same clients.

To be successful, the garden needs your help in many ways:

For those who are able, physical help is needed to plant, water, harvest, etc.

Donations of equipment and supplies are accepted (a wish list can be found on the website).

Monetary donations are accepted for the purchase of needed items.

For more information, contact Bob McGuire at 216-8326.
