Sales – Terrific Opportunity!

Leading electrical-mechanical sales & service company in the tri-state area!

LONGO, founded over 70 years ago, is the largest independent electrical-mechanical sales & service company in the tri-state area. We sell and service a complete line of motors, pumps, fans, air compressors and drives to ensure smooth effective power usage...from Line to Load.

While we are the leading electrical-mechanical sales and service company in the tri-state area, we service customers from Massachusetts to Puerto Rico and across the county to the West Coast.

- We are seeking a hands-on individual with a desire to dominate the northeastern Pennsylvania (down to Bucks County Line) industrial, municipal and building management markets.
- Must have experience with electric motors, pumps, gears, controls and energy retrofit projects is preferred as is an Engineering degree.

However, if you are someone with a passion for sales, a proven track record for developing & creating business, and has a desire to learn our industry...

We want to hear from you!

Territory has short term potential to produce 90k+ income.

Please forward resume with salary history, in confidence, to:

In honor of Jasper, the new grandson of Mr. and Mrs. Robert Cinalli, "Z is for Moose" by Kelly Bingham, presented by Dr. and Mrs. John Kolchin

AMY LONGSDORF
For The Times Leader

Years ago when I interviewed Sean Connery for his then-current movie "The Rock," I asked him about his memories of shooting "The Molly Maguires" in Jim Thorpe and Eckley Miners Village, among other Northeastern Pennsylvania locations. "Pennsylvania," he said brightly. "That was an interesting time. Richard Harris and I went through all the places we could. There's a lot of Mafia there in Scranton, as I recall. Scranton's near Pittsburgh, isn't it?"

OK, so his memory was a little hazy, but his demeanor said everything you needed to know about his perspective on NEPA. He clearly had a good time shooting the gritty drama, which is back in print and newly remastered on DVD courtesy of the folks at Warner Archive.

A box-office flop back in its day, the Martin Ritt-directed movie takes a look at the mem-

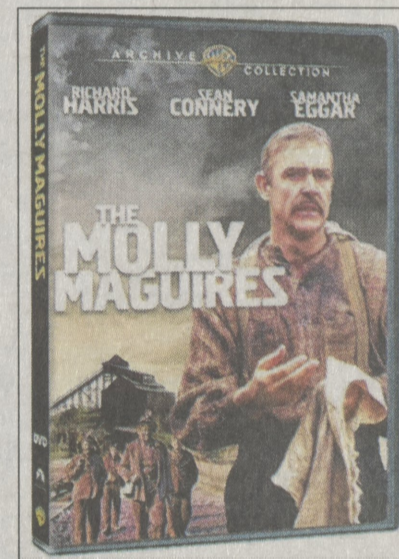

bers (Connery, Anthony Zerbe) of a secret society of 19th-century Pennsylvania coal miners who battled their exploitation by any means necessary.

Richard Harris stars as a "Peeler," or a detective who goes undercover to expose the Mollies only to discover he has more in common with the hardscrabble workers than with the corrupt lawmen who hired him. According to "Picking Up the Tab," Carlton Jackson's biography of Ritt, the filmmaker decided early on to shoot the movie largely in the tiny town of Eckley (population 150). The crew removed all of the telephone wires and covered the streets with dirt, which almost instantly aged the place about 100 years.

Authenticity seeps into every frame of the intelligent, provocative drama. There are mentions of Tamaqua and Shenandoah as well as an extended sequence shot at the Jim Thorpe Courthouse. "The Molly Maguires" captures the look of Northeastern Pennsylvania so

accurately, in fact, you'll feel as if you need to brush off the coal dust when you're done watching.

Amy Longsdorf writes about DVD and Blu-Ray releases with local connections.

TAKES PART IN COOK-OFF
Matt Jeschke, of Dallas, took part in a student cook-off competition at the Luzerne County Community College Joseph A. Paglianite Culinary Institute.

The first-ever competition gave students the opportunity to practice their culinary skills, network with other area students and visit the college's culinary facility.

PINNING CEREMONY
Amy Nichole Austin, of Sweet Valley, and Lisa Marie Perugino, of Dallas, participated in a Misericordia University pinning ceremony in Lemmond Theater at Fish Hall that recognized students who completed the Part-Time Accelerated Evening Bachelor of Science Degree Nursing Program.

During the ceremony, undergraduate nursing students received the Misericordia University Nursing Pin, a symbol of achievement in the nursing profession.

ANSON NAMED TO BOARD
Denis Anson, M.S., O.T.R., of Noxen, the director of research and development at the Misericordia University Assistive Technology Research Institute (ATRI), has been elected to the board of directors for the Rehabilitation Engineering & Assistive Technology Society of North America (RESNA).

RESNA is the premier professional organization dedicated to promoting the health and well-being of people with disabilities by increasing access to technology solutions. An international membership organization, RESNA advances the field by offering certification, continuing education, professional development, promoting research, developing technology standards and more.

RECEIVE WHITE COATS
Jennifer Corcoran, of Shavertown, and Sarah Harvey, of Benton, were members of the first class of students in the Master
