Swift & Company Publicity

At a recent hearing of the Federal Trade Commission there was introduced correspondence taken from the private files of Swift & Company, which showed that the Company had been considering for some time an educational advertising campaign.

The need for this publicity has been apparent to us for several years. The gross misrepresentation to which we have recently been subjected has convinced us that we should no longer delay in putting before the public the basic facts of our business, relying on the fair-mindedness of the American people.

The feeling against the American packer is based largely on the belief that the income and well-being of the producer and consumer are adversely affected by the packers' operations, resulting in unreasonably large profits.

Swift & Company's net profit is reasonable, and represents an insignificant factor in the cost of living.

For the fiscal year 1917 the total sales and net profit of Swift & Company were as follows:

Sales	\$875,000,000.
Profits	\$34,650,000.

This is equivalent to a \$3,465. profit on a business of \$87,500.

If Swift & Company had made no profit at all, the cattle raiser would have received only one-eighth of a cent per pound more for his cattle, or the consumer would have saved only one-quarter of a cent per pound on dressed beef.

Farm Bureau Meeting
The Annual Meeting of the Lancaster County Farm Bureau will be held at the Chamber of Commerce Rooms, Lancaster on Monday, March 18th at 1:00 p. m. Reports of Officers and Committees will be made on the work done last year. Sug-

gestions will be entertained for the 1918 program. The speakers for the afternoon will be F. P. Weaver of State College and Herbert W. Collingwood, Editor of the Rural New Yorker. This is the chief meeting held by the Bureau during the year. Every farmer is cordially invited to attend, to

help elect officers and committees and to make suggestions for work during 1918.

Mule Ate Electric Light
Camels are said to be fond of nails, and one of our progressive farmers, residing south of Lititz, who recently had an electric light plant installed on his farm, states that he has a mule which is fond of light bulbs, says the Lititz Record. A few days ago the mule was in the stable and there was a light burning over his head. Sudden- ly he decided to eat it and swal- lowed glass and all, escaping without a shock.

Farmers throughout the State are taking a new interest in sheep raising and there has been a general increase in herds.

GIRL CARRYING CHILD FALLS DOWN STAIRWAY

Miss Edna Dietz, daughter of John G. Dietz, of West Hempfield town- ship, had a narrow escape from serious injury Thursday afternoon at the home of John A. Gipe, at Colum- bia, where she was visiting. Miss Dietz was preparing to go home, and had gone to the second floor, fol- lowed by Helen Gipe, two-year-old daughter of Mr. and Mrs. Gipe. When Miss Dietz was about to return to the first floor she picked up the child in her arms. As she was descending the stairway she tripped and fell to the bottom and incurred a sprained right ankle and a number of severe contusions. The child fell from the arms of Miss Dietz and rolled to the bottom of the stairway, but escaped injury.

Entertained Them Royally
