Others are doing it, so can you, don't let chicks die with white diarrhea, gaps, going light, weak legs, stunted and not developing, give them Brubaker's Old Original Poultry Powder in wheat, bran or drinking water. Feed it sparingly at first, when they are a few days old, then watch them grow. Feed all the dry bran they can eat, all the fresh water they want to drink and a good Chick Food several times a day, then you will raise almost every one hatched. If you want neat and healthy stock use Brubaker's Old Original Horse and Cattle Powders, do not expect a substitute that is claimed just as good. Guarantee on every pack. Ask your dealer for it.
