Mr. Ragless "The kidney secretions were irregular in passage, getting me up at night and the passages burned cruelly. I lost my appetite, was weak and listless and went down twenty-five pounds in weight. When I had almost given up hope, Doan's Kidney Pills cured me. Win the War by Preparing the Land Sowing the Seed and Producing Bigger Crops

Work in Joint Effort the Soil of the United States and Canada CO-OPERATIVE FARMING IN MAN POWER NECESSARY TO WIN THE BATTLE FOR LIBERTY

The Food Controllers of the United States and Canada are asking for greater food production. Scarcely 100,000,000 bushels of wheat are available to be sent to the allies overseas before the crop harvest. Upon the efforts of the United States and Canada rests the burden of supply.

Every Available Tillable Acre Must Contribute; Every Available Farmer and Farm Hand Must Assist

Western Canada has an enormous acreage to be seeded, but man power is short, and an appeal to the United States allies is for more men for seeding operation.

Canada's Wheat Production Last Year was 225,000,000 Bushels; the Demand From Canada Alone for 1918 is 400,000,000 Bushels

To secure this she must have assistance. She has the land but needs the men. The Government of the United States wants every man who can effectively help, to do farm work this year. It wants the land in the United States developed first of course; but it also wants to help Canada. Whenever we find a man we can spare to Canada's fields after ours are supplied, we want to direct him there.

Apply to our Employment Service, and we will tell you where you can best serve the combined interests.

Western Canada's help will be required not later than May 5th. Wages to competent help, \$50.00 a month and up, board and lodging.

Those who respond to this appeal will get a warm welcome, good wages, good board and find comfortable homes. They will get a rate of one cent a mile from Canadian boundary points to destination and return-

Two questions of Christ provoked this confession:

They all recognized him stronger, more emphatic, more all-em- to be a teacher or prophet with more bracing, and yet not profane, which than human authority and power. Toconveys the thought that we must do day, as then, there is a diversity of opinion among people as to Jesus Christ. Some think that he was only a man, others that he was a great teacher, but nothing more. Jesus was not content with this acknowledgment. Had he been satisfied with this, he would not have been molested in Jerusalem, for the Jews willingly acknowledged him as much more than a human teacher.

2. "Whom say ye that I am?" (vv. 29, 30). II. Jesus Teaching Concerning the

Cross (vv. 31-33).

Christ charged the disciples not to make public his Mèssiahship, as that would precipitate the crisis. The disciples needed much instruction yet to prepare them for the crucial hour of 1. What he taught (v. 31).

(1) "The Son of Man must suffer

many things." He suffered physical weariness and No man ever has as much sense as hunger, ridicule and contempt, and the woman he is engaged to thinks he | even misunderstanding and lack of appreciation on the part of his friends

(2) "Be rejected of the elders, chief

priests and scribes. These were the nation's official representatives, the very ones who should have known and received Christ and recommended his reception on the part of the nation. Truly, he came to his own, and his own received him not-John 1:11. To be rejected by one's own friends and relatives is doubly

painful. (3) "Be killed." This announcement was startling to the disciples. They had not yet come to realize that redemption was to be accomplished through the passion and the cross. Jesus now states with definiteness and certainty that he must die on the cross. This necessity was due primarily to the fact that it was the divine purpose to make the death of Christ the heart and core of the atenement; and also, to human hatred and opposition.

(4) "Rise again." Though this was utterly incomprehensible to the disciples, he shows them that this would be the glorious issue of his death.

III. The Cost of Discipleship (v. 34). The law of the Christian life is suffering. To follow Christ means to turn one's back upon the world. To repudiate the world means to incur the hatred of the world. To be Christians, therefore, means to share Christ's sufferings.

1. There must be denial of self (.34). This means the sufferings and shame which lie in the path of loyalty to God. To live the godly life means suffering (2 Tim. 3:12).

3. Christ must be followed (v. 34).
This means to have the mind of Christ (Phil. 2:5) and to perform the

IV. The Issue of Discipleship (vv.

The blessed issue of following Christ is a life of freedom here and now, and eternal life hereafter. Such sacrifice enriches the life that now is, and prepares for the enjoyment of the life which is to come. To barter the future life for present enjoyment is most foolish, for the choices of life are fraught with eternal issues. Those who refuse to follow in Christ's footsteps shall be separated from him at his glorious appearing (v. 38; compare 2 Thess. 1:7-10). Are you prepared when the call shall come?
