### SUFFERED FROM STOMACH TROUBLES

FELT FINE AFTER TAKING TONALL

"It is just three weeks since I began to take Tonall, and I do feel fine in every respect," says Harry Steiglar, of 642 East Walnut street, Lancaster, Pa. "I would feel so uncomfortable after eating. At times I would feel like falling over."  
 For days at a time my bowels would not move and I took various medicines which just physiced me and left me in a weakened condition. My food did not digest as it should and I could not rest at nights. I was fast becoming a nervous wreck.  
 Since I started taking Tonall I eat a regular meal, my bowels are regular and the dizzy spells and nervousness are fast disappearing. I feel stronger and am gaining in weight. Tonall has done more for me than any medicine I ever took, and I certainly recommend it to those who suffer as I did.  
 The above testimony was given on the 11th of December, 1917.  
 Tonall is sold by E. W. Garber, Mount Joy, Pa.

### LETTERS FROM OUR SOLDIER BOYS

(Continued from page 1)

The roar of the heavy guns. They are carrying on high this evening while I am writing this letter and the people around here are resting on pins and needles, fearing an air raid any moment. All I hear is roaring of guns from morning until night but I don't mind that. I showed the letter I received from you to my side-pardner "Hall" Geib from Mt. Joy, and we both had a good laugh about some of its contents. I received the box on March 7 that you sent me on Jan. 24. This may be the last letter I will write until I come back from my first trip to the trenches, so if you do not hear from me you will know that I am on the job.  
 Yours,  
 Private Carl J. Dyer,  
 Co. B, 149 M. G. Batt.

### LOCAL COMMITTEES FOR THE CONSERVATION OF FOOD

In order to secure better co-operation in the various communities of the county along Food Conservation lines, the following committees have been named by Food Administrator, Marvin E. Bushong as follows:  
 Elizabethtown  
 W. A. Withers, Chairman; H. H. Nissley, Elizabethtown, Pa.; M. B. Keller, Elizabethtown, Pa.; F. W. Groff, Elizabethtown, Pa.; Andrew Ricker, Elizabethtown, Pa.; Mrs. Mary Kuhn, Elizabethtown, Pa.  
 East Donegal Township  
 M. R. Hoffman, Chairman, Maytown, Pa.; Irvin Shields, Marietta, Pa.; John H. Shank, Maytown, Pa.; Dr. G. A. Harter, Maytown, Pa.; H. Roy Nissley, Florin, Pa.  
 Mount Joy Borough  
 Fred Fenstermacher, Chairman, Mount Joy, Pa.; H. M. Stauffer, Mt. Joy, Pa.; Fred A. Farmer, Mt. Joy, Pa.; Scott Detwiler, Mt. Joy, Pa.; Joseph R. Charles, Mt. Joy, Pa.; Mrs. A. K. Manning, Mt. Joy, Pa.

### ELIZABETHTOWN READY FOR CARRIER SERVICE

The borough of Elizabethtown will soon be ready for mail service by carriers. Preparations for the establishment of delivery service on the first of May are moving at a satisfactory pace. The street signs have been put up, the houses numbered and the mail boxes are being placed at a lively rate and the citizens are having the mail receptacles put at the proper places.  
 The local hardware dealers are prepared to furnish both the boxes and the plates for slots in doors. There will be two carriers and two deliveries a day over the entire borough. On the first trip the carriers will leave the postoffice at 8 o'clock in the morning; on the second trip at 2:30 o'clock in the afternoon. A number of collection boxes will be erected at different points in the borough.

### A Calf Which is a Curiosity

A monstrosity in the form of a calf was born last week on the farm of William Behmer, between Landisville and Lancaster Junction. The calf is a pure Holstein and is minus a tail. It is a very interesting sight and in appearance resembles very much a deer. Farmers from all over the countryside have visited Mr. Behmer's farm to see this curiosity. With the exception of the tail the calf is a perfect specimen and bids fair to develop into a good beef.

### Both True Patriots

Mrs. J. H. Cramer received word of the safe arrival of her brother, Mr. Harmon Vogel, some where in France, who is Supply Sergeant in the Seventh U. S. Infantry. She also received word of the safe arrival of her brother, Mr. Edward Vogel, who is on the U. S. Steamer. Mr. Vogel has just returned from making his third trip "Over There" since the war started.

### Ginder-Murray

Rev. M. J. Steffy, pastor of Sacred Heart church, on April 17, united in marriage Miss Sarah Murray, a daughter of Mr. and Mrs. Michael Murray, of Cornwall, and Herbert Ginder, of Manheim.

### Will Operate a Quarry

Strickler and Hinkle, brick manufacturers of Maytown, have added a new line to their work, and will operate the Hiestand quarry, near Marietta, and take out stone and lime. This was formerly operated by J. C. Dupler. The new firm will make all their deliveries by truck, and have booked many orders.

### Thanks, Willis

We are indebted to Willis J. Greenawalt, son of Mr. B. F. Greenawalt, of this place, for a panoramic view of Camp Dodge, at Des Moines, Iowa. This camp is eight miles in length, two miles wide and will accommodate 50,000 soldiers. It has nine large Y. M. C. A. buildings, 900 barracks, etc. Mr. Greenawalt is stationed at this camp.

### Pupils Get Good Excuses

State school authorities have begun to grant excuses to pupils in advanced grades in rural schools to enable them to work on farms, this action being in accord with the resolution of the State Board of Education.

### Cut His Fingers

Mr. Harry Charles while cutting slate at his home with the slate cutting machine, cut his finger. Dr. A. F. Snyder attended his injuries.

### LETTERS FROM OUR SOLDIER BOYS

(Continued from page 1)

This place is very much different from any Fort that I have been up to the present time, as there are all hospitals here. Last Saturday evening twenty-nine boys came to the hospitals here, who were in France and believe me some of them are pretty badly done up.  
 Last Sunday afternoon I had a long talk with one of them and he told how he was hurt. He said he had only gotten out of a trench for something when he was shot. He later on gave me a little history of the manner in which they lived. He said the climate across is similar to what we have here only they have a great deal of rain. While in the trenches they were under steady fire for quite a long time at a stretch, but when they had a chance to get away, were allowed to go to a small town, not very far from the trenches.  
 He also said that the American people would be very much surprised to see the number of German prisoners that they have in France and as to the number he couldn't begin to tell. The majority of the German men who are now fighting are about 50 years old or over and the remainder are only boys about 14 years old.  
 This man who told this to me is true blue for the U. S. and said if he could he would go over again and fight for his country.  
 I only wish that you could be here to hear some of them speak about "Over There" as it is very interesting and makes a fellow wish that he could be there himself.  
 This Fort will be built up to about three times as large as it is now, before very long, as this will be a receiving Fort for the wounded soldiers that come back from the firing lines who are disabled.  
 I must also tell you about the people of Atlanta, how kind they are to the boys here. Almost every person in Atlanta owns a car, they come out here one afternoon every week and take the boys out for a ride and show them very nice times. I could not begin to tell you how many cars pass the hospital that I do my little bit in daily. The people here realize that a man in uniform is civilized and makes a fellow wish that a soldier boy was not considered a human being.  
 There are thirteen hundred Germans here in this Fort in the German prison camp and believe me they are pretty strong looking fellows, as I know, seeing them every day. For a long time they did not do any work at all, but the other day things changed and they were taken out in public roads to work.  
 Well will close for this time.  
 Yours,  
 John A. McGinnis,  
 U. S. Army G. Hos. No. 6  
 Fort McPherson, Ga.

### Waco, Texas, April 13, 1918.

My dear Mother,  
 Now while I have a little time and nothing to do until 5:40, I am now answering your letter which I received this afternoon just before dinner. I was out practicing on the Bugle before dinner and when I arrived back at Camp I saw that there was a letter from you.  
 I have been Bugler for the last three or four weeks and all I have to do is get up at 6:45 every morning and blow the reveille, which is to find out if everybody is present. It is about a half minute's work, then I eat breakfast and after breakfast usually go back and lie down until 11 o'clock when I blow again. This time it is Adjutant General Call and the General comes out and reviews the 260 guards who go on duty at 12 o'clock every day. The duties of these guards are to guard the camp from people coming into it, guard the buildings where the aeroplanes are kept, warehouses and other buildings in Camp and also to see that no person has a camera in camp as this is not allowed. After Adjutant General Call, I go back to dinner and at 2:30 A. M. I attend school, for Bugle practice which lasts one-half hour. From this time until 5:40 I have nothing to do. At 5:40 I blow Retreat. This also takes about one-half a minute. So altogether I work or rather blow at 35 minutes every day, so you see how much I do. Every Saturday and Sunday dinner I "m off" until midnight.  
 This afternoon being Saturday you will wonder why I am not in town when I have off. Well, I left the other bugler go and I stayed at camp. You see he and I take turns at leaving camp. When I go, he bugles for me and vice versa.  
 I must keep clean, always have to be shaved and shoes shined when I call Adjutant General as he inspects us as well as the guards. This is called a guard mount. The band must be there at every guard mount and 54 buglers, two from each squadron. We all have had our schooling for the front, the rest of our training we will get in England or Egypt. So we have nothing to do here but wait until we get orders to move. I am going to be satisfied

### Large Cattle Shipments

H. B. Gingrich & Bro., the Lawn cattle dealers and buyers, during the past two weeks, have handled and shipped to Philadelphia markets, 42 carloads of live cattle, valued in the neighborhood of \$160,000. This is a record shipment for such a period and is taken to indicate a very active condition of the beef market. The cattle were all in the prime of condition and were gathered from points in Lebanon, Berks, Dauphin, Schuylkill and Cumberland counties. They were shipped to the Consolidated Dressed Beef Co., Philadelphia.

### Landisville to have a Chautauqua

The people of Landisville and vicinity will have the pleasure of attending a community chautauqua which will be held on the Landisville Camp Grounds on June 14 to 18th, inclusive. Each of the five days to be devoted to a special theme, such as lectures, patriotic service, music, etc. Among them are the famous Klites Band of Canada, The Weber Male Quartet, Cavany, The Cartoonist, The Hawaiian Singers and Players and Dr. Joseph Clare, the renowned pastor of Petrograde.

### Applied for a New Trial

A rule was granted to show cause why a new trial should not be granted to John Evans, the Intercourse hotel keeper, who was convicted of receiving goods stolen by Alfred and Chester Green. His bail was increased from \$300 to \$500.

### It Is Almost Garden Time

A few days ago there was a touch of Spring in the air—how about the garden? This year, more than ever, it must be a war garden. The crops from the big farms must go to feed the boys "over there"—the home garden, your home garden, must do its bit in a big way. It must be planted efficiently, economically and expertly. It must be planted with a certainty as to results.  
 Pakro Seedtape will help you to have a better, a more efficient garden. It is the scientific way of planting. The seeds are evenly and accurately spaced in a thin paper tape. And a whole row is planted at a time resulting in straight rows of evenly spaced plants. Thinning out is practically eliminated.  
 Pakro loose seeds are the same Quality Seeds that are in the tape. These seeds are thoroughly tested and selected from the very best stock. A Pakro Garden, either Pakro Seedtape or Pakro Loose Seeds, is a successful garden. Your dealer has over 118 varieties of Pakro Seedtape and Seeds. Order your seeds to-day.
