 227-229—John Hertzler lots.  
 231-233—Samuel Funk.  
 202-204—Clayton Keller.  
 206-208—Peter Krall.  
 210-214—John G. Snyder.  
 216-222—Mrs. David Miller.  
 224-226—Jacob Snyder.  
 228-230—Benj. F. Brubaker.  
 301-315—Harry Hoffman lots.  
 343-349—Samuel M. Henry.  
 351-363—Eli Hosterter.  
 365-367—Hiram Walters.  
 369-381—Mrs. Henry Hoffman.  
 302-306—Christian Geib.  
 308-310—Andrew Felker.  
 312-314—Peter Brubaker.  
 324-340—Clinton H. Eby.  
 342-383—W. B. Detwiler lots.

- South Barbara Street  
 1-13—F. J. Rieker Lot and Stable.  
 16-30—Penna. Railroad Company.  
 2-14—H. S. Newcomer.  
 16-30—Penna. Railroad Company.  
 101-113—John Eberle.  
 115—Harry Hinkle.  
 117—Jacob Givens.  
 119—Mrs. Good.  
 121—Melvin Grove.  
 123—Allen Bates.  
 125—Arthur Hendrix.  
 127—Elmer Brown.  
 129—Eli G. Shend.  
 102-114—Walter Eshleman.  
 116—Albert Mumma.  
 118—Geo. Haines.  
 120-122—Charles Webb.  
 124-126—Monroe Lindemuth.  
 128—Stephen Lindemuth.  
 201-227—Clayton Hoffman lots.  
 202—Eli Smeltzer.  
 204—Wm. Hendrix.  
 206—Wm. Dillinger.  
 208—Mrs. John Runk.  
 210—Earl Snyder.  
 212—Mrs. Henny.  
 214—Earl Derr.  
 216—Charles Derr.  
 218—Henry Hoffman.  
 220—Elmer Brown.  
 222-226—Edison Electric Co. Rotary.

- Delta Street  
 1-13—H. C. Schock.  
 15—Donegal Gas Company.  
 2-16—Clint Longenecker.  
 101-113—Carter N. Abel.  
 115-119—H. W. Eshleman lots.  
 121-123—H. W. Eshleman.

 101-103—Mrs. Martha Shenk.  
 105-115—Amos Root, lots.  
 2-14—Mrs. Joseph Charles.  
 16-18—Elwood Roberts.  
 20-22—Simon F. Snyder.  
 24-26—Henry Sumpter.  
 28-30—M. A. Rollman.  
 102-106—Mrs. Annie Buohl.  
 108-112—Albert Hollinger.  
 114-116—E. H. Zercher lots.

## NOTHING AS GOOD AS TONALL

"If a person is troubled with a bad stomach or upset nerves, there is nothing so good as Tonall," says Mrs. Lida A. Gourlay, of 547 North Prince St., Lancaster, Pa., "and I know what I am talking about, for I am speaking from experience. My stomach was in a miserable condition. I was nervous inwardly and had frequent dizzy spells. I had no appetite and could not get a good night's rest."

"I read quite a bit about Tonall and I told my husband I was going to give it a trial. He just laughed at me and now he is talking Tonall after seeing the good results I have obtained from its use. I have not felt as contented in every way as I do now. My appetite is good, I sleep soundly and feel better than I have for years."

Tonall is sold by E. W. Garber, druggist, Mount Joy, Pa.  
For a Sprained Ankle As soon as possible after the injury is received get a bottle of Chamberlain's Liniment and follow the plain printer directions which accompany the bottle.

## Farmers Column

Items in These Columns Are Prepared in the Department of Agriculture at Washington, D. C. and are Reliable and Trustworthy

### A MAN-SIZED WAR JOB FOR BOYS

Boys who want to help their nation win the war will devote their next school vacation to victory work on a farm, helping a farmer feed the fighters. Get in touch today with the U. S. Boys' Working Reserve, or your County Agent, or your State Agricultural College.

### CAPITAL IN DAIRY FARMING

Very few people realize the amount of money invested in the dairy farms of the country. The Department of Agriculture reports that on January 1, 1918, there were 23,384,000 milk cows on farms in the United States, and these cows were valued at \$1,643,639,000. Add to this figure the value of lands, buildings and machinery used in dairy farming, and the aggregate is enormous.

The investment in individual dairy farms varies considerably, being influenced by land values, the number and kind of buildings, and the quality of the cattle kept. A modern dairy of 50 cows, capable of producing a daily average of 500 quarts of milk, would require an investment in equipment of approximately \$13,300. This would be divided as follows:

50 cows at \$100.....	\$5,000
2 pure-bred bulls.....	1,000
Barn for cattle and feed.....	5,000
2 concrete silos, capacity 125 tons each.....	550
Dairy house & equipment.....	800
Ice house, cap. 150 tons.....	500
Barn equipment.....	450
Total.....	\$13,300

Added to this would be the value of horses and horse barn, dwelling house, harnesses, farm machinery, etc.

The value of the land itself is the biggest single item. It has not been included in this estimate because of its variability. If land worth \$50 an acre is used, the land investment would be close to \$15,000. If \$200 an acre is used its cost would approximate \$30,000.

### HELP SAVE THE GAME BIRDS

The last day of the open season for hunting migratory game birds under the Federal regulations was January 31 and it is now unlawful to capture or kill migratory game birds anywhere in the United States. The Department of Agriculture makes this announcement in response to numerous requests for information concerning the Federal protective law. State game commissioners and sportsmen in nearly every state report that more wild fowl were killed during open season just passed than in any season for many years. The increase in the number of birds is attributed to the abolition of spring shooting under the operation of the Federal regulations. The law already has been very beneficial to sportsmen and as a food protective measure, and under the continuance of existing protection there is every reason to hope for an ever-increasing supply of wild fowl conditions in the years to come.

The Department appeals to the patriotism and true sportsmanship of all persons to co-operate with it in the enforcement of the Federal law. It is gratifying to know says a recent statement from the Department, that the majority of sportsmen have observed the regulations, and this fact has contributed largely to the successful result accomplished. The Department has planned to increase its force of wardens who will be active during the spring migration in securing evidence upon which to base prosecutions against those who may violate the law.

### REDUCE FLY INJURY TO STOCK

Here are some of the preventive measures advocated by the United States Department of Agriculture to decrease the losses of animals due to the larvae of flies; Burning or deep burying of carcasses of animals, the arranging of breeding operations so that young stock will be born in late fall, winter or early spring, the carrying on in winter and early spring months of branding, dehorning and other operations resulting in wounds taking precautions to prevent injury to live stock from pens and fences or while on range or in pasture, the destruction of ticks and the poisoning and trapping of flies. Farmers' Bulletin 857 describes the damage these flies do and methods of controlling them. Burning or burying carcasses is very important, it is pointed out, since it is on this material that maggots, infesting wounds, are chiefly dependent for propagation. If all decaying animal matter could be destroyed, the troublesome blow flies—the insect bringing about maggot infestation—would be practically exterminated.

### EXERCISE PREVENTS PIG THUMPS

When the pigs are from four or five to ten days old, be on the lookout for thumps. The best looking fat little pig is the one to go first every time. An almost certain indication is a little roll of fat around the neck. While there is no known cure for thumps, the trouble is quite easily prevented. Plenty of exercise for the pigs is the answer. In cold, storm weather, out of door exercise is impossible, but if a central farrowing house with an alley way is used, get the little fat fellows into the alley and put in about ten or fifteen minutes three or four times a day chasing them with a buggy whip, until they are pretty well tired out. If this is impossible, try putting one or two of the little pigs at a time in a large barrel or hoghead, placed by the farrowing pen. The pigs will hear the old sow making a fuss and in running around the barrel hunting for a corner to climb out, generally will take the exercise necessary to ward off thumps. A considerable part of the battle is won if the litter gets past the first ten days or so with a good start.

The Pennsylvania War Poultry Commission is waging an active campaign for 100,000 new poultry raisers and has had a splendid patriotic response.

## COMMENCEMENT HELD AT MAYTOWN

### TWENTY-THIRD ANNUAL EXERCISES WERE VERY WELL ATTENDED IN THE BAND HALL ON WEDNESDAY EVENING

The twenty-third annual commencement exercises of the Maytown High School, Wednesday filled Band Hall, Maytown, to overflowing. Every seat in the place was taken, and considering that the class this year was smaller than for many years, it made no difference with the attendance. The stage was very beautifully decorated with potted plants and flowers, and the color scheme of the class, brown and white, with the class flower, brown-eyed daisy, was worked out to perfection. Above the stage in the colors was the class motto, Non vespera, sed mane. On the platform were seated the graduates, the teachers, board of education, clergymen and the speaker of the evening.

The program opened at 8 o'clock with a processional march, after which Rev. Alfred Sutcliffe, of the Lutheran church, offered prayer; chorus, "Song of Spring"; High School; salutatory oration, "Washington or Frederick the Great," Paul Stover. After welcoming the audience, the salutatory went into detail of these great men, and told of their failures and successes in life. The oration was a very interesting one. Recitation, "Geneva," Ethel Engle; piano solo, Edith M. Childs; recitation, "The Menace of Pacifism," George Houseal; mixed chorus, "Berceuse," presentation of diplomas, Principal, John A. Campbell; piano solo, Miss Mary Heisey; address, Rev. George W. Richards, of Lancaster. Rev. Richards stated that he was very much pleased to be in Maytown, to have the honor of addressing these fine young men and women, and spoke on the topics of the day. His address, while lengthy, was very interesting and gave much advice to the graduates. Following his remarks, the High School recited "Come Where the Fields are Beaming" and Rev. William J. Lowe, of the Reformed church, pronounced the benediction.

Those in the graduating class were Paul Stover, president; Esther Hoffman, secretary; George Houseal, Ethel Childs, D. Kerr Endsow, Edith M. Childs, Monroe Garber. The board of directors were M. R. Hoffman, president; Abram Grove, Amos F. Eby, C. C. Keiser, John S. Simons.

The faculty consists of Prof. John A. Campbell, principal; Miss Anna M. Keady and Verna F. Peck, assistants.

The twenty-third commencement exercises were pronounced the most successful ever held, and was an honor on the faculty of the school for their hard work.

## ATTENTION, MOUNT JOYITES

### Everybody Asked to Observe Pledge Week for the Purchase of War Stamps

The governor of Pennsylvania has set aside the week from May 13 to May 18 as Pledge Week for the purchase of War Stamps. In that time every home in Mount Joy will be visited by an authorized committee to secure pledges. Mount Joy's quota is \$44,000 based on a population of 2,200 at \$22 per citizen. To date Mount Joy is the lowest in rank of all the boroughs of the county with a per capita purchase of \$2.37. Nevertheless Chairman Mylin has the greatest confidence that Mount Joy will pledge her quota during pledge week.

Why should you buy them? The main reason for the purchase of War Savings Stamps is because your Country is at war. Your Country needs every penny which every man, woman and child can save and lend, in order to feed, clothe, arm and equip the soldiers and sailors of America and to win this righteous war in defense of American honor and the cause of democracy throughout the world. If we are to win the war, we must win it as a United people. The savings of every man, woman and child are necessary if we are to hasten the victorious ending of the war.

War Savers are Life Savers. A single strand in the Cables of the great Brooklyn Suspension Bridge is not very strong, but thousands of these strands bound together uphold one of the great thoroughfares of the country.

When our fathers and sons and brothers were called by our country to take up arms in her defense. You did not hear an individual soldier refuse to serve because his service alone would not win the war. Each man was ready to do his part. The great army thus formed is going forward to face the fire of battle and to risk, everything for the safety and security of our homes and our families and for the very existence of our country.

Those are the men for whom you are asked to save and lend your dollars.

A country worth fighting for is a country worth saving for. To save money is to save life.

Buy War Savings Stamps at your postoffice, your banks, or the stores of the town and buy them in Mt. Joy, otherwise some other place gets the benefit of your purchase. Strike a blow for your country.

ARTHUR P. MYLIN,  
Chairman for Mount Joy

About Rheumatism Rheumatism causes more pain and suffering than any other disease, for the reason that it is the most common of all ailments, and it is certainly gratifying to sufferers to know that there is a remedy that will afford relief and make rest and sleep possible. It is called Chamberlain's Liniment.
