FORTY WERE KILLED

FRIGHTFUL RESULTS OF AN EXPLO-SION IN DETROIT. #

MILFORD, PIKE COUNTY, PA., FRIDAY, NOVEMBER 15, 1895.

The Disaster Was Cansad by a Roller Fr. ploding In The Journal Office - The Bullding Collapsed and the Ituins Caught Fire. Many Lives Lost.

DETROIT, Nov. 7 -- A gaping rent near ly 40 feet wide from top to bottom of a dve story business block, a score dead bodies recovered, a score of persons injurwith a certainty that many more dead bodies are beneath the ruins, such is the result of an explosion which startled the over which it toppled.

The fireman jumped as soon as the accident occurred escaping injury, but Engineer True stood at his post and was pinioned in his cab, the escaping steam terribly scalding his face and upper part of the body. He seems to be a few for the soule of the same instant the fire holds. The Journal building. Plate glass win-dows across the street and some of those cusaion, and saveral persons were cut by falling glass. At the same instant the five floors and roof of that section of the building collapsed and fell to the base; where he died soon after.

He was 45 years of age, and for 22 years of the horror was quickly succeeded by smoke from the first which started in the most of reach was rushed to

Partial List of the Dead. The dead inken from the rulus were

About 20 tenants and employees in the

building are still missing, and there can

be no doubt that most of these are lying dead under the debris. section was occupied by the John Davis company, dealers in druggist's specialties, and by The Journal mailing department. The second, third and fourth floors were Dunlap & Co., machinists, and Hillier bookbindery. The editorial rooms of The Journal are on the fourth floor, but situated beyond the fire wall, and the staff oscaped injury. The Journal stereotyping room on the fourth floor was directly in the path of the explosion and went down in the wreck. A few had miraculous es-

capes and came staggering from the ruins after the awful shock, scarce knowing themselves what had befallen them.

Engineer Thompson's carelessness is strongly condemned. The engineer of The Free Press states that he had previously warned Thompson against leaving his bollers without having any assistant to watch them. Some occupants of the building give similar testimony. Thompson in-sists that he saw both bothers ten minutes before the explosion, and that they con-tained plenty of water and 65 pounds'

The Engineer Arrested. DETROIT, Nov. 9.—The dead body of James B. Thomas, a machinist, was taken from the rules of The Journal building last evening. This is the thirty-seventh body recovered, and, according to the list of missing, was the last body left in the wreck. Thomas M. Thompson, engineer of the building, has been arrested and is at Grace hospital under custody.
