Free coinage at 16 to 1 is equivalent to clipping from 45 to 50 cents from the present dollar. It would give us a detoilowing: based dollar of varying value. The world has had experience with clipped coins. Poorly minted coins during Queen Elizabeth's time made it easy to to pretend to acquiosee in the experi-ment of trying to make the product of a day's labor in a silver mine worth two or five times as much as the product clip them. the Democratic National Convention.

Financial Planks Adopted at Chicago Declare For Unsound Money and a Debased Standard of Value.

The declaration of financial principles put forward by the Democratic national convention is a shrewd mixture of cheap

Its alleged state-ment of facts has frequently been shown to be untrue, but in spite of this they were deliberately indersed by a majority of the representatives of the Democratic party. Since the standard raised at Chicago will be used to rally all the forces of silverism, fiatism, cur-rency debasement and debt repudiation,

it becomes necessary to refute once more the statements on which the American Mr. Samuel Dickson of Philadelphia people are asked to support the Demolifelong Democrat and an influential cratic candidates.
