STUDENTS THREW EGGS AT DEMO-CRATIC LEADER'S ESCORT.

Reward Offered For Their Arrest-Mr. Bryan Addresses Large Andiences and Receives an Ovation-Vice President Stevenson Alse Speaks.

CHICAGO, Oct. 28.—While the Demo-eratic parade in honor of the arrival of Mr. Bryan in Chicago was passing the corner of Michigan avenue and Monroe street several eggs were thrown at it by young students in the Matropolitan Busiroung students in the Matropolitan Business college. None of the aggs came near Mr. Bryan or his wife, and neither of them knew of the episode until after the parade was over. All sorts of stories were current about the affair, one of them being that Mrs. Bryan was struck with an egg, another that herearriage was hit. Neither of these stories was true, however.

The first egg thrown at the parade came from a boy standing on the sidewalk in

The first egg shrown at the parade came from a boy standing on the sidewalk in front of the Fowers building, in which the Metropolitan Business college is situated. The egg was, to all appearances, thrown at the parade generally and at no particular individual, as it was not hurled with any violence. A policeman who witnessed the act made a rush for the youngste, who darted up the stairway into the building. A second officer joined the first, and as the two ran for the doorway several more eggs were thrown from the windows of the business sollege, which occupies the fifth business sollege, which cocupies the fifth floor of the building. The Cook County Marching club, which was escorting Mr. Bryan, received the hombardment, and esveral prince albert coats and glossy black ties were spattered with yellow. One or two eggs struck the sidewalk, and the crowd was decorated accordingly.

Arrests Demanded, Later a delegation from the Cook county Demogracy descended on the college with every symptom of hostility and demanded that the students who had done the throwing be turned over to it. They held that the students who had done the throwing be turned over to it. They held possession of the college for a time and finally left without learning who the miscreants were. The police had no better success, and Mr. Powers, the owner of the building, who is also the president of the college, said that he did not know who had thrown the eggs, although he admitted that they came from students in his institution. He was much distressed by the cocurrence and declared if he knew who had done the work he would have no healtancy in turning them over to the populican paper, while looking up the facts in the case, was severely benten by a party of men who had taken part in the parade.

Mr. Powers has effered a reward of \$500 for the apprehension of the person or persons who threw the eggs. Chief of Police Badenoch has put a dozen detectives on the case and says he will exhaust every effort to find the egg throwers.
