**MONTAGUE.**  
(Special Correspondence to the Press.)  
Montague, May 23.—These are busy times for farmers.  
Thos. Armstrong and wife of Docketown visited Montague last week.  
Miss Mary Jane Preston and niece Eva Preston of Unionville spent the past week visiting Montague friends.  
Samuel Smith has the finest piece of crimson clover in the town.  
It is reported that Prof. Geo. McCarty is the happy father of a young daughter.  
The Misses Grace and Allen Jewell of Brooklyn, N. Y., are visiting at Shady Glen.  
The funeral of Benton Bell last Friday afternoon was largely attended. Rev. Thos. Nichols, of Milford, officiating. Interment in family plot in Mistank cemetery.

The bicycle fad has struck us, and DuBois Pettibone can take more headers in five minutes than any other novice.  
That young chap who went to see his girl forgot himself, or rather forgot to tell the old folks where he was going. Next time bub tell your daddy so he won't start to hunt for you.  
The next meeting of the Board of Education of this town promises to be a lively one, it would be well for the people to attend and see what is done.  
When you live in a glass house don't throw stones, don't accuse another of short comings when you are guilty of worse ones yourself.  
Your syndicator scribbles about publish a directory, he mentions many names of late, and for the life of us we don't know where to locate them.  
We don't mind doing a little bit of newspaper lying, but when it comes to doing detective work please excuse us.  
There is music in the air, but so far I can't make out what kind of a tune is played, when able to discover what it is all about, the public shall know.  
No one is obliged to work for nothing and board himself, neither is a public officer obliged to work for the town and not receive any pay. The line can be drawn somewhere, but it should not be drawn too close, there may be trouble.

**LAYTON.**  
(Special Correspondence to the Press.)  
Layton, May 23.—An important point toward bringing about a better condition for the agriculturist after correcting the currency evils, and coming up taxation, is to improve upon our law making powers the absolute necessity of a reduction in salaries of all officials. Owing to the appreciating value of money, as compared with the necessities of life, all professional men should willingly submit to a reduction of fees also.  
Mr. D. H. Fowler, of Brooklyn, has already taken up his summer residence in his cottage by the lake. Miss Cole is a very popular young lady, and most thought teacher. She is evidently held in high esteem, as almost every school she teaches makes her a percent of more or less value.  
Twenty larvae had were caught at the Dupon fisheries last Saturday night, and a couple of bushels of pink eyes, or small fish. It begins to look as if this year's catch would not be as large as that of last year.

Corn planting will be completed this week. The bulk of the crop goes into the ground later than last year, but with the ground to fine condition.  
The house of Daniel Huntington be-

long Walpack Centre and Flatbrookville, took fire one day last week from a defective chimney, and was totally destroyed. Some of the inmates had a narrow escape from the burning building. No insurance on household goods, and but \$500 on the dwelling.  
Miss A. Estelle Hersh was the guest of Mr. Harvey Horstbeck and family of the Nonantum House over Sunday.  
Re-Judge Lewis J. Martin and a party of friends attended the Brick House show history on Friday night last. They came for a good time, and you may be sure they had it, and we hope carried back a few strings of our unexcelled Delaware shawls with them. We have been unable to learn as to the extent of the catch that particular night.  
Benj. B. Hersh is soon to renovate and remodel the interior of his dwelling. While the work is done mainly with an eye to added convenience, and comfort, some attention will be given to up-to-date finishing. John Thompson and sons, of Brooksville, will have the work in charge.  
What a conscience a person must have who trembles to take a paper or letter from the postoffice for fear it may contain some allusion to the skeleton in the family closet. The dread is like Banquo's Ghost, it evidently will not down. Better a clear conscience, and restitude, with a crust than a palace and wealth with disquiet sleep.

The schools at Layton, Berans and Flatbrookville close on Thursday, and wind up with a picnic in the beautiful grove of A. S. Stoll at Berans.  
There is quite a deal of wild talk over the streets of Sam Horstbeck for poaching in streams of the Flat Brook Club, and it is reported that some one is anxious to fill the crookedness of the stream with lead for what purpose we cannot learn, unless it is for ballast. Of course this talk is but idle wind. Most people, even if not very sharp otherwise, know pretty near what Jersey justice in such a case is likely to result in.  
Colonel Price, of Newark, has had his home formerly known as the "Burris Red House" freshly painted, and will move in with his family on June 1st. The improvements made by the Colonel since he has owned it, place it alongside the Fowler Cottage in the beauty of its surroundings.  
Wash Dupon is having electric annunciators put in his store, which he can set to alarm when any body comes in, or goes out. They are more particularly for use while he is at his meals, or otherwise engaged about other parts of his store. B. D. Hersh is doing the work.  
It is not very amusing to hear a man prate of his wealth, who only a few short months ago was trying to place his innocent, and tender little ones out to raise, on a charity basis. But as it is said to take all kind of men to make a world, perhaps his assortment would not be perfect if it did not contain at least one such specimen as this.

Mrs. Elizabeth Smith, we are pleased to note, is gaining strength, and with settled weather is hoped will regain her usual good health and spirits.  
Frank Gibbs, the station agent at Augusta, accompanied by his family spent a few hours with us on Sunday. Mr. Gibbs will move from Augusta next spring to his farm near Anover, and engage in fruit, and poultry raising.  
The overseers of roads expect to throw out small stones this week, and also clear roads of obstructions to a width of twenty feet, and a height of fifteen feet. This is a wise precaution.

**MATAMORAS.**  
(Special Correspondence to the Press.)  
Matamoras, Ralph French, one of our popular young men, is studying medicine with Dr. C. W. Banks in Port Jervis.  
The G. A. R. veterans of Matamoras will attend with the Port Jervis veterans in decorating the graves of the late soldiers in the St. Mary's and Laurel Grove cemeteries on Monday, May 31st.  
The deprecaters who tramp and steal flowers in the yards of our citizens should be severely dealt with. It is said that some Port Jervis youths were caught by one of our citizens who warned them not to let it occur again in a very forcible manner.  
Dog poisoners were at work last week, many valuable and highly prized dogs found their way to dogdom and owners are feeling very badly over the loss of their pets. But it is said they proved about barking and tramping in the yards of the villagers in the dead of night, thus keeping the good people awake and also destroying the flower beds and plants. Dogs should be tied up or kept at home.  
Engine No. 293, run by Charles Sampson, has been photographed, but its veteran engineer, we are sorry to say, was not in it. We suppose Mr. Sampson was not notified or he certainly would have been there as the good No. 293 and himself are considered inseparable.  
Alex Brink has been engaged to build a house for Engineer Robert Skinner.  
The Ladies' Christian Union of the Hope Church held one of their great dime socials on Tuesday evening, May 18th. It was well attended and a good sum realized.  
Hunting's circus in Port Jervis was an interesting sight to the people in this village across the river last Friday and Saturday.

James Osterhout, a brakeman on the New York Division of the Erie, had his thumb crushed by a coupling pin falling on it last Thursday.  
Jacob Kleinhaus, of Milford, has recently sold five village lots for \$1,000 through the offices of J. H. Wood, of Port Jervis, and buildings are now going up on them. Chas. H. Gilpin, of Brooklyn, N. Y., bought of J. H. Wood, the residence of Dr. Mueller at a price agreeable to them.  
Representative Kesler spent Sunday in Matamoras.  
Mrs. Margaret Mulley has, we believe, the first ripe tomato raised in this section. It is a small but perfectly developed specimen and the plant was grown in a tin can which was placed in one of her kitchen windows.  
Our school closes Friday, May 23rd, for the summer vacation. A school session will be opened by Miss Sara Benney, who is a very faithful and painstaking teacher and holds a high esteem in the hearts of her many friends and pupils.  
Presiding Elder Leopold, of the Eastern Pennsylvania Evangelical District, was with us last Sunday. He administered the sacrament to the new Evangelical congregation in Port Jervis, which was started through the labors of Rev. A. W. Beck and his excellent wife, who is a great help to her worthy husband. Rev. Mr. Leopold also administered sacraments to the

congregation of the Hope Church in this village and also to the neighboring society in Sparrowbush.  
George Luckey, of Matamoras, a flagman on the New York Division, sustained a broken collar bone Tuesday night. While his train was passing through Berans, he attempted to climb up the side of a box car when he was struck by a signal pole, breaking his collar bone. His injury was treated at the St. Francis Hospital in Jersey City. He is not dangerously injured.

Our young men and also the young ladies of our village do not relish the idea of Port Jervis laying claim to the ownership of our young bicycle rider, Charlie Martin, and they want it understood that Port Jervis has no claim on any laurels won by Charlie as he absolutely belongs to the town of Westfall, county of Pike, and we claim all the honors.  
A fine new sign has just been added to the attractiveness of the hotel "Goldhardt" in our village and in a short time we may expect many other improvements to this model place, which promises to be the great road house at this end of the Milford road.  
The King's Daughters Society connected with Epworth church, Matamoras, was tendered a reception at the residence of Mrs. Henry Westfall, on Saturday evening. The Junior circle of the Methodist church and the Right Hands circle of Port Jervis were also represented. Dr. and Mrs. J. A. Noll represented the Juniors, and Misses Grace Simpson and Grace Wells represented the other circle. The Rev. Frank Heath, Jr., is still in very poor health and his condition was reported as very critical yesterday. We hope he will soon be in better health than he has enjoyed lately.

He leaves a widow and six children to mourn his loss. The funeral was held Sunday at the house. Rev. R. B. Rieley of Barryville preaching the sermon.  
If there is an Internal Revenue Collector in Pike I wish he would come up here once and see those people who are having dances at which they sell beer without any license. This has been going on for a long time around here and should be stopped if there is any way to do it.

**THE CONSCRIPT.**  
The loyal north had not much faith in "conscripted" soldiers, and the boys down south had less, and the poor fellows led a hard life until they demonstrated in some way the misapplication of the doggerel, which ran as follows:  
How are you, conscript?  
How are you to-day?  
The present march has got you in A very tight place, they say.  
Oh, you should not mind it.  
Nor breathe another sigh,  
For you're only going to Die.  
To fight and—mind, your eye.
