**DEATH ON A TALLYHO**

**COACHING PARTY STRUCK BY A LONG ISLAND RAILROAD TRAIN.**

Five Were Killed Outright and Sixteen Badly Injured, some of Whom Will Die. They Were Young People of a Brooklyn Church on an Outing.

Brooklyn, June 1.—Five young people were killed and a number of others were injured in an accident which occurred at Valley Stream, L. I. A tallyho with a party of 21 excursionists from the great Avenue Baptist church, Brooklyn, which started out for a day's outing on Long Island, was struck by a train on the Long Island railroad at the Merrick boulevard crossing. The following were instantly killed:  
George F. Pashley, Jr., 334 Halsey street.  
William Guichrist, Jr., 233 Railroad street.  
Winslow Lewis, De Kalb avenue.  
Lester E. Roberts, Monroe street.  
Miss Dora Burtch, Stuyvesant avenue.

The injured were: Emma Brugo, skull fractured; Clara Stuart, skull fractured; Mrs. Anna Andrews, both legs broken; Lawrence Barnes, Jr., scalp wound; Walter Wellbrook, both thighs fractured; John Lewis, bruised; Edward McCormick, driver of the coach, badly injured; Earl Barnes, slightly injured; Miss Pashley, back broken; Tillie Stern, severe shock; Edna Gutman, severe shock; Richard Bates, scalp wound; Bessie Gibson, scalp wound; Miss Debetis, leg broken, head injured; Miss Ray Stillman, badly injured; Edward Kenney and Richard Bibbons, slightly injured.

Dead frightfully mangled. Some of the dead were frightfully mangled. The body of Lester W. Roberts was ground to pieces. The body of Miss Burtch was also badly mangled. Winslow Lewis had his neck broken, both legs were broken, his head was badly gashed, and he was severely cut about the body.

The crash came almost without warning, and the occupants of the coach had no time to make any effort to escape. Before the train had stopped the impending danger of the train was upon them, and the coach was upset and the engine pushing it along the rails, the dead and injured being cut and mangled beneath it.

The train that struck the tallyho was bound east from Mineola. It was not running fast when the accident happened, and accounts differ as to whether the whistle was blown. It is also a matter of dispute whether the bell was being rung. It is claimed by some that it was and that the merry party on the coach was making so much noise that the driver could not hear the bell. The double team of the tallyho had crossed the track and had the front wheels of the coach upon the rails when the pilot of the engine was seen by the driver. He gave the horses a cut with the whip, but it was too late, and a moment later the crash came. The heavy engine, driven forward by its momentum, raised the coach and its load of persons from the ground and hurled it forward. As the engine came into sight the women of the party uttered screams which were ended by the crash, and then followed cries of agony.

When the engine struck the coach, the occupants were in various positions, as they had started to jump to their feet upon realizing their danger. Some had gained their feet, while others had made an effort to reach the side steps. Others, too frightened to move, had clutched the seats or the side rail and remained staring at the rapidly approaching engine.

Passengers Thrown Into the Air.  
The shock threw some of the passengers into the air, and they landed on the rails and in the gutters which run on either side of the track. Others went down under the coach, which was pushed along the rails by the train for some distance. Those who were killed were mangled and injured. Others caught under the coach and crushed. The engineer had shut off the steam and had set his brakes down hard before the collision came.

The train crew and the passengers of the train, as soon as the train was stopped, began the work of taking out the dead and injured from the wreck of the coach. Of the 24 persons who had been on the coach not one escaped injury of some kind.

Coroner Coombs of Inwood took charge of the bodies of the killed and removed them to a morgue. A jury was at once impaneled and viewed the bodies and the scene of the accident, preparatory to the inquest. A full investigation into the accident will be made.

**SENATE CONTEMPT CASES.**

Havemeyer and Scaries Go Free, While Chapman Remains in Jail.

Washington, June 2.—The Sugar trust contentions, which have occupied much of the public prints and attracted general interest for some time, are now practically ended. Elverson R. Chapman is in jail for contempt of the senate, Henry O. Havemeyer was acquitted last week, and yesterday John E. Scaries, the company's secretary, was adjudged not guilty. The verdicts are the culmination of a long legal battle which began three years ago, when H. O. Havemeyer and John E. Scaries, president and secretary of the American Sugar company, E. R. Chapman, its broker, and E. J. Edwards and J. S. Schriver, newspaper correspondents, were indicted for refusing to furnish information which it was believed they possessed regarding the alleged illegal transactions of the so-called Sugar trust. It was charged specifically that the American Sugar company made contributions to political parties in the campaigns of 1892 and 1893 for the purpose of influencing legislation in the interest of the trust.

The case against Havemeyer, tried last week before Justice Bradley and a

H. O. HAVEMEYER.

Jury, was in effect decided by the court, a verdict of acquittal being ordered on the ground that Mr. Havemeyer had properly answered the questions of the senate committee to the best of his knowledge.

In the case against Mr. Scaries the judge held that the questions asked by the senate committee were not pertinent, and so directed the jury to find, which they promptly did, returning a verdict of not guilty.

**SHOT BY YOUNG LOVER.**

A Strange Infatuation Leads to a Tragedy at Atlantic City.

Atlantic City, June 1.—Mrs. Phoebe H. Phillips, proprietress of the Kennett House, a fashionable boarding house on Ocean avenue, was shot and fatally wounded by Robert Hibbert.

Mrs. Phillips is 43 years of age and has three grown children. Hibbert is only 22 years of age. They both formerly lived at Kennett Square, Pa. Mrs. Phillips said in her antemortem statement that for some time Hibbert has been importuning her to marry him, but that she declined, owing to the disparity in their ages.

He entered the kitchen where she was and almost immediately began to shoot at her. He fired five shots, four of which took effect. Hibbert then turned the revolver on himself and pointed at his head, but the weapon failed to explode. He then left the house and went to police headquarters, where he gave himself up.

He could assign no cause for his act except that he thought Mrs. Phillips treated him coldly when he entered the house. He said he hoped she would die. The woman can live but a few hours. She pleads with those about her to save her assailant from punishment. She believed that Hibbert was not in his right mind.

**EARTHQUAKE SHOCKS.**

Seismic Disturbances Cause Some Consternation but No Damage.

Washington, June 1.—A distinct but slight earthquake was experienced yesterday afternoon throughout the south Atlantic and middle southern states. It is stated at the weather bureau that the direction of the wave was from south to north, but reports received from various sections are conflicting. In some localities it is stated the course of the disturbance was in an easterly to westerly direction, but the records of the instruments here are probably correct. The shock occurred, as nearly as has been estimated, at 2 o'clock.

In some localities the time is given as 1:35 and in others as late as 2:10, and its duration was less than a minute. As far as can be learned, Savannah was the farthest point south at which the tremor was felt, while the northern boundary of the wave was middle Maryland. West it was felt as far as Knoxville. The disturbance seems to have been most severe in the Appalachian mountain region.

In several places there was much consternation, and people were almost panic-stricken, but there was no appreciable damage at any place.

Paris, May 31.—Embassador Porter, former Vice President Stevenson, Senator Wolcott, General Paine, retiring Consul General Morse, Mr. Henry Vinograd, Mr. Theodore Stanton, honorary secretary of the American University Dinner club, with a number of members of the club and of embassy and consulate officials went to the tomb of Lafayette and placed there a magnificent wreath and other floral decorations.

**Convicted of Bethe Taking.**

Lockport, N. Y., May 28.—"Guilty as charged" in the indictment" is the verdict of the jury in the case of the people against William D. Davis, ex-alderman and ex-chairman of the aldermanic committee on streets of this city. Davis was charged with receiving a bribe in the shape of a percentage on the price of bricks sold to the city by the Canton State Brick Exchange through a local company, the total amount alleged to have been paid to Davis being about \$1,000.

**Plot to Dethrone King George.**

Berlin, May 31.—From a Russian source comes news of a conspiracy against King George of Greece far more deeply rooted than was supposed. There is indubitable evidence that Premier Raill and his colleagues in the cabinet are gravely implicated in a plot to overthrow the dynasty.

The Koenigsche Zeitung says that Greece will be compelled to pay a large indemnity, to reduce her army to 20,000 men and to give up her fleet.

**Contract For Niagara Bridge.**

Niagara Falls, May 28.—Bids for the construction of a new steel arch bridge have been opened by the officers of the new Suspension Bridge company at a meeting held at the Canadian end of the bridge. The contract will probably be awarded in a few days. The specifications call for the completion of the bridge by April 1, 1898. The arches will be on the parabolic principle, and it is expected it will be one of the greatest engineering feats of the world.

**Memorial Day Snowstorm.**

Milwaukee, May 31.—Many points in Michigan and Wisconsin experienced the novelty of Memorial day snowstorms yesterday. At Monomino, Mich., it snowed at frequent intervals all day, sometimes quite hard. At Bayfield, Wis., sufficient snow fell to cover the ground, and the thermometer dropped to 34. At Oaksh, Wis., snow fell, and the thermometer registered the lowest in many years at this season.
