The State Fair.
 The Advisory Board of the State Fair met at the Merchants' Hotel on Wednesday, June 23d, at which President McDowell, of Washington, Pa.; Treasurer Rutherford, of Harrisburg, Pa.; and F. J. O'Connor, Esq., representing the Tri-County Agricultural and Driving Park Association, were present.

Mr. McDowell was chosen President of the Committee, and Mr. Crosswell, Secretary. The latter was also elected General Manager of the State Fair, to whom all correspondence should be directed.

It was decided to give \$9,000 in premiums to the speed ring and in the neighborhood of \$90,000 in other premiums. The dates have already been fixed, to be September 6th to 11th, inclusive.

The next meeting of the Advisory Board will be at Johnstown, July 6th, at 8 p. m.

A fair of greater magnitude than last year's successful one is almost assured, as the local management is better prepared and Johnstown is alive to its interest in having a great success.

Information can be had by corresponding with F. A. Crosswell, General Manager State Fair, Johnstown, Pa.

"Last summer one of our grandchildren was sick with a severe bowel trouble," says Mrs. E. G. Gregory, of Fredericktown, Mo. "Our doctor's remedies had failed, then we tried Chamberlain's Colic, Cholera and Diarrhoea Remedy, which gave very speedy relief." For sale by Druggists and General Merchants in Pike county.

NEW YORK'S MURDER OFF FOR THE NORTH.

CLEARING UP THE MYSTERY OF GULDENSUPPE'S DEMISE.
 Mrs. Augusta Mack and Martin Thorn Under Arrest.—The latter was returned by Ills Friend, who Pointed Him Out to the Detectives.
 New York, July 1.—Mrs. Augusta Mack and a man supposed to be Martin Thorn are under arrest for the murder of William Guldensuppe, a portion of whose dismembered body was found in the East river and portion near Illegibility.

Mrs. Mack was arrested at her home on Ninth avenue on Wednesday last and was held for examination.

The arrest of Thorn was made last night at the southeast corner of One Hundred and Twenty-fifth street and Eighth avenue.

The work was done so quickly that it attracted no attention from passers-by, and the prisoner was taken to police headquarters without incident.

Thorn was much changed in appearance when he fell into the hands of Inspector O'Brien's men. He no longer wore the luxuriant mustache which prompted his friends to class him as a handsome man. He was smooth shaven, but he was, in any other respect, rather neatly dressed than had been his custom. He wore a white fedora hat, a black coat and vest, light striped trousers and neatly polished shoes.

The detective made no effort to question the prisoner for several hours after the arrest had been made.

Encouraged by Scientists.
 He returned to London, where scientists acclaimed him. All encouragement came to him. Dr. Nansen had said, "I will not attempt again to reach the north pole in a ship, but will perhaps lead a sledge expedition over the ice from Franz Josef Land."

Andros retorted then, "I will lead an expedition soon through the currents of the air."

THE BIG COAL STRIKE

THOUSANDS OF MINERS ON A DEMAND FOR MORE PAY.
 Injections Against the Miners' Resolutions in Ohio—Contending Claims of the Mine Owners and Strikers in the Pittsburgh Region.
 Pittsburgh, July 1.—The strike order of the national executive board of the United Mine Workers of America has been obeyed by from 1,500 to 15,000 of the 21,000 miners in the Pittsburgh district during the last 24 hours. The great struggle is now on in earnest, and the developments of the next few days will determine the success or failure of the fight for a uniform mining rate.

Pittsburg is the pivotal point in the five states engaged in the contest, and the success of the local officials in their efforts to secure general suspension in this district will have an important bearing on the outcome of the movement.

It is estimated that at least two-thirds of the miners have thrown down their picks, enough men are still at work, however, to seriously impair the chances, unless they can ultimately be brought over to the miners' side, of securing a general suspension in this district.

According to the estimates of the miners' officials, 62 railroad mines are idle and 26 are still in operation. They reported that in a number of cases they had heard no news from certain mines, and take it for granted in many cases that they are in operation. The mines idle are: Anderson, Allen, Amyville, Summerhill, Beechmont, Nixon, Big Chief, Hackett, Federal, Roseville, Young Gas, Forest Hill, Fidelity, Nottingham, Germania, Harrison Gas, Hunkeville, Cliff, Montclair, Fair Haven, Lake Shore, Wabash, Easton, Mansfield, No. 2, Moon Run, Cherry National, Ellipse, Brian Hill, Essen, No. 1, 2 and 3; Chambers, Hickman, Laurel Hill, No. 1, 2 and 3; Bishop, Nickel Plate, Boyd, Grant, Oneonta, Stone, Belle, Vernon, Standard, Phenix, O. I. C., Stockdale, Sheppier, Pacific, Atlantic Ocean, No. 1, 2, 3 and 4; Guifty, Oakridge, Creedsmoor, Panhandle and Man Own.

The reported working areas as follows: Boone, Young Slope, Harrison, Allison, Eureka, Banning, Oakhill, Iron Creek, Whitesett, Darr, Painter, Ireland, Gaslineville, Snowdon, Fort Royal, Junco, Chard, Newburg, Glenhobby, First Pool, Will Grove, Washington, No. 1 and 2, Smith, West Newton and Lockhaven.

The miners' officials say the operation will claim a mine to be in operation as long as there are but two men at work. The operators claim that the Panhandle mines, operated by M. A. Hanna, where the ironclad contract is in force, are working as usual. The miners, on the other hand, maintain that the entire Miller and Thoms run district, where these mines are operated, is out on a strike.

The operators threaten to close out of the 4,000 river mines are on a strike. W. P. Dearmitt, president of the New York and Cleveland Gas Coal company, was emphatic in his statements that the strike would be a failure. "We had more men at work yesterday," said he, "than any day for a number of years after a holiday. I attribute this to the fact that the men came to work because they did not care to be identified with this movement. More than 25 mines were working in the Pittsburgh district yesterday."

The miners' headquarters President Dolan was apparently the best of humor. He had received reports from nearly every part of the district and seemed pleased with the prospects. "More miners will join the movement as the strike progresses," he said. "I am perfectly satisfied with the progress made. Yet there are some mines that I hoped would be idle, but they are still running."

Federal Aid Invoked in Ohio.
 Cincinnati, July 1.—A very important step has been taken here in connection with the coal miners' strike, which puts the power of the United States against all violence or unlawful acts in at least a portion of Ohio. An order of the United States circuit court, southern district of Ohio, eastern division, was made by Judge Taft, upon a showing made by Myron T. Horrick and Robert Flickender, receivers of the Wheeling and Lake Erie Railway company, and of the Wheeling, Lake Erie and Pittsburgh Coal company, whereby the United States marshal is directed to protect their miners at work and to prevent unlawful interference with the operation of their railway.
