tended and the receipts satisfactory. Wednesday evening a ball was on-joyed at the Crissman House which was participated in by the guests and numbers from the town. No one who has ever attended an event at that popular hotel need be told that everything was just as it should be for such is always the case, and this speaks volumes. Thursday evening a ball at the Jardon House afforded those present a highly en-joyable occasion. The host and hostess are adepts at furnishing entertainment and cannot be sur-

passed in that sphere.

The fair and festival at the Presbyterian Clurch occupied Thursday and Friday, which afforded opportunity to dispose of the cumbersome shekels in a good cause. This Friday evening Marie Leanse Gumaer, assisted by Miss Jones, will give an evening of some at Brown's Hall evening of song at Brown's Hall which will please the most fastidious. The former is well known personnally in this section, and those who have once head her splendid voice

will not fail to attend. To-morrow evening the Sawkill House will entertain at a ball, and the time will be far too short for those who attend. The reputation of that well known house ensures all of pleasure which can be crowded in a few short hours

After such a round of pleasure and entertainment all will desire to spend a quiet Sabbath and the doors of the churches will be wide open for admission to the people, and all will be welcomed to the sanctuaries.
