TRESPASS NOTICE Notice is hereby given that trespassing on the premises of the undersigned in Dingman township, known as the Schenck farm for hunting, fishing or for any other purpose whatever is forbidden under penalty of the law. Any person or persons violating this notice will be dealt with in the severest lawful manner.
GEORGE H. McCARTY,
July 14, 1907.

TRESPASS NOTICE Notice is hereby given that trespassing on the premises of the undersigned in Dingman township near the Delaware bridge, for hunting, fishing, berrying or for any other purpose whatever is forbidden under penalty of the law. Any person or persons violating this notice will be dealt with in such a manner as may be most effective to prevent a repetition.
H. STUBENHOFF,
April 27, 1907.

TRESPASS NOTICE Notice is hereby given that trespassing upon the southern half of the tract of land known as the William Denny, No. 34, in Schuylkill township, for hunting, fishing, or for any other purpose, or trespassing on sawmill pond in Dingman township, or fishing in it is forbidden under penalty of the law.
M. CLELAND MILSON,
April 26, 1907.

TRESPASS NOTICE Several good houses in Milford, Pa. Enquire of J. H. Van Eaton.

TRESPASS NOTICE Notice is hereby given that trespassing upon the property of the Forest Lake Association in Lackawanna township, Pike county, Pa. for the purpose of hunting and fishing, or any other purpose is strictly forbidden under penalty of the law.
ALEXANDER HADDES,
Nov. 23, 1906.

TRESPASS NOTICE Notice is hereby given that trespassing on the premises of the undersigned, situated in Dingman township, for any purpose whatever is strictly forbidden, and all offenders will be promptly prosecuted.
JAS. B. CASE,
Dec. 31, 1906.

FOR SALE A small farm located near Matamoras, known as the Hensel or Reinhardt place, containing 40 acres. Finely located, well watered. Hensel and barn. Fruit of all kinds. Price improved. Title clear. For terms, price, etc., address Lock box G Milford, Pa.

CORRESPONDENCE

Correspondents are particularly requested to send in all news intended for publication not later than Wednesday in each week to insure insertion.

LAYTON

It soon proved the local how quickly the roads would be graded, and me to hard and smooth as they should be. It will be wise to improve them for man power would it not be profitable to do a little more than is being done on them in the interest of the horse and his owner. Geo. W. Van Sickle and family recently arrived home from a week's visit among friends in Jersey City and New York. Friends are showing up better than was at first expected. The amount of forest fruit is not as great as was feared, and is almost cleaned up already. Good fruit is going to be in demand and there is hope of it in the orchards yet to ripen. We learn that the people who had visited the lake in regard to Sandrun wild duck fishing have settled amicably with the fisherman and the episode is therefore at an end. Thursday being a rainy day the line men of the Sussex telephone company laid off work. As the line was up as far as Normanook phones were connected at both ends, and at Pine Hill Farm and a lively chat indulged in. Everything worked beautifully and to the satisfaction of the officers of the company. "Dick" thinks we have had our hands full and he is about right. We have gathered quite a collection of cadavers to be laid away in lavender and PIKE COUNTY PRESS during the year past. Some of them like Honest John are labeled "Dead ends of an age of progress" and then we forget to raise a tombstone to them, even in memory. They make beautiful mummies.

The Cliffords at Pisach one mile west of Branchville, have opposed the erection of poles by the Sussex Telephone company from the very start. On Saturday the company attempted to go around them on the poles of D. H. Fowler (the owner of "Culverners") as a temporary arrangement when another of the Cliffords opposed their progress, ordering them off, and threatening prosecution. This man, having no property rights, and only desiring to obstruct the work the President of the company directed the men to string the wire, and it was done, although in the face of dire threats. The necessary legal forms will now be gone through that will enable them to set their poles on the direct line of road by the Cliffords place. In the meantime the line will be open to the public just the same. John Young and wife of Tri States made brief calls on friends around Layton during Friday and Saturday of last week. The special session Sept. 25 next to vote on the proposed amendments to the constitution of the State of New Jersey is exciting but little attention though of quite importance. The 1st amendment is to prohibit lotteries or gambling in any form and that a person nominated by the Governor to the Senate for an office of trust not confirmed before the recess shall not be eligible to such office during the continuance of such recess and to allow women to vote at any school meeting for the election of school officers of whatever kind.

W. C. Hersh continues making improvements about his place. The latest being an up-to-date poultry house. John Smith, builder. Apples will be a short crop and potatoes ditto. Those who have either will do well to care for them, and keep them in good shape. The all steel wagon is strong yet light. Mechanically perfect in construction. Thousands of light draft. You can get any wheels for farm, or high wheels for road use and use either on the same axle. No skidding of tire, and so simple in construction that no repairs are likely to be needed during the life of an ordinary wagon.

When you purchase do not think even of getting less than a four inch tire. The Pikes Support? Oh well, that was one of the campaign incidents you know. We had a large crop of free silverites that night and after we had worked the Editor pretty hard at the table they were turned on him. After the lapse of nearly a year he does not seem very orthodox on the silver question, yet from our point of view of an editor and one who is trying to think of some other plan of doing that will be more effective. We had a good time. Very interesting remarks on our own regard to the public spirit made last by the Messrs. Carr owners of the "Riverside House" in Montague township for their improvements on a considerable length of road in their near vicinity. It is well graded, and therefore a great bettered. They deserve the thanks of the traveling public and of the community in which they live.

The Layton blacksmith went hunting for squirrels on Sept. 1st. He didn't get any game and got lost in the night forest in sight of Layton. If a friend had not heard him jump and flee his gun above his head he would have been lost in the forest as often as he has in some others he would have known them better. It is claimed that when a man is lost he will walk in a circle to his left if sober. If not some one had better hunt him up, quick. It seems to us that this seasons work on the roads in Sandyston township has demoralized at least two things and so plainly that it does not need repetition. That if the road machine is to be used it cannot be used too early in the spring and if so used does make quite good roads considering the material. And that all summer working of the roads is a little just a little better than spending the money for candy and the benefits of the former are almost as transient as the taste of the latter.

When Honest John went for trout in a certain spot spring brook back in the times when he was in that kind of business he caught an awful cold and it settled somewhere in his back. He doctored, but folks do say that—that it went to his head, and takes so much space there that there is room for little else. We knew there must be a screw loose somewhere in his anatomy, and this clears up all doubts as to where it is located.

A crying need at Layton is a "good" all round blacksmith and wheelwright. There are enough people who are interested and need the need to chip in and furnish the commodities shop now vacant rent free to such a man. There is a very good shop at Bevens 2 1/2 miles away but there should be one nearer by. A man situated to make his permanent home here can locate to good advantage. I would suggest that the correspondents of the Press meet in Milford on some day agreed upon and while enjoying a good dinner in the shadows of the Press OFFICE, let us make each others acquaintance, exchange ideas, discuss means of improving our own work and how best to advance the interest of our favorite paper, "THE PIKE COUNTY PRESS." I hope to hear from each one at Layton, N. J., with suggestions in regard to the matter. "H" Box 6.

Chas. A. Delymphe of Branchville suggested an idea last Monday on which probably the spirit of man may come shoulder to shoulder with him and furnish a good cause. He compared the easy grade along or near the brook (near Ev. Bittles) to Normanook with the present hilly route and then said "I will give two dollars and more if you really do make up a sufficient sum to have the County engineer come and set up the route and measure the distance between the two points. It would give a definite starting point to this much needed improvement. I will do as well as Mr. Delymphe. Now for eight more men with like contributions and the necessary amount would be raised.

Miss Bertie Klitner gave a birthday party at her home on Saturday and entertained a large number of her young friends in a very pleasant and agreeable manner. Miss Bertie goes Tuesday to her future home with Floyd R. Faller in Walpaek. Geo. Stoffer and family of Dover are enjoying a brief vacation with their parents, Mr. and Mrs. Henry Stoffer near Normanook and visiting other relatives in Sandyston. Mrs. Kate Faller of Walpaek spent Saturday and Sunday making brief calls on her numerous friends in Sandyston. H.

DINGMAN'S FERRY

The report of guns is heard now even on Sundays. The stone work for the new bridge over Dingman creek at Deep Hollow was sold Sept. 2 James Depp being the lucky bidder. The price is \$23. No one need fear but that it will be a first class job. John Mulford has nearly completed a large addition to his house. When finished he will have the most farm dwelling in this place. He is the first to introduce steel siding in the township, if not in the county. Lately an article appeared in a near by paper saying that Mr. Mulford had abandoned work in his mine. He has only been temporarily suspended while engaged in repairing and building operations which demanded all his attention. He is greatly encouraged with the prospects of his mine. The first assay showed no trace of gold, but the second assayed 93 per cent in a vein six inches thick. The third taken fifteen feet further back gave \$100 to the ton, and four per cent of silver with a vein 15 inches thick. If it keeps on at that rate doubling in thickness and richness every fifty feet, as it has every appearance of doing this country will become a second Klondike without any of the horrors of that desolate country.

MATAMORAS

The Ladies Aid Society connected with Epworth church Matamoras held their annual picnic at Columbia Park on Friday Sept. 25. Two large wagons of Mr. Millett conveyed the ladies and their families to the park, about 60 in all, including the invited guests. The day was very pleasant and every thing passed off nicely. Nothing transpired to mar the pleasure of the day. The dinner was very fine. Two minutes were among the party. Rev. Mr. Curtis and Rev. Mr. Gilmore. These gentlemen enjoyed the outing and the good they saw very much. All reached home in a safe and very much pleased with the pleasure of the day. The high school at Matamoras open

Tuesday Prof. Killeen takes charge. His assistants are as follows: Mr. Malenr, Miss Van Akin, Miss Roney, Miss Westbrook, Mr. Wilkin and Miss Melony. The Prof. has the school in good condition having it in charge for the past three years. Mr. Haines the very efficient janitor of the building has on Justice to the cleaning of the different rooms and all are very neat and clean. We see no reason but that everything will run on very smoothly this coming school term.

Miss Kate Neuhara gave a birthday party on Thursday evening to about 50 of her young friends. Miss Kate received a number of very pretty presents. The evening was spent in a very pleasant manner. Various games were played, music, both vocal and instrumental was enjoyed. Refreshments were served during the evening. Her young friends wish her many more returns of the pleasant event.

Prof. Killeen arrived in town from White Lake on Thursday evening and will take charge of the Matamoras high school. The Prof. is looking well and his many friends are glad to see him in his old place again. Miss Phoebe Ackerson of Paterson is the guest of Kate Kitchman of Matamoras. Miss Mary Squires and Miss Annie Hensenthal of Port Jervis are in Milford on their wheels last Friday and spent the day very pleasantly with friends in that pleasant village.

Miss Lela and sister Emma Hillman arrived home safely Tuesday evening from their pleasant visit with friends at Paterson, Jersey city and Brooklyn. Mr. and Mrs. W. A. and daughter, Blanche, Mr. and Mrs. Snyder and daughter Edith visited Glen Island on the excursion which took place last Thursday. They report having a very pleasant time. The Ladies of St. Joseph church held a picnic at Frick's Grove on Tuesday afternoon and evening. Stages left every half hour from the Barrett bridge. A nice dinner was served in the afternoon and music was furnished, both afternoon and evening. It passed off nicely. A nice little sun was realized for the society and every one had a pleasant time. Many thanks are tendered to the ladies of the church for their attention to their friends at the grove.

PAUPAC

In Pellet, of Junesville, Wis., an old soldier and former resident of this place, attended the G. A. R. encampment at Buffalo and is now visiting his brother Chris also old friends and neighbors in this place. He thinks the place very little changed only the hills grow closer together. Calvin Pellet, son and daughter left here Monday afternoon and will stop in Seranton a day or two, will then return to their home in Murphysboro, Ill. Miss Edith Kipp was a visitor in town on Monday. Mrs. V. G. Bennett and daughter, of Camden, N. J., are visiting her sister, Mrs. M. Killeen. Miss Josephine Smith, who has been spending her vacation with her parents returned to Hoboken, N. J., where her sister Minnie will soon join her. Eph Kimble, of Kimble, staid at the Kimble House Sunday night. The Pellet girls are entertaining their cousin from Paterson, also two of their friends. They will return to their respective homes on Wednesday morning. C. A. Pellet, one of the delegates to the convention at Harrisburg returned last Friday. A meeting of the Paterson school board was held last Saturday. Teachers here so far, are Nina Down for Tatum; Marion Williams for White school house; Cora Kimble for Matamoras school; Kate L. Ter may for School No. 6. No teacher for School No. 4.

SHOHOLA

The nights have been very cool but no signs of frost have been seen here yet. Many of the farmers are busy threshing buckwheat. Emanuel May was bitten on the hand by a rattlesnake one day last week while working in a stone quarry near Parker's Glen, but is all right now. This is his second experience having been bitten once before on the leg. Chris Herman and wife and Jacob Lehlar and wife, of Milford, visited Shohola Glen last Sunday, and returning called on Adam Haas. The summer boarders have nearly all returned to the city. Howard Swagay, of New York, is visiting his father at Walker's Lake this week. The Shohola Base Ball nine went to Narrowsburg last Friday and played an interesting game with a nine from that place, which our boys won by a score of 13 to 12. Our road master has been doing some needed work on the highways and we were glad to see them before snow comes.

A FAMILY WIND-UP

When John Haas was going to his quarry one day last week he saw three large rattlesnakes lying on a rock, which he dispatched with a stick, and then found twenty-three baby snakes accompanying the parents, which he likewise killed. The old ones were nearly four feet long, one had 13, one 11, and the other 10 rattles. The young ones were each about a foot long. John has ended the awes lives of about 30 of these reptiles this year.

MONTAGUE

Cherry Cottage has another new tenant Frank Van Aiken, of Port Jervis, took possession last Wednesday. The summer girl, and the high collar wearing cigarette smoking and revolver carrying dude have left us. Planting for winter grain is the order of the day among our farmers. Sheriff Clark Andrews and wife made Montague a short visit Tuesday. If one-half of the rumors which are about are true this town will send a good sized delegation to attend the September term of our court. The dwelling house of L. H. Marzha has been burned to a cinder of pulp. Mrs. Cor. to North wishes to thank those who kindly moved her goods from her late residence to Port Jervis. Will those Raherans on Layton please inform us what is the name of the new kind of rice they caught in their rack a week ago? A few things we would like to see

Some hunters report a notice which reads: "No trespass." Some others to be careful what they shoot. Some folks mind their business. Others to tell the truth one half of the time. Some little squabbles over here do it. Not to make a mountain out of a mole hill. Those chaps who annoy themselves last Sunday morning shooting near the Delaware bridge get a dose of Jersey fever. Mosquitoes have made their mischievous appearance in this town. The woods that be (above) and to have the long stones and brush removed from some of our highways. The Pike County Press double its circulation, and secure a few more correspondents like H. of Layton. Now just this time. A year ago the New York World in almost every issue kept up the cry Spanish intrigues in Cuba the World at ways claiming to publish the facts. Now the Philadelphia Press and New York Journal are publishing a few undiplomatic facts about the treatment of a certain young Cuban girl, and the World comes out and calls those papers sensational Journalism. If there is a paper published which prints more sensational trash, it certainly has never reached here. It is reported that Mrs. Ellen Westbrook will take up her residence in Port Jervis. This is an age of progress, but one can't help that we sometimes meet a person who is progressing too fast in fact they are too large for their clothes, and their hat O, good Lord is out of sight, and entirely too big for the little gray matter under it.

Rev. Hans H. Spier will preach his farewell sermon next Sabbath Sept. 22nd. He will preach at Hainesville in the morning at 10:30 and in the Montague Reformed Church in the afternoon at 3:30. Dick. W. V. Barcher and Edward Koehls drove twelve head of young cattle to the farmer's farm in Wayne county on Tuesday. Mrs. John Frey and daughter, Anna, went to New York on Monday. Mr. Dotter, who went to the hospital some time ago with a broken limb, has returned with his home and is able to get around with the aid of the crutches. Mrs. Hemmway is on the sick list this week. Dr. Howard is the attending physician. Jake Knudler is also on the sick list. Mrs. George Hartwell returned to her home on Saturday from Seranton where she had been spending two weeks with her daughter, Mrs. Frank Kitzman and family. George Adams went to his home at Seco last Saturday. We were very glad to see that none of the "K" Town folks have waked up and opened a correspondence with the PIKE COUNTY PRESS. That's right, come again, the more the merrier. We have some city people in our vicinity yet, although September called a good many of them to their home. Dr. Howard and wife called on friends Sunday at Parker's Glen. Miss Westfall will close her school on Wednesday to visit her friends in Port Jervis for a few days.

Among the number, who called on us during the past week were Miss Mary and Ethelinda Manderville, of Honesdale, N. J., M. Sartan, of Middletown, N. Y. and Geo. H. H. of Lackawanna. Mrs. P. Chase and daughters, Frances and Clara, of Baito, Mont, who have been visiting Mrs. G. Holbert, have gone to White's Valley. H. P. White has returned from a week's visit with his parents at Hainesock. Miss Mary and Ethelinda Manderville, of Honesdale, N. J., are guests of Mrs. Geo. Holbert. Mrs. E. Barnes and son, of Equinunk, are visiting at J. C. Brannings. Phoebe Holbert spent a few days last week with Honesdale friends. On Thursday evening, a party of young people from the Delaware House took a straw ride to Deer Run Lake House, all report an enjoyable time. O. A. Kellam spent Friday with his parents at Hawley. Miss Lena McGowan is visiting her parents at Equinunk. Among the number who attended the ball held at Lackawanna Saturday night were Webster Van Wagner, Frank Tyler and Maggie Hooker. Miss Lela Brannings is attending school at Lackawanna. Operator Boles, who has been working at W. F. Tower, has returned to his home at Golf Summit. William Klein of Narrowsburg, spent a few days last week with his niece, F. Holbert. Eugene Pool and wife, of New York, are visiting the latter's mother, Mrs. Elizabeth Holbert. Harvey Van Wagner has resumed his work at Holberts after a two weeks visit with friends at Port Jervis.

GREENTOWN

Mrs. H. Hess, wife of John Hames and mother of F. G. Hames of Greentown died at her home in Greentown township Friday afternoon Sept. 20th, after a short illness. The deceased was taken sick a short time ago, and on Thursday Sept. 20th an operation was performed by Dr. Burdick of Seranton assisted by Dr. Gilpin and Simpson or Newfoundland for appendicitis which proved unsuccessful. She is survived by her husband and a large family of children. The funeral was held on Tuesday Sept. 24th interment in the Hawley cemetery. The Montague base ball team played an interesting game of ball with Newfoundland. The schools of Greentown commenced Monday Sept. 23rd. Mrs. U. W. Hilgert of Seranton is visiting friends in Greentown. Mrs. Jessie Wheat, of Philadelphia is visiting her mother, Mrs. Eliza Beach, who lives with her daughter, Mrs. B. C. Smith. Sherman Fowler and Essie Vail have ordered a portable saw mill, which will be set upon the premises of B. F. Kipp. The work on E. G. Himes new house is rapidly progressing it will soon be ready for the tenants. The second quarterly meeting for this conference year will be held at Honesdale on Saturday and Sunday Sept. 21st and 22nd. Mr. Himes and wife have returned to their home in Greentown after an extended visit at their daughters, Mrs. Laura Miller of Mount Pleasant.

GREAT EXPECTATIONS

may or not be realized. Things up in the Klondike are mighty uncertain. There's no uncertainty, though, about our stock of clothing. Everything is as sure as a fortune after you have made it, and a harvest after it's been gathered.

We have some fortunes to offer in Summer Fats that were \$11.00 and \$15.00. We are now closing out at

\$7.00 and \$11.00.

STRAWHATS
At Half Price.

All Summer Stuff
is reduced to about one-half its regular price.

GUNNING & FLANAGAN,
We sell good clothing cheap.
Cor. Front and Sussex streets,
PORT JERVIS, N. Y.

A thousand wheels but only one shoe.

GREELEY

One of the severest thunder storms of the season visited this place on Tuesday evening. It passed off nicely. A nice little sun was realized for the society and every one had a pleasant time. Many thanks are tendered to the ladies of the church for their attention to their friends at the grove.
