LARGE AND RESPECTABLE.

Who the Person at the Meeting Were in 1886. BRANCHVILLE, Oct. 12, 1897. Mr. VAN ETTEN—I see that you ask in the Press who were the chairman and secretary of that large and respectable meeting?

In the fall of 1840 there resided in Milford a large fine looking man named E. P. Dewey. At that meeting he was made chairman and Dr. Shotwell was secretary.

It was said at the time that they were the only persons that attended the meeting. Be that as it may—At the close of the meeting Dr. Shotwell proceeded to read—At a large and respectable meeting of the voters of Pike county held at the Court House, etc.—at this point Chairman Dewey said: "Dock, how do you make that out?"

"Why," said Dock, "You are large and I am respectable by — and so the proceedings and resolutions were sent to the Jeffersonian at Stroudsburg, as no doubt old files of that paper would show. Neither Milford nor, I believe, Port Jervis had a paper at that time."

Escaped Hazing. Judge Magie, at Somerville, N. J., granted a new trial to Joseph Chalbi convicted of wife murder, because two of the jurors made indiscreet remarks after the conviction for murder in the first degree.

One juror was heard to say: It makes no difference if he premeditated murder or not, he killed her and we will hang the Italian." Another said: "Let him hang with the rest and teach murdering Italians a lesson."

There was overwhelming proof that Chalbi had killed his wife, but no evidence had been adduced to show that the crime was premeditated.

The prisoner then plead guilty to murder in the second degree and was sentenced to twenty years imprisonment.

Disaffected Democrats. MONTAQUE, Oct. 18, 1897. TO THE EDITOR OF THE PRESS:—Democratic and Republican nominations for county officers have been made, and some supposed that would end the matter and the people would decide on Nov. 2nd. But by what "H." wrote last week we infer that somebody has not been treated right which we admit, because there are others who seem to be not satisfied with the Democratic nominations, although the majority were large. Some object to giving Newton everything, although Mr. Smith is this side of the mountain man. Yet this side of the mountain candidates have run before and been defeated, and who knows what Mr. Smith's fate will be?

Now we hear a whisper of another ticket—A free silver ticket. How about that Brother "H."? If such a thing should materialize there can be only one result and that is the Republican ticket will be elected unless the silver men endorse the regular nominees.
