The Sussex county board of Freeholders at a recent meeting ordered that all county bridges hereafter be thoroughly painted in white.

We note that under a recent legislative enactment five teachers who have been under long service in teaching have been retained on positions varying from \$350 to \$575 each. Each year additions will no doubt be made to the list. Of course teachers are a very deserving class, but since this thing has commenced who has an idea to where the principle may be extended.

The marriage of Mercer Jaggro to Miss Lizalo Lites took place Wednesday a. m., Dec. 13. The contracting parties were driven directly to the station en route for Madison, N. J., to spend the honeymoon. The good wishes of the community that they may live long to realize their dreams around upon the limitless ocean of conjugal felicity attend the happy couple.

The Fair in the M. E. Church here last week was a decided success. The receipts were about \$63.00 and will go a considerable way toward satisfying the necessities of the society. A great deal of credit is due to the able helpers who visited Brauchville, Newton and other towns. A vote of thanks is due those towns for their generous donations. Much hard work was done and their success was well merited.

Doctor Hughes is here in full. One of the former preachers of Dr. J. N. Miller. It would be amusing to hear the new Doctors opinion of our beautiful roads, especially after a midnight ride over eight or ten miles of them. Dr. Miller can tell him where to look out for the principal chuck holes and thank 'em.

It is said foxes are not plenty in Jersey this year. Jake Lantz, Ed. Hotalon, and Will Ayers went over the usual resorts of the yard last Saturday but did not get one started.

The Chapel people at Berens will have their usual pleasant entertainment at the Chapel on Christmas eve. They promise a good time and their promises are always well kept. Come out and enjoy yourself.

I am glad to note that the Press took up the cudgel in defence of the conduct of the people in Pike county on Dec. 7th.
 A little yarn is admissible but such baited lies as were published in some of the reliable papers cannot be too severely censured. I am glad to know that one Sussex county paper told the truth.

More About Hills.
 DINGMAN'S FERRY, Dec. 20, 1897.
 Silently but surely the disagreeable sand had to climb hills are bound to disappear on the river road between Schanno's and Dingman's, a dust of our supervisors is clearing them away, and we love men who are in office for square business, without any flourish of trumpets. The ugly bulldozing near M. B. McCarty's was left high and lonely, and a nearly level road was graded below. The Combsbaugh 45 degree grade seems to be in danger of becoming a thing of the past, which no one will regret.

There is hope that the voters of Delaware will see to it at the polls that no paucity politicians are elected in the place of the men who have done such good work and perhaps in the near future the other hills will be numbered among the nightmares of the past.

Some time ago he had falling he resigned this position and moved to his late home. His wife died some three years ago. R. D. Minch of Hawley officiated at the funeral services which were held Saturday and the remains interred in the cemetery at Kimbles.

Two fires visited Hawley last Saturday, one small barn of Geo. Wells burned in the afternoon, and at 10:30 in the evening one started on the east side in a small barn back of Evans store, which burned the store, the Sweater factory and six other buildings.

Last week Augustus Wegge, a son of Gus Wegge a farmer living two miles from here, hung himself with a towel.
 The mother died some three years ago leaving four sons, the eldest being now about 15 years old. Three of the boys lived at home and with their father kept house. Mr. Wegge had gone to Honesdale one son was in Hawley, and one at J. J. Smiths leaving Augustus home alone. In the kitchen is a roller towel in which the boys have had a habit of placing their heads and twirling around. It is supposed that the boy having finished his work was playing as usual with the towel and in some way became entangled so that he could not release himself. When Mr. Smith who had come to attend sick cow, arrived he examined the animal for some moments, and then called to Augustus. Receiving no answer he went to the house and found the boy hanging with his head in the towel dead. The funeral was held Sunday and interment in the Catholic cemetery at Hawley.

 How to Prevent Pneumonia.
 At this time of the year a cold is very easily contracted, and if let to run its course without the aid of some reliable cough medicine is liable to result in that dread disease pneumonia. We know of no better remedy to cure a cough or cold than Chamberlain's Cough Remedy. We have used it quite extensively and it has always given entire satisfaction.—Oologah, Ind. Ter. Chief.

This is the only remedy that is known to be a certain preventive of pneumonia. Among the many thousands who have used it for colds and la grippe we have never yet learned of a single case having resulted in pneumonia. Persons who have weak lungs or have reason to fear an attack of pneumonia, should keep the remedy at hand. The 25 and 50 cent sizes for sale by Druggists and General Merchants of Pike county.
