Some Pointed Questions

weak and lame? Does your urine have a whitish, milky color? Is there a smarting or scalding sensation in passing it? Does it pain you to hold it? Do you desire to urinate often, especially at night?

If you have any of these symptoms, your Kidneys are diseased and your life is in danger. More people die of such disorders than are

killed in wars. Dr. David Kennedy's Favorite Remedy is a direct and sure cure. It goes straight to the sent of diseases in the Kidneys, Bladder and Blood. It hunts out and drives from the system all the impurities that

cause pain in the back, Stone in the Bladder, Bright's Disease, Urinary Troubles, and diseases of the Stomach and Liver. It acts at once. There is no long waiting to see if it will

For years I suffered with my Kidneys, writes THOMAS QUACKENBUSH, of Pittsfield, Mass. "The pain in my back was so severe at times that I was obliged to keep to my bed. I suffered awfully when passing water, which was often discolored with blood. I tried almost everything in the shape of medicine, but nothing scemed to help me. One day I got a bottle of Dr. David Kennedy's Favorite Remedy and used it

but a little while when it braced me right up. My back became all right, no pain at all; my water cleared up and passed from me without pain, and I grew better in every way, consider it a great medicine, as it has done wonders for me, My wife uses it for female complaint, and thinks it's the finest medicine in the world."

Philadelphia, Dec. 36-A decided senannouncement of the suspension of the Chestnut Street National bank, regard-ed as one of the strongest financial in-

Philadelphia, Dec. 21.—A decided sensation was created in this city by the announcement of the suspension of the Chestnut Street National bank, regarded as one of the strongest financial institutions in this city. The suspension carried with it the clesing of the Chestnut Street Trust and Saving Fund company, doing business under the state banking laws. William M. Singerly, publisher of the Philadelphia Record, is president of both companies, and the same men, with one exception, act as officers and directors.

The first information the public received that the banks were in trouble was in the form of a notice posted on the door of the building occupied jointly by the two concerns, signed by National Bank Examiner William M. Hardt, to the effect that the Chestnut Street National bank had closed its deors pending an investigation of its affeirs. No statement of assets and liabilities is available, but it is stated that the deposits of the Chestnut Street National bank amounted to \$1,700,000 and of the trust company \$1,700,000 and of the trust company \$1,800,000.

President Sinserly has given out a brief statement, in which he says, "We are working to secure the indebtedness of the two banks so that they can go into voluntary liquidation and thus avoid a resolverable."

In this connection Deputy Comptrolier of the Treasury George M. Coffin, who was sent here from Washington by Comptrolier Eckels, said: "The matter of putting the Chestnut Street National bank into voluntary liquidation has been taken up by Philadelphia men of great financial ability. Their first step will be to ascertain the value of the sace is the bank. They must first be satisfied that they have a value sufficient to warrant them in assuming the indebtedness."

cient to warrant them in assuming the indebtedness."

Had Been Some Time In Trouble. It was known for some time in bank-ing circles that Mr. Singerly's banks ing circles that Mr. Singerly's banks were in trouble, and the national bank examiner, it is said, was aware of the condition of affairs. It is understood that a proposition to float \$2,000,000 preferred stock of the Philadelphia Record had been practically agreed to by a committee of leading bank officials of the city where the discovery management. committee of leading bank officials of the city, when the discovery was made that because of the involved condition of the trust company's finances this sum would not be within several hun-dred thousand dollars of the amount required. Negotiations were, therefore,

will less they can purchase food along the less they can purchase food along the will. Now it is hoped that the committee which began last night where the former committee left off will succeed in satisfactorily adjusting the finances and thus permit the banks to pay depositors doilar for doilar. The net earnings of The Record last years were said to have been \$249.000, more than sufficient to pay dividends on a sum sufficient to pay all of Mr. Singerly's indebtedness to the banks.

The statements of the cause of the failure current here agree with that made by Comptroller Eckles at Washington, that it was primarily due to the loss of much money by Mr. Singerly in his unproductive paper mill at Elkton, Md., one of the largest in the country. One statement placed the sum thus involved at nearly a million of dollars.

Mr. Singerly also has much money in vested in other enterprises in this and other cities. Rumors were current to the effect that the ownership of The Record would pass from Mr. Singerly that he is in absolute countred of the paper and will continue at its head.

On Monday of this week the Chest nut Street National bank made the following report to the Philadelphia clearing house: Loans and discounts \$2.251.000; legal reserve, \$255.000; deposits, \$1.750.000; dee from banks, \$255.000; deposits, \$1.750.000; dee from banks, \$255.000; deposits, \$1.750.000; due from banks, \$255.000; deposits, \$1.750.000; dee from banks, \$255.000; deposits,

The reserve has been below the legal requirements for several weeks. The deposits on Oct. 5, when the bank reported to the comptroller of the treasury, amounted to \$2,025,856. The shrinkage in this item, therefore, has been more than \$300,000 in a little over two months. It is said there have been quiet but steady runs on both banks for several days past. Of the deposits in the bank, the city is represented by \$235,554, the state by \$225,500 and the national government by a large sum, but all of these creditors are believed to be protected. When the trust company made its last report to the state authorities on Nov. 15 the deposits amounted to \$1,422,552.

A great number of small accounts

A great number of small accou were carried by the trust company, and apprehension was expressed that some distress might follow the failure. If the hopes of a quick settlement are realized, however, all depositors will be paid in full within a short time.

According to a letter which The Times publishes this morning from a correspondent at Tokio, a cabinet crisis occurred in November, due to the refusal of the Progressists to vote an increase in the land tax, which is necessary owing to the deficits caused by the late war. Parliament would have expired next June, and the Progressists, with a general election in sight, did not desire to risk unpopularity by voting to increase taxation.
