

The Kidneys and Blood

If you want to be well, see to it that your Kidneys and Blood are in a healthy condition. It is an easy matter to learn what state your Kidneys are in. Place some of your urine in a bottle or tumbler, and leave it stand one day and night. A sediment at the bottom shows that you have a dangerous Kidney disease. Pains in the small of the back indicate the same thing. So does a desire to pass water often, particularly at night, and a scalding pain in urinating is still another certain sign.

Dr. David Kennedy's Favorite Remedy is what you need. It will cure you surely if you do not delay too long in taking it. Kidney diseases are dangerous, and should not be neglected a single moment.

Read what P. H. Kurr, of Union, N. Y., a prominent member of the G. A. R., says:—"I was troubled with my Kidneys and Urinary Organs and suffered great annoyance day and night, but since using **Dr. David Kennedy's Favorite Remedy** I have greatly improved, and that dreadful burning sensation has entirely gone. I had on my tip what was called a pipe cancer, which spread 'most across my lip, and was exceeding painful; now that is almost well. I also had severe heart trouble, so that it was difficult to work; that is a great deal better. I have gained nine pounds since I commenced taking the **Favorite Remedy**; am greatly benefited in every way, and cannot praise it too much."

Favorite Remedy is a specific for Kidney, Liver and Urinary troubles. In Rheumatism, Neuralgia, Dyspepsia, and Skin and Blood Diseases, it has never failed where the directions were followed. It is also a specific for the troubles peculiar to females. All druggists sell it at \$1.00 a bottle.

Sample Bottle Free! If you will send your full postoffice address to the Dr. David Kennedy Corporation, Rondout, N. Y., and mention this paper, we will forward you, prepaid, a free sample bottle of the **Favorite Remedy**, together with full directions for its use. You can depend upon this offer being genuine, and should write at once for a free trial bottle.

WARSHIP AT HAVANA

THE MAINE ANCHORS BESIDE THE ALFONSO XII.

Its Mission Is General—Receives a Friendly Salute From the Spanish Ship and From the Fortress of Cabana—The Usual Courtesies Exchanged.

Havana, Jan. 25.—The American battleship Maine now lies at anchor in Havana bay, near the Spanish cruiser Alfonso XII and not far from the German warship Galesnes. Immediately after anchoring the Maine saluted the city with 21 shots, and the salute was answered by the fortress of la Cabana.

The captain de puerto, or commander of the port, was the first Spanish authority to call on board the Maine. A minute later the commanders of the German warship and of the cruiser Alfonso XII also boarded the Maine and paid their respects. A little later the Spanish admiral also visited the United States warship. All the visitors remained on board for a short time exchanging courtesies with the command of the Maine. Captain Sigbee. When the Spanish admiral left the American

ADMIRAL SICARD, Commander of the North Atlantic Squadron.

battleship and entered his boat to return to the city. The Alfonso saluted him with 21 guns. The Alfonso answered with the same salute. Captain Sigbee told a correspondent that he was charmed by the friendly reception given to him.

The other ships of the north Atlantic squadron, including a flotilla of torpedo boats, are now stationed off Key West, Fla. The squadron is under command of Admiral Sicard.

BLANCO TO MEET GOMEZ.

Said to Be on the Way to Make Overtures for Peace.

Havana, via Key West, Jan. 25.—The news has spread in town like wildfire that General Blanco has gone to have a conference with General Maximo Gomez in order to reach an understanding with the Cuban government, but it is denied by the friendly reception given to him. The other ships of the north Atlantic squadron, including a flotilla of torpedo boats, are now stationed off Key West, Fla. The squadron is under command of Admiral Sicard.

Blanco is reported to have been in the city for some time, but after many consultations with the Cuban government, he has decided to approach General Gomez and try to make him accept autonomy, even if some broader concessions should have to be made by Spain.

There is no doubt that Gomez feels inclined to offer Spain an indemnity of \$100,000,000 for the independence of Cuba and that the same idea prevails in the Cuban government, but it is also certain that he will energetically reject all proposals of autonomy.

It is believed here that Blanco will send a message to Gomez from El Juncal before starting to meet him. The Cuban leader accepts the interview, but will take place at some point near the trocha in Santa Clara province. General Gomez is reported today very near El Juncal.

Riots at Matanzas. Riots similar to those which occurred in Havana are taking place now in Matanzas city. The uncompromising Spaniards and the volunteers yesterday attacked the building in which the wealthy merchants of that city, Don Bellido & Co., have their office. They also raided the office of the Aurora del Tamar, which is the oldest newspaper published in Cuba.

The regular troops fought the rioters, making several cavalry charges. The situation is very grave there, because the government has not such large resources as in Havana for quelling the revolt. General Molina, who is operating with his column around Matanzas, was hastily summoned to the town yesterday to re-enforce the troops.

The most terrible dynamite explosion caused by the Cubans during the war is just reported from Puerto Principe. A military train was completely destroyed by several dynamite bombs between Lucareno and Ramblazo. The train started from the port of Manzanillo bound for Puerto Principe city, carrying reinforcements to General Jimenez Castellanos.

The armored cars were wrecked, and so was the locomotive. The explosion made a hole in the ground four yards deep, and the whole track for over a kilometer was ruined. Over 50 Spanish soldiers and officers were killed and 40 badly wounded.

Connecticut Temperance Workers. Hartford, Jan. 25.—At the annual meeting of the Connecticut Temperance union, held at Memorial hall yesterday afternoon, Treasurer Willard reported total receipts as \$1,500 and a balance of \$254 to the 1920 account. The union is nonpartisan and is in touch with all classes desiring the promotion of temperance. No change was made in the directory excepting the election of Rev. A. Schofield of Norwich to succeed the Rev. A. H. Wyatt of Norwich, who has moved out of the state.

DISCONTENT GROWING.

The Strike Situation at Fall River Is More Serious.

Boston, Jan. 25.—What with increasing discontent and unrest among the operatives at Fall River, with increasing privations among the strikers and the increase in calls for city aid at New Bedford and the announcement of a 5 per cent semiannual dividend in the Fenner mills and 3 per cent semiannual dividend at the Laocina mills, both at Biddeford, where there are strikes, the prospects are far from good for a settlement of the labor troubles in New England this week.

The new turn of affairs yesterday was not in Massachusetts. It was in Rhode Island, at the Centerville Cotton mill, where a new strike was reported by the weavers quitting work on the claim that their cut averaged 15 per cent. It was also announced that a bill would be introduced in the general assembly to investigate the textile conditions in that state.

In New Bedford a rumor was current that one mill would break its agreement and restore the old wage scale. Little credence is given to the rumor. When the weavers' executive committee met yesterday afternoon, the first issue was not considered, showing that the strikers are not inclined to compromise on any point. The action of citizens at large to end the strike by making the town managers to take down their notices and curtail production has been rebuffed by a positive refusal. In other mill centers there is no labor change.

BEEF SUGAR CULTURE.

Senator Coggeshall's Proposition to Give Manufacturers a Bounty.

Albany, Jan. 25.—The senate finance committee last evening gave a hearing on the bill of Senator Coggeshall, appropriating \$75,000 for the encouragement of the beet sugar project in this state. The bill provides a bounty of 1 cent a pound to the manufacturer, the same as last year. But \$25,000 was appropriated last year and only \$7,400 of this was paid in bounties. This year the Binghamton factory will be in operation, and this and the Rome institution expect to consume 4,000 tons of beets. Representatives of both these factories were here to favor the bill. No opposition to the bounty was manifested, but there was some objection expressed by members of the committee to the amendment to the bill, which provides that payment may be made in any manner agreed upon between the grower and manufacturer. The opposition was for members of the committee to take all his pay in stock of the manufacturing concern, it being shown that in many cases one-third payment had been made in such a manner. No definite action was taken on the measure.

New Jersey Legislature. Trenton, Jan. 25.—The two houses of the legislature held brief sessions last night, and little was done in either body outside of introducing a number of bills. Governor Briggs sent to the senate a bill for the reorganization of Morris county, Alfred Elmer Mills, for district court judge in Jersey City, to succeed James S. Erwin, recently appointed prosecutor, Charles W. Parker for members of the state board of medical examiners, Armin Uebelacker, William L. Newell and William Perry Watson, all reappointed. It is now definitely settled that Governor Briggs will resign next Monday. He will file his resignation with the secretary of state, and that official will give formal notice of the same to the legislature. President Voorhees of the senate will probably take the oath of office as acting governor on Monday night.

Desperate Criminal Arrested.

Newburg, N. Y., Jan. 25.—George, alias Tony Sarvis, one of the most desperate criminals in eastern New York, was arrested last night by the Newburg police in a raid made near the Quassick bridge. He is suspected of having been a member of a gang of burglars that have committed numerous robberies in this vicinity during the last two months and who have repeatedly discharged firearms at policemen. A young man who gave his name as Frank Austin was also captured. Six others escaped. Both the men captured were heavily armed and carried dynamite. Sarvis is known as the King of the Bridge Bandits.

The Pig Iron Product.

Philadelphia, Jan. 25.—The total production of pig iron in the United States for 1917, as shown by complete returns received from the manufacturers by the American Iron and Steel Association, was 5,625,539 tons, an increase of 1,625,151 tons as compared with 1916. The production of basic pig iron for 1917 was 1,563,391 tons, distributed as follows: New York, 23,041 tons; Pennsylvania, 1,540,350 tons; Maryland, Virginia and Alabama, 97,562 tons; Ohio, Illinois, Wisconsin and Missouri, 28,723 tons.

President Attorney Drops Dead.

Boston, Jan. 25.—Linus M. Child, one of the most prominent members of the Boston bar, dropped dead last night in Park Square station after his arrival from New York. Mr. Child held many positions of trust and served for some years as receiver for the Pacific bank, during which time the liabilities of the bank were fully paid. He was 62 years old.

Followed by Unwholesome Meat.

Pasadena, N. J., Jan. 25.—Frank Struble, his wife and three children, residing here, have been removed to the General hospital in a precarious condition. Two weeks ago the family dined on a piece of beef which, it is said, was tainted. Soon after partaking of the meat the children became ill, and later the parents became ill, and later the parents have all grown worse, until it was at last thought necessary to send them to the hospital.

Disappointed Politician's Suicide.

Milville, N. J., Jan. 25.—Falling to get the appointment of postmaster of Newport and trustee of the bank of the house of assembly, Charles Hines of Newport committed suicide by sending two bullets through his head. He left a note, stating women, politics and money ruined him.

The Tennessee Deadlock.

Nashville, Jan. 25.—The Democratic caucus took several ballots last night for United States senator without success. The last and sixty-sixth ballot was: McMilla, 37; Turley, 30; Taylor, 23. The deadlock is still unbroken, and there is already talk of no election of a senator.

Mrs. Ketchum's Lawyer Sues Her.

Chicago, Jan. 25.—Mrs. Minnie Wallace Walcup Ketchum, widow of the late well known clubman, John B. Ketchum, has been sued by her former attorney, D. C. Hansen, for \$30,000, to which he alleges he is entitled as compensation for services.

WRECK OF THE TILLIE

AN ALLEGED FILIBUSTER GOES DOWN OFF BARNEGAT.

Suspected That the Ship Was Scuttled by a Traitor on Board—The Famous Dynamite Jack O'Brien Said to Have Been Manager of the Expedition.

Providence, Jan. 25.—Nineteen shivering survivors are all that remain of the crew and men in charge of the steamer Tillie, an alleged filibuster. The little vessel is at the bottom of the Atlantic ocean with four of her crew. It is asserted that she had on board 40 tons of dynamite, three dynamite guns and a heavy consignment of small arms and ammunition intended for the Cuban cause.

Captain John O'Brien, the famous dynamite Jack of Kearny, N. J., was in charge of the Cubans who handled the expedition. George W. Berry was master of the ship.

From stories of the survivors it is believed the Tillie was scuttled by some traitor to the Cuban cause or by a sailor sent to accompany the expedition by the Spaniards. The sinking of a tug engaged in filibustering not far from here was done under the same circumstances early in the Cuban war, and little doubt is felt that another traitor has sent another hope for the Cubans to the bottom of the sea.

A story that the Tillie was pounded to pieces by high seas is not believed. On Sunday morning, according to the survivors, the Tillie suddenly sprang a leak. She was off Barnegat and had been riding the storm well. Then, just before noon, there came a cry that water was breaking into the hold. The pumps were quickly manned, but at 2 p. m. the steamer was deep in the water and staggering through the seas like a drunken man.

Distress Signal Run Up.

The colors were run up, and the crew of the doomed steamer hoped for rescue until they saw the Tillie rapidly settling. They then launched the lifeboat, just as the coasting schooner Governor Ames, commanded by Captain Waldemar, bore down on them.

The big five masted ran close to the sinking steamer and saved 19 of the 23 men on board the Tillie. On the last trip of the longboat it went to pieces, and the six men it held were rescued only after a desperate fight with the waves.

By this time the seas were sweeping the Tillie from end to end, and she had sunk to her rails. Then she plunged and went down like a bullet, carrying with her three Cubans and the steward. The names of the lost Cubans are Horacio Pervia, Alfred Bermudez and A. Cancellori, all members of the filibustering crew. The name of the steward is unknown.

DR. SHIELDS UPHELD.

President Patton and Alumni Support Him as Princeton Man.

New York, Jan. 25.—With ringing cheers that told of enthusiastic conviction 300 alumni of Princeton university, at their annual banquet last night cast their votes for Dr. Charles W. Shields as president of the Princeton Inn. The Rev. Dr. Charles Woodruff Shields, who resigned from the Presbyterian church because of the condemnation heaped upon him for signing the application for the inn's

DR. SHIELDS.

license, was the special object of the graduates' approval. At every mention of his name they sprang to their feet and cheered him until, from his seat at the guests' table, he bowed nervous acknowledgments. President Francis L. Patton endorsed them fully. President Patton's speech dealt with ideals of Princeton university and the criticism so freely made of her policy. His remarks concerning the relations of the Presbyterian church and the university aroused great enthusiasm. He asserted that while he held his place at the head of the institution he would do all he could to keep the hand of ecclesiasticism from resting on Princeton university.

In regard to the Princeton inn controversy he said: "I shall not indulge in harsh language, though I am tempted to be indignant when I think how good men have been maligned and pure motives have been impugned. I wish to turn to good account the criticisms that we have received. It is advised as many of them have been. The friends who give us advice do not know our difficulties, and I cannot stop to explain them. But one thing is sure, prohibition will not stop drinking in Princeton. It will only increase the trade in corkcups."

Strikers Neat a Train.

Lebanon, Ind., Jan. 25.—Strikers of the Chicago and Southern railway seized and side tracked the west bound express train when it arrived here last evening. Forty passengers aboard the train are tied up here. Strikers have complete possession of the railway yards here. Delayed passengers are given the hospitality of private homes in the city, as public sentiment is unanimously in favor of the strikers. The men are striking for back pay, and they say eight months' pay is due to most of them. No attempt is made to run trains.

Connecticut Klondikers.

South Manchester, Conn., Jan. 25.—South Manchester's Klondikers, a party numbering 12, have started on their long trip to Alaska, whence they will proceed to the gold regions. At Stamford they were joined by 17 others from Stamford, the Norwalks and surrounding towns. They left Stamford last evening. The party is very elaborately equipped.

To New and Old Subscribers!

A Special Offer. We have made arrangements to get for our subscribers a valuable set of premiums, and are able to offer them almost free of cost.

FARM NEWS. Regular subscription price, 50 cents. Farm News now reaches more than 30,000 families. It holds this large and loyal following of subscribers, because they regard it as one of the chief essentials of their success in farming. It keeps in touch with the most progressive agriculture of the day. It is scientific in its spirit, and at the same time is never obscure in its meaning, nor diluted in its style. It is the kind of a paper the farmer values in his every day work, because in it he finds what other successful farmers are doing, and how they do it. Its 16 pages contain no "dead weight"—no "fillers." Every line counts. If you know anything about the farm and farm life, examine Farm News and you will understand how much its subscribers appreciate it. And it grows better every number. Compare it with any other farm paper, and it stands ahead in practicality and real value.

WOMANKIND. Regular subscription price, 50c. A hand some 30-page magazine containing stories, poems, sketches, bits of travel, and such general literary matter as appeals most strongly to the average reader, who wants pure and wholesome literature of the most entertaining kind. Its practical departments devoted to the kitchen, the flower garden, the care of children, dressmaking, home decorations, etc., are greatly valued by every woman who has ever read them. Extensive improvements have been made in *Womankind* during the past year, and as a result its circulation has been increased from 20,000 to 60,000—a growth that could only possibly be obtained by giving the people what they want. We invite comparison of *Womankind* with other papers of its kind.

We will send one of the above papers—(take your choice)—free for one year to every person paying up his subscription to the Press one year in advance. We are sure you will be pleased with either paper. We selected them because we know you would like them.

OUR PREMIUM BOOKS.

"BUTTER MAKING." A series of prize essays in which farmers' wives and daughters, who are in the habit of getting the top prices in the markets, tell how they make their butter. It is a most valuable book. Price 25 cents.

WOMANKIND COOK BOOK. This Cook Book covers the entire range of the culinary art. The recipes in it were selected from the favorite recipes of *Womankind* readers so that in this you have the best things from several hundred practical housekeepers. Price 25 cents.

FARM NEWS POULTRY BOOK. Written to meet the needs and demands of the farm poultry yard, rather than that of the fancier. It tells all about different breeds, their characteristics and what may be expected of them; tells about feeding and hatching, about diseases and their cures, and is, in short, a complete guide to making the hens pay. Price 25 cents.

Our Great Offer. We will send this paper one year, price \$1.50. Farm News and *Womankind* 1 year, " 1.00. and the three Premium Books, price 75c. Total value \$3.25 for only \$1.75.

Remember, you get these three valuable Premium Books, and three valuable Papers for only \$1.75. Don't you want them? They are worth actual dollars to you.
