J. H. VAN ETTEN, PUBLISHER,

Milford, Pike County, Pa.

THE New York World, that vigorous Democratic organ, calls the attention of the public to the fact that although gold has been scornfully designated by the friends of silver as a "great coward," in times of business uncertainty it continues to flow steadily into the United States in the midst of war rumors, the amount engaged for shipment into this country in the past 30 days aggregating nearly thirty million dollars.

ALL the United States, all the world, indeed, is watching expectantly, anxiously, the course of President Mc Kinley in determining what shall be the attitude and action of this Government in the Cuban matter. All good citizens everywhere are commending the careful, prayerful consideration he is giving this subject, recognizing as he does that the lives of many American citizens would be endangered, not only soldiers and sailors in active war, but millions of others, through the probability of the introduction of yellow fever in the United States, which would almost certainly follow a war, and the necessity of constant intercommunication with our troops in Cuba.

BUSINESS complaints from Nebraska, which, a couple of years ago, came from farmers, now come from the men who were accustomed to loan money to farmers. A recent dispatch from Omaha points out the fact that mortgages in Nebraska are being canceled at the rate of a million dollars a month, and says: "There are vast sums of money, not only in the banks and other financial institutions of Omaha, but in other large cities of the State, ready for investment on reasonable security at 3 per cent interest, which cannot be loaned out at this low figure. Less than two years ago 10 per cent could be obtained without difficulty. Now farmers dictate their own terms in the money markets of this and adjacent States.

The Secretary of Agriculture has asked Congress for an appropriation which will enable his Department to make an extensive corn exhibit at the Paris Exposition. It is Mr. Wilson's belief, in common with that of persons familiar with European markets, that there is a possibility of greatly stimulating the demand abroad for American corn.

Corn is such a national product that any increase in the demand and price would be of immense benefit to the country. The annual crop of this country is in the neighborhood of two billion bushels, and every cent in rise or fall means a change of valuation of $20,000,000. Europeans do not know anything about American corn. They consider it fit only for horses, and have no ideas as to how it should be cooked and prepared for the table. The Secretary proposes to make the corn exhibit at the Paris Exposition a great practical demonstration of corn and its products, having as a special feature experienced cooks to make corncakes, dodgers, etc. which will be distributed to visitors.

"I feel it my duty to give you a truthful statement of what Chamberlain's Colic, Cholera and Diarrhoea Remedy did," writes J. S. Collins, of Moore, S. C. "I had a child about two years old, that had the diarrhoea for two months. I tried the best known remedies, but none gave the least relief. When this remedy came to hand, I gave it as directed, and in two days the child was completly cured." Sold by druggists and general merchants in Pike County.

Get More and You Get Less

Why is it every sarsaparilla which tries to sell itself, ranges itself against Ayer's as the standard? Why is it that all have to offer extra inducements — bigger bottles, fancy wrappers, cheaper price — anything, everything, but the one inducement of quality?

Ayer's Sarsaparilla

has never been equaled by any cheap imitation of it, and quality tells, just as blood tells.

It Is the Standard.

"I have sold Ayer's Sarsaparilla for more than twenty-five years, and have never heard anything but words of praise from my customers; not a single complaint has ever reached me. A preparation must possess great merit to maintain such a reputation. I believe your sarsaparilla to be the best blood purifier that has ever been introduced to the general public. I often hear other manufacturers say that this is "as good as Ayer's," but no one ever yet heard it said that Ayer's was "as good" as any other kind. They always set Ayer's up as the standard of excellence."—S. F. BOYCE, Duluth, Minn.

REALTY CORPORATION of NEW JERSEY,

GENERAL AGENT

800 Broad Street, Newark, N. J.

What it will do for you

for a monthly payment of $8 per $1,000—$5 of which applies on principal, $3 is interest.

First—It will buy for you any house desired or build you a house according to your own plans, for a payment of not less than 10% down.

Second—It will assume any mortgage on your property, and advance you more money, if desired, not to exceed 60% of its valuation. At above rates you would own your property free and clear in just 200 months; you can pay as much more as you wish, and reduce the time in proportion, or the full amount will be received at any time.

The first proposition enables you to convert your rent money into the ownership of a home.

The second proposition enables you to reduce the interest rate on your mortgage and at the same time be paying off the principal each month.
