Mabel, little daughter of C. A. Pelletts has a severe attack of whooping cough.

The Palmyra Board of School Directors went to Milford Tuesday to aid in electing a county Superintendent for the coming three years.

Farmers are very busy sowing oats and making garden, fine weather is the order of the day.

**MONTAGUE.**

The time is here for the annual cleaning up of yards. What a good thing it would be if some one would clean their own yard before trying to clean up their neighbors.

Rev. Wm. Raney preached in the new church basement last Sunday evening. Really it was warm enough without a fire in the heater.

A few young people in the back part of the church left their manners at home much to the disgust of those near them.

So our town committee will go out of office on March 17 next.

Mrs. Bessie Ritchey of St. Louis and Mrs. Ida Sargent are visiting at the Springdale house.

David Case and family of Port Jervis spent Sunday with Mr. and Mrs. George Y. Hornbeck.

**DINGMAN.**

G. B. Van Aukens new store opposite Larchville mill is enclosed and will soon be completed.

Miss Hannah Jagger has gone to Newton to assist a situation.

Miss Goodell North who has been at Brantsville N. J. is now at home.

Mrs. Mary Frazier has returned from Philadelphia and will occupy her farm in Letman this summer.

Planting is at present the principal occupation in this neighborhood.

Gun emporium well pulverized and mixed with lead or machine oil is excellent to rub around horses eyes and ears and also on cattle to keep away the flies which so distress animals this time of year.

Just sufficient camphor to give flavor to the mixture is sufficient.

Eyes look rather thin and short. Last winter it was badly frozen out as was the timothy and clover, and this dry weather is affecting the remainder.

Eggs and twelve cents a dozen and the butcher pays \$4. a hundred for fat.

H. B. Wells recently purchased two very fine towns of Henry Snyder. Price \$70.

The finest well matched heavy black team in Delaware is owned by John Cortright and the most stylish black colt is possessed by Wm. Benson.

The creamery at Egypt Mills is progressing toward completion.

James Hotalen of Milford is putting a new dressing of paint on the Bellevue Hotel. The color and trimmings are very well chosen.

Our lazy John was seen the other day exceeding his brutality on two poor old horses. By the way he has not been to call on Squire Frazier to find out the mad horse left there for his benefit.

Brother H. of Layton was lately enquiring what the people of Pike thought of the lawsuit at Dingmans. Well they had remarked but ten to one the old bachelors are keeping the buttons on their coats and know just where to find needles and thread without turning the house upside down.

Young David Cron of Centre with his brother Alonzo has gone into the chicken business and they have just hatched the first batch in their incubator. They are also agents for incubators and brooders.

George Snyder is also interested in the production of eggs and will soon procure an incubator and brooder. If competition in the life of that town will soon become a great trading place for four stores instead of two ought to increase it and bring goods down to a fair price.

The Donaldson family has returned to Ardmore for the summer.

Tomms are plowing now and Yettlers mill is idle for the lack of logs.

CESAR.

**LAYTON.**

Our roads just now are beds of dust and cobble stone. Every wagon is enveloped in a blinding, sweltering cloud of dust, and every gust of wind sweeps it up until it looks like a prairie fire. Won't somebody kalmoline them, please.

A new telephone line from Layton to Bovans is finished "cept puttin' on a few brass wires," and it works like a charm. G. W. VanSickle and B. D. Hursh strung the wire, and done an excellent job.

Someone at Halmogville sowed tracks for the benefit of the local scooters. They soon caught on, and sweeping up dirt, tacks, and all, abated the nuisance with little trouble.

A fine five year old apple orchard belonging to Geo. E. Hurl was entered by a person or persons unknown on Wednesday night last and 25 trees thoroughly girdled with a knife. The tracks show that it was a man, and the job that he used the knife both right and left handed. The cowardly and criminal act, done in the night, is thoroughly in keeping with threats made by certain persons that they would do anything to beat me.

Like a scurrilous circular sowed broadcast recently in this valley, every person had their opinion of who was the author of that, and they may have the same right to an opinion who did this. There were at least two engaged in that matter, may there not have been as many in this. Such work shows a villainous make-up that needs no further training to fit its possessors for States prison.

An immense abad net is ordered for the Dupue fishery, and has probably arrived ere this. The river has been high and there should be some large fish caught this season.

Arbor day found the Season rather forward for tree planting and so seven or ten acres in our school divided the exercises of the day between the tree birds and flowers. A very pleasing combination for study.

We learn that they have a new Reformatory at Montague now, and suppose that "H. L." will not have to get off the Nail Keg and go over to Milford to hear good preaching any more. "H. L." is bound to be good and will go to church somewhere you know.

Wm. H. Howell of Branchville was visiting friends and relatives in Sandyston the past week.

This looks like a dry spell, and a little rain just now would make all nature smile.

"I Sickle" is in a pickle because someone has stolen the rope from their flag pole that is 60 feet high, and wonders how they are going to get another rope on. That is dead easy. B. D. Hursh of Bovans not only climbed the Club House flag pole at that place, and put on a new one, but also gave it two coats of paint. It is 80 ft. high. He is your man Mr. "I Sickle."

Isiah Gariss the Flatbookville mail carrier is Agent for Wheeler Gravity Cream Separator MFD at Syracuse, N. Y. He sold a No. 2 size to R. H. Everitt for use in his dairy and Mrs. Everitt likes its working very much. It is very simple, not expensive, and above all a great labor saver. Mr. Gariss will be pleased to answer any inquiries, and place a Separator on trial with any responsible parties desirous of testing its good qualities.

Honest John says "the way of the transgressor is hard," yes, and slippery too, when paved with stolen trout, and a horrible yearning gulf at the end of it.

The E scream social at the M. E. Church on Saturday night netted \$12, and the Sexton is no longer in arrears. Now serve the good dominie likewise, and enjoy a genuine thrill of pleasure.

Don't forget that Hazel Summis in his new store near the "Culverners" sells a genuine loaf sugar drips for 35 cents, that when spread on a wheat cake or hot biscuit—yum—yum—but it is good.

The twin goes round with one hand bound up. I wonder how he has been trimming trees, or only been on a sparking trip in the mountain.

The Hudson River Telephone Co. have a very stiff opposition in this County, and have reduced the rate on phones for business places from \$30 to \$18, and residences from \$24 to \$12. With their superior services this should bring an increase of business.

Mrs. Libbie Elmendorf, the estimable wife of W. E. Elmendorf, Mayor of Ithaca, N. Y., died after long illness at that place on April 28th. She was a daughter of the late James Hornbeck of Montague, and leaves two small children.

An immense abad net is ordered for the Dupue fishery, and has probably arrived ere this. The river has been high and there should be some large fish caught this season.
