DINGMAN'S FERRY.

Really prosperity is fanning Pike.
Our farm lands have drawn a line
on receiving chips and whetstones
for pay. (Due bills and home pro-
duce.)

The Paris exposition may effect
the summer boarding business.
Small pigs are still dying, and
young lambs likewise.

Kerosene is pretty good again, and
inventors may find a new light.
The men and boys are busy with
their broadaxes and hauling ties and
lumber.

Miss Martha Hornbeck has remov-
ed from the John Hood house.

Wm. Treble who underwent an
operation for appendicitis recently is
seriously ill.

Harry Jagger has gone to Branch
ville N. J. for the summer.

Dr. Hughes is very busy these
days and cannot always answer calls
very promptly.

Young pigs sell for \$5, a pair and
will likely be \$6 soon.

Cows are high over in Sussex,
contrary to the statements of buyers
when they come here.

Grain has not wintered well and
looks badly.

Miss Viola Jagger recently visited
in Milford and she will move to New
Jersey May first.

George Jagger will remain in the
Angle place this summer.

John Shepherd has a fine lot of
lumber in his yard.

Charles Person intends building a
chicken house on the scientific prin-
ciples and will raise fowls in a busi-
ness way. The house will be three
stories, the first for chicks leaving
the brooder, the second for larger
and the third for where they are
large enough to be fattened.

The family of G. W. Donaldson
returned to their summer residence
this week.

Irving Angle is improving his
premises by building a new barn
and sodding his lawn.

Potatoes are reported to be 60
cents a bushel in Port Jervis.

Wm. Dusenbury and J. B. West-
brook keep matters lively along the
river bank.

We hope Roxy will not fall in the
habit of missing a week.

Sidney Smith who had his arm cut
with a broad axe some time ago is
again at work.

The city working man will prob-
ably wax fat between now and elec-
tion and possibly vote the democratic
ticket so he may have a rest for the
next few years. Prosperity like
familiarity sometimes breeds con-
tempt.

Reeder Morgan is doing some good
work on our roads, and fulfilling his
anti election promises. No coon de-
bating on his job.

D. V. Jagger and wife celebrated
their thirtieth anniversary of their
wedding last week, by holding a re-
ception. The music was furnished
by Angie and Hanner.

WOODTOWN.

Chris Miller was thrown from Brad-
er Wood's bay mare last Sunday, dislocating
his shoulder. Dr. Johnson was called and
speedily righted matters.

The Standard Blue Stone Co., thanks to
the Press, is removing the dangerous
boulders behind the mill.

Cattle are not looking well this spring.
Many are thin and generally unthrifty.

The demand for pigs is very good.
Something should be done with the road
between Delapah's and the turnpike. It
is a disgrace to the county. Some day a
team and outfit will disappear there, and
the services of a Sherlock Holmes will
be required to locate them.

There is an incubator here, and we all
are on edge. The toothache blipds are
due next Sunday at ten. Please be punc-
tual, chicks.

The publishers claim that Gordon Park-
er's last book will be the most elaborately
illustrated boys' book of the season the
author having contributed sixty-two strik-
ing pen-and-ink sketches. This will com-
plete the Deer Lodge series, comprising
"Six Young Hunters," "Grant Barton,
the Runaway," and "Rival Boy Sports-
men." The last two deal with life at
Phillips Andover academy and in the wilds
of old Pike. Characters have been drawn
from the Quicks, Peter Helms, the Mid-
dletons and quarry-men.

Four cows and some calves were bought
here Tuesday.

Chris Burgard and Miss Grace Byrnes
were married in Port Jervis Wednesday
morning. Friends and relatives from Or-
ange were present at the ceremony.

W. W. Maylow, Merton, Wis.,
says: "I consider one minute's cough
cure a most wonderful medicine,
quick and safe." It is the only harm-
less remedy that gives immediate re-
sults. It cures coughs, cold, croup,
bronchitis, grippe, whooping cough,
pneumonia and all throat and lung
diseases. Its only use prevents con-
sumption. Children always like it
and mothers endorse it.

SANDYSTON.

The Concert at Layton, on Wed-
nesday evening, was a rare treat
and everybody was delighted with
the performances, every piece was
well rendered, and especially the
piece by the Professor and Miss
Chamberlain. That was a wonderful
concert. The Concert will be repeated on
Thursday April 26 to give those a
chance to participate who were un-
able to take their part this time, owing
to illness.

Sickness was never so prevalent
in this section as at the present time
among those dangerously ill, I note
Daniel Utter Sr. and David Utter
Jr. Samuel Sheets and Mrs. Jane
Hotalen. Many others are sick and
our physicians are on the go day and
night. It is rather singular that a
majority of the deaths are those of
persons over 40 years of age.

The closing of the hotel at Layton
so far as the sale of intoxicating
drinks is concerned must not be con-
strued to mean that our hotels are
run "wide open." On the contrary
I consider that the hotels of this
town keep within the bounds of the
law closer than any in the county.
The most part of the sale of intoxi-
cants, is their sale by persons hold-
ing no license at all, and this should
be summarily stopped.

The St. Louis Steel Range Stove
Company are running their wagon
through this township again, and
find buyers too. Stoves just as good
can be bought at the local dealers
and people should patronize them
instead of paying exorbitant prices
for an article they can buy for less
money right at home.

The effort being made to start the
Creamery at Beavans may not prove
successful, and the Directors stand
ready to lease the same to any party
who may desire to run the cream-
ery. Here is an opportunity for
some man, as the Directors will aid
in making it a success.

It is with sorrow that I announce
the sudden and unexpected death of
Mrs. Savilla Everitt wife of Robert
H. Everitt of Layton, who died early
on Sunday morning. Mrs. Everitt
had been ill for some days but
was not confined to her bed until
about a week ago when pneumonia
set in. She leaves two children,
Francis wife of Lester T. Smith of
Layton and J. Elmer at home. She
was about 64 years of age.

Now that we have telephone com-
munication East and West and the
Sussex Co. have run a line to Be-
avans, why not extend the line down
the valley. The officials of the com-
pany inform me that if the people
south of Beavans will put up the poles
the company will put up the wire,
now get up your poles and we can
talk to all points of the compass.

G. E. Harsh of Pine Hill farm has
his incubators running and reports
350 little chicks with 500 eggs yet to
come out this week. George's special-
ity is White Leghorns and he has
as fine a lot of fowls of that species
as there is to be found anywhere.

Complaint is made that the Sus-
sex wires are crossed with the Hud-
son River somewhere between Lay-
ton and Port Jervis, greatly inter-
fering with carrying on conversation.
Those companies should attend to
this without delay.

I understand that the B. of E. will
not hold a meeting to consider the
voting of the necessary school approp-
riation. The Board claims that the
vote at the last school meeting gave
a majority in favor of the appropria-
tion, as 122 voted were polled and
upon counting the ballots it was
found that 23 votes aye and 3 voted
nay. I cannot see where a majority
comes in and as a result the assessor
will not assess for it and we will be
deprived of the money to pay cur-
rent expenses.

The Appetite of a Goat

Is envied by all poor dyspeptics
whose stomach and liver are out of
order. All such should know that
Dr. King's New Life Pills, the
wonderful stomach and liver reme-
dy, gives a splendid appetite, sound
digestion and a regular bodily habit
that insures perfect health and
great energy. Only 25c at all drug
stores.

P. C. Rutan has opened his bicycle
and repair shop on Harford street,
where may be found a good stock of
wheels and sundries, and an expe-
rienced workman in charge to make
necessary repairs.

"No family can afford to be with-
out one minute's cough cure. It will
stop a cough and cure a cold quicker
than any other medicine," writes C.
W. Williams, Sterling Run, Pa. It
cures croup, bronchitis and all throat
and lung troubles and prevents con-
sumption. Pleasant and harmless.

fine music. At Hope church the of-
fering was \$50.

Commissioner Beck of Milford, visited
this Township last week. He was in search
of a man would be willing to act as Tax
Collector. Truly a case of the office seek-
ing the man. If there should be nobody to
collect taxes, will there be any taxes to
pay? DEACON.

A Life and Death Fight.

Mr. W. A. Hines of Manchester,
In., writing of his almost miracu-
lous escape from death, says: "Ex-
posure after measles induced seri-
ous lung trouble, which ended in
Consumption. I had frequent hem-
orrhages and coughed night and
day. All my doctors said I must
soon die. Then I began to use Dr.
King's New Discovery for Con-
sumption, which completely cured
me. I would not be without it even
if it cost \$5.00 a bottle. Hundreds
have used it on my recommendation
and all say it never fails to cure
Throat, Chest and Lung troubles."
Regular size 50c and \$1.00. Trial

Witt's witch hazel salve cured him
of piles that had afflicted him for
twenty years. It is also a speedy cure
for skin diseases. Beware of dang-

born ulcers with certain and good re-
