During the thunder shower last Wednesday evening the barn of Jacob Zimmerman was struck by lightning, and in a remarkably short time the building was a mass of burning embers. When help arrived nothing could be done to help save property. The insurance was slight.

Corn planting will commence this week, and as the ground is in splendid order, the work will be pushed to a finish. The ground is becoming very dry, and unless we have rains soon the grass crop will be materially shortened.

Consumption
is robbed of its terrors by the fact that the best medical authorities state that it is a curable disease; and one of the happy things about it is, that its victims rarely ever lose hope.
You know there are all sorts of secret nostrums advertised to cure consumption. Some make absurd claims. We only say that if taken in time and the laws of health are properly observed.
SCOTT'S EMULSION
will heal the inflammation of the throat and lungs and nourish and strengthen the body so that it can throw off the disease.
We have thousands of testimonials where people claim they have been permanently cured of this malady.
