It instantly relieves and permanently cures Dyspepsia, Indigestion, Heartburn, Flatulence, Sour Stomach, Nausea, Sick Headache, Gastralgia, Cramps, and all other results of imperfect digestion.

Prepared by E. C. DeWitt & Co., Chicago.

T. Armstrong and Co. have just received a complete line of mens', womens' and childrens' shoes, the finest ever brought in this town, which you are invited to call and inspect, with an assurance that any taste or desire as to shape, style and quality can be entirely gratified.

Ivy poisoning, poison wounds and all other accidental injuries may be quickly cured by using DeWitt's witch hazel salve. It is also a certain cure for piles and skin diseases. Take no other.

P. C. Rutan has opened his bicycle and repair shop on Broad street, where may be found a good stock of wheels and sundries, and an experienced workman in charge to make necessary repairs.

The Chinese ask "how is your liver or?" instead of "how do you do?" for when the liver is active the health is good. DeWitt's little early risers are famous little pills for the liver and bowels.

**SANDYSTON.**

Just so long as the present policy of working our roads by dumping in the gutter and just so long will we have poor roads. Gravel of excellent quality for road making has been found on the farm of Dairymple near Tuttle's corner and can be had at small cost. It has been proposed to ask all having teams to haul one or more days, for nothing, and cover our main roads as far as we can, for where it has been used it has made a splendid road.

A few days ago I with others drove to the farm of John Swenson situated on what is known as the Congar road, crossing the mountain near Boemerville. The road was pretty rough, but when we reached Swenson we found quite a nice place and the finest potatoes and corn that we had seen anywhere. I wouldn't care to travel over that road in the night time.

The Flatbrook Fish Club recently purchased the Hornbeck farm, near Tuttle's Corner, and are now having some lots ploughed and sown with buckwheat for the birds. This is all right but many would like to see a law passed prohibiting the killing of quail for a term of years, but I fear that the law will not be passed.

The great drawback to the rural sections of this county and particularly in the over mountain or Delaware valley is the lack of good roads and this can be materially helped by the use of wide tire wagons. I see by the Laws of 1900, page 410, that cities containing a population of less than 12000 inhabitants may pass ordinances requiring the use of tires not over 4 inches in width upon its macadamized streets on wagons weighing with or without loads 1500 pounds or over, under a severe penalty. If cities can compel this why cannot town committees be empowered to pass similar ordinances upon wagons carrying 1500 pounds and upward. If our rural legislators should all pull together, such a law could be passed for Macadam is out of sight in Sussex, and if wide tires are beneficial to our roads and all will admit that they are let us have that.

If no accident befalls our fruit crop, the apple yield will be unusually large, for the trees are well loaded. The effect of last years juice is apparent occasionally but it is not so dangerous as the simon pure Jersey lightning.

Any one wishing to visit Gettysburg can go by the Penna., New Jersey Central or Lehigh Valley R. R. from Newark station for \$9.45 round trip. This is cheap enough to enable the veteran to look over the ground he stood upon in that memorable battle.

New Jersey appropriates 24,000 dollars for stocking our streams, and paying the game and fish warden for watching that no one captures fish or game illegally and yet we have fewer fish than we had forty years ago. The Pike County Warden is haling violators of their fish law before the court at Milford, and the inhabitants of Pike should put that Warden in Silver Lake to soak for 24 hours and let him soak.

W. C. Harsh and Dr. Hughes of Layton, raised fine flag poles on Monday, and long before night each had their flag floating to the breeze.

The Celebration in Brookside Park here will not astonish the natives by an immense attendance. The band idea was given up, and it now solves itself into a church celebration. The good old celebrations are a thing of the past, and the various churches are working the day for all it is worth to fill their empty treasuries.

Is not the County now beautiful? In our walks and drives abroad we see the perfection of nature's handy work and are rather inclined to pity our fellows who are compelled to toil and struggle in the crowded city, while we country consorts have in abundance Heaven's pure air and all the real needs of human existence.

The many friends of A. K. Killam will be pleased to hear of his convalescence. The nurse, has declared him out of all danger, and returned to Soranton. We hope to soon see him with us again.

Mrs. B. F. Killam and children are at their farm for the summer.

Mrs. Herbert Adams returned home Saturday.

Mrs. A. H. Down and Helen Kellam spent Thursday with Mrs. Geo. N. Killam.

Mr. and Mrs. Fred Gumble and May Gumble were callers in the place Sunday.

Geo. Kintable, of White Mills, spent Sunday with his sister, Mrs. G. N. Killam.

Mrs. Grant, of Hawley, is visiting friends here.

Stephen Bennett who has been the guest of M. N. B. Killam returned to his home Thursday.

C. E. Williams and wife made short visits to friends and relatives in Greentown and Newfoundland last week and report having found the trip a very enjoyable one.

The annual teachers examination was held in this place last Thursday by our genial County Superintendent, Prof. George Sawyer. We are pleased to record that our local talent carried off the honors, and Mr. Sawyer found pleasure in being able to give such excellent certificates.

Our friend of old John Grant is again a resident of our township. Whether from choice or on account of his business needing the right man in the right place we know not but anyway we welcome you back, John just the same.

The Nations day passed off very quietly here. The noise of crackers and fire works was the only disturbing element to distinguish it.

Oscar Van Eton, of New Jersey, became slightly overheated the 4th and was induced by officer Wood to rest a while in the cooler. His cure cost him \$3.

The bank room is being fitted up, the stock is paid in and it will probably open for business July 15. William Mitchell is President, A. D. Brown Vice President, and R. Warner Reid formerly with the National Bank of North America where he is very highly thought of, is cashier.

**A Poor Millionaire**

Lately starved in London because he could not digest his food. Early use of Dr. King's New Life Pills would have saved him. They strengthen the stomach, aid digestion, promote assimilation, improve appetite. Price 25c. Money back if not satisfied. Sold by all druggists.

Neglect is the short step so many take from a cough or cold to consumption. The early use of one minute cough cure prevents consumption. It is the only harmless remedy that gives immediate results. It cures all throat and lung troubles. Children all like it and mothers endorse it.

Reports show that over fifteen hundred lives have been saved through the use of one minute cough cure. Most of these were cases of grippe, croup, asthma, whooping cough, bronchitis and pneumonia. Its early use prevents consumption.

The barn of Jacob Zimmerman which was destroyed by one of Jap-ters thunder bolts has been replaced by a new one, and we hope that never again will he or any of our neighbors meet with so serious a loss.

Mr. and Mrs. B. F. Killam went to Blooming Grove one day this last week. On the return home the horses became started at something along the road. On looking to discover the cause they discovered a large rattlesnake by the roadside. Mr. Killam descended from his wagon and dispatched the snake and removed the rattles—ten in number. DEFACTO.

**CURRENT TOPICS.**

There is no encouragement for the foes of United States in the Philadelphia platform.

The Treasury Department has made a net saving, to June 1, of \$7,208,818 on the refunding provision of the gold standard law.

The Democratic is the only party that makes a specialty of protecting foreign interests at the expense of American interests.

The Chinese pig-tail makes fine twisting material for those persons who have been so persistently at work on the British lion's tail.

The nomination of Theodore Roosevelt for Vice-President is very well received in Washington, where he has always been a popular favorite.

President McKinley is meeting the troubles in China with that promptness, decision and good judgment which characterized his action in our war with Spain.

The Democrats in the North Carolina legislature have jammed through the bill disfranchising the colored voters. Now they can resume the discussion of "government without the consent of the governed."

There was more important legislation transacted during the last session of Congress than in any other similar period. At the next session two of the most important measures will be the Nicaragua Canal construction bill and the restoration of American shipping.

President McKinley has strenuously urged the fulfillment of every campaign promise made in the Republican platform of 1896. In this he has been supported by the representatives of his party in Congress, and the result has been much legislation of a valuable character, as well as faith kept with the people.

The average price of cattle on the farm was \$16.65 per head on January 1, 1897, just before President McKinley was inaugurated. At the beginning of this year cattle were worth \$25. per head on the farm. The increase the last three years has been 50 per cent. These figures are from the reports of the Department of Agriculture, and may be accepted as absolutely reliable.
