Editor S. A. Brown, of Bennettsville, S. C., was once immensely surprised. "Through long suffering from dyspepsia," he writes, "my wife was greatly run down. She had no strength or vigor and suffered great distress from her stomach, but she tried Electric Bitters which helped her at once, and after using bottles, she is entirely well, can eat anything. It is a grand tonic, and its gentle laxative qualities are splendid for torpid liver." For indigestion, loss of appetite, stomach and liver troubles, it is a positive, guaranteed cure. Only 50c at all drug stores.

Richard Kellam who has been visiting relatives in this place was called home by the illness and death of a friend in Railway last Tuesday.

Miss Louisa Buck, of Hawley, arrived here Saturday in order to open the Shiry Mountain School of which she has been elected teacher.

Mrs. Forman, of Brooklyn, is spending a few weeks at Smith's Summer resort.

Misses Isabel and Bessie Ansley are spending their vacation with their parents, George Ansley and wife.

Squire Ben is not in the best of temper just now. He unfortunately sprained his ankle by stepping on a small, round stone, which threw him to the ground, and now he travels with crutches; while the air in his vicinity is occasionally of an azure hue. We hope he will soon be all right again and that he will so walk that he will not be downed by obstacles in his path.

The old gentleman at Washington who wears the striped trousers and the high hat, has been meddling with our affairs. We don't blame him altogether for we think he has been unduly influenced, but we do think he should have investigated before changing our mail service. We cannot see who benefits by the change, while we know that many of us are sufferers thereby. We the people had practically accomplished rural delivery. We had accumulated mail carriers, who left our mail for us at our doors. Now some of us are thrown entirely off the mail route, and have to travel from one to three miles to the office for our mail or depend upon voluntary service. Should you happen in this section any evening except Sunday you may see a very small boy carrying for him a very large basket. This is our new mail carrier who with American foresight has embraced the opportunity to gain a few dimes. We have endeavored to ascertain why this change should have been made. We were not consulted in the matter, and when we did (too late) discover what was about to happen our protest did no good. It seems to have been a case of greed. There was a prospect of contradicting to carry the mail over the new route and of sub-letting, thus gaining perhaps a couple of hundred dollars per year. How the thing was managed we do not know but it is rumored that political influence was brought to bear. But the present contractor could not be prevented from underbidding and this part of the plan has miscarried. We would not do any kicking in this case if the sufferers were in the minority but it is not so and we are indignant that we should be made to suffer while the change benefits no one. The majority of us are Republican voters and we believe in the principles of our party but we have become disgusted with the greed of large and small fry politicians and we propose to do our little best when opportunity offers to show that the rights of the people should be respected. DEFACTO.

The necessity of rain is greatly felt in our locality. The gardens, buckwheat, the meadows recently cut all need a good rain. In fact everything that that description is literally burning up with the intense heat and for lack of moisture.

While mowing away hay at Centerville on Wednesday of last week on the premises conducted by Joseph Jagger at Centerville, George N. Jagger, of this place, was caught by the hay fork and carried up to the first elevating pulley. One of his hands was terribly lacerated, and amputation of the little finger was found unavoidable. Dr. Hughes who attends the unfortunate man, hopes to save the other fingers, but it is still a matter of conjecture if it can be done. However it is the hope of all Mr. Jagger's friends that no further amputation will be necessary.
