**A Night of Terror.**

"Awful anxiety was left for the widow of the brave General Burnham, of Machias, Me., when doctors said she would die from pneumonia before morning," writes Mrs. S. H. Lincoln, who attended her that fearful night, but she begged for Dr. King's New Discovery, which had more than once saved her life, and cured her of consumption. After taking, she slept all night. Further use entirely cured her." This marvelous medicine is guaranteed to cure all Throat, Chest, and Lung Diseases. Trial bottles free at all drug stores.

You can spell it cough, cold, croup, hoarseness, huff, hough or hump, but the only harmless thing that cures it is one minute cough cure.

**SANDYSTON.**

Frank Simpson, El. A. Baker and John Sailer caught two large carp in Rosenkrans Mill pond one day last week. One weighed 14 pounds and the other 10 pounds. I cannot say that the fish are very pretty when out of the water and many claim that they taste no better than they look.

Another rural mail route of 21 1/2 miles is to be established in upper Warren county on Oct. 15. If such routes can be secured in other parts of the state why cannot we have one in this valley. Will some one kindly explain through your columns what is necessary to be done in order to have rural delivery. If it is a blessing let us have our share.

Rosenkrans cider press is kept very busy and as apples are plenty everybody can lay in a good stock. Corn cutting is at hand and the juice is one of the necessities pertaining to that work and it is cheap but it will get a jag on and that is the main thing, sometimes.

This, Tuesday, morning trouble begins in all the school rooms of this town, with the single exception of the one at Tattles Corner. It is hoped that a teacher will soon be secured for that school or else consolidate it with the one adjoining, and save another \$200. to the township.

You can see where a wa. on is moving just as far as you can see by the cloud of dust. Traveling must be anything but pleasant, for the roads are a mass of dust.

Load after loads of peaches are passing through here daily, and if they are a good sample of the crop they must be of poor quality, or do they send the best to the city, and we get the refuse. 30 and 40 cents a basket is a good price for drop peaches.

Jacob Kye one of the most respected citizens of Bevans died on Thursday evening after a brief illness, aged about 41 years. Deceased was quiet and unassuming and possessed a large circle of friends. He leaves a wife and four children to mourn his loss.

Edward Adams, wife and daughter, of Bloomfield, N. J., returned to their city home on Friday after a stay of two weeks with Frank Simpson at Layton.

Last Friday our New York mail failed to connect, for some reason, and those taking dailies had to wait until the next day to find out whether Cochet or McCoy won the fight. The Horton law of New York puts a stop to fighting, so those pugilists can attend to their saloons hereafter.

A Newton party of nine ladies took an outing trip to Layton on Thursday last, and those acquainted made several calls while here. Among them was Mrs. Lizzie Grover and J. N. Miller.

Benjamin Rosenkrans the efficient man in charge of the hatchery at the Club house will move into a part of the house with Adia Vansickie as soon as his wife's health will permit. Mrs. Anson Kintner and daughter will occupy a part with them.

Corn cutting has commenced although the stand is not ripe enough. The severe drought is injuring the crop, and farmers are cutting it thinking it will get no better. Buckwheat will not be more than half a crop from the effect of the dry weather.

We were going to have an opposition butcher wagon and the wagon was purchased. Now the parties have decided not to go into business.

The long dry spell is telling upon wells and cisterns, and a number are reported dry. The Delaware has not been as low as it is now in many years.

Rumor states that there will be a wedding before long in this vicinity. That is all right. There are others who would like to be in the same boat.

This time is approaching and the tax duplicates are being put in shape for the Collector. I have always supported the idea that they should be printed that the public might see the valuation of his neighbor. As it now is, probably one in twenty never knows any thing about it.

The W. C. T. U. have started an "endless chain" of prayer letter to the faithful all over the United States praying for the defeat of Wm. McKinley because he will not abolish the army canteen. How solicitous these darlings are for the welfare of the soldier. Had these women shouldered a musket and went through a campaign or two, they would appreciate a good swig at the canteen. Their husbands, if they have one, should impress upon their minds that home duties are paramount. But pray on ladies you want for the canteen very much.

**DINGMANS.**

In his speech regarding the Democratic nomination for President Bryan said "Democracy strives for a civilization in which every member of society will share according to his merits." He reminds us of the six years following the last election of Cleveland during which it did seem in reality that under Democracy strikers of merit, the workmen, had a very meagre share. Evidently their merits were not appreciated judging by the ratio of wages recorded which in some localities was nothing at all and the sentiment of striving to have each one supplied according to merit was shown by the free soup houses, generally supplied in order to avoid bread riots.

Potato digging has commenced in this section and the tubers are few and small.

Albert Smith who was operated on for appendicitis is rapidly recovering under the care of Dr. Hughes.

The tolls on the new bridge are fair but if lowered no doubt there would be much more travel and the income increased.

David O. Brodhead has been on the sick list for several days. It is advisable when buying peaches to have your half bushel measure handy. The sellers have two sizes of baskets one for the pickers and the other to sell in. There are lots of calls this year too.

Our town people have got together and the majority is willing to make an effort to secure a supply of water but one land owner refuses the right of way to lay pipes.

Now that the bridge is finished we have an easy access to the East we had before to the South, and if Manor Hall and Conashaugh hills could be reduced we would have a fine road North.

Our landlords are wearing a cheerful countenance after all. The season opened with poor prospects but ended profitable Dingmans is Dingmans yet.

It may interest the unfortunate tobacco user to know that in our three stores one sells W. S. tobacco 4 oz for 5 and one for 6 and the other 8 cents.

Many forest trees are dying for want of rain.

The king bolt on Stephen Drakes wagon broke a few days ago while he was in town. The team became unmanageable, upsetting the wagon and Drake was quite severely bruised and cut about his face.

The new moon showed hot and dry. The crops are done brown and probably an early frost will finish them up.

**LEDGEDALE.**

Albert Simons killed a black snake last week which measured 5 1/2 feet. Miss Lillie Afford is working at Ira Kellams.

Friend Simons and wife, Mrs. William Kimble, Floyd Frisbie, Chas. Afford, Chas. and Fred Kollam attended Sage Cabin S. S. Picnic at East Branch Pond Thursday.

The many friends of Mr. and Mrs. Ed. Grim, of Greentown, are sorry to hear that their little son is seriously ill with diphtheria. Every precaution is taken to prevent the spread of the dreadful disease.

**SCOTT'S EMULSION**  
OF COD-LIVER OIL WITH HYPOPHOSPHITES.

should always be kept in the house for the following reasons:

**FIRST**—Because, if any member of the family has a hard cold, it will cure it.

**SECOND**—Because, if the children are delicate and sickly, it will make them strong and well.

**THIRD**—Because, if the father or mother is losing flesh and becoming thin and emaciated, it will build them up and give them flesh and strength.

**FOURTH**—Because it is the standard remedy in all throat and lung affections.

No household should be without it. It can be taken in summer as well as in winter.
