A Night of Terror.

"Awful anxiety was left for the
widow of the brave General Burn-
ham, of Machias, Me., when doctors
said she would die from pneumonia
before morning," writes Mrs. S. H.
Lincoln, who attended her that fear-
ful night, but she begged for Dr.
King's New Discovery, which had
more than once saved her life, and
cured her of consumption. After
taking, she slept all night. Further
use entirely cured her." This mar-
velous medicine is guaranteed to cure
all Throat, Chest, and Lung Diseases.
Trial bottles free at all drug stores.

You can spell it cough, croup, croup,
knot, half, cough or cough, but the
only harmless thing that cures it is
one minute cough cure.

SANDYSTON.

The Layton hotel is again open
for business as of yore. Quiet has
reigned in its precincts for some
time, and it is hoped that no epide-
mic disturbances will take place to
mar its serenity.

Corn cutting has been the order
of the day and the most of it is in
shock. The winds of last week
tangled it very much, and much of
it that was in shock was blown
down.

Mr. Horace Smith and wife, of
Scranton, Pa., are visiting relatives
in this town for a few days. Mr.
Smith is an employee of the Third
National Bank of Scranton.

Will Bavan on Thursday last
caught forty fish and among the
number were some fine bass. John
Major tried his luck on Friday and
caught eleven but none of large size.
The Pike county fish warden is said
to be watching the fishermen and if
possible to find one with fish under
nine inches. Well, I suppose he
gets pay for such work and wants
to earn his money by catching some
poor devil with a fish too short at
one end.

Our farmers ought to have no
trouble with getting their grain
threshed as there are three ma-
chines at work in this vicinity at
the present time and all seem to be
busy.

Misses Eugene and Everett Hursh,
of Hainesville, left the past week
for Blair Hall to attend school, and
Estella and Emma Bush of Layton
will attend the Newton Business
College at its next session.

The death of Mauley Crane, of
Branchville, was received here with
sorrow for in his intercourse of the
past few years he made many warm
friends.

This morning (Tuesday) with the
wind blowing a gale from the cold
corner, one is reminded that this
cold weather is not far away. Last
night the temperature was low
enough for frost but the wind pre-
vented it.

Our schools are in operation with
the exception of the one at Tattles
Corner. Teachers minus a school
are not looking for schools paying
less than \$30 per month and the av-
erage wages paid here is much less
than \$30. In a school where \$30 is
paid there is over 40 pupils, and in
another where \$25 the wages paid
and the teacher has the laborious
duty of teaching from 4 to 7 pupils.

The drought was broken on Satur-
day evening by a welcome rain and
97-100 of an inch was the amount.
It is not enough to help the streams
and wells, still it came very good.

the school house on Sept. 12 to raise
money to buy Christmas presents
for the children of this community,
and although the night was unfavor-
able, the net proceeds were \$10.59.

A Mrs. Mac Call, of Philadelphia,
who is a very charitable and esti-
mable lady raised \$15 for the same
cause, hence the children will have
presents to the amount of \$25 this
Christmas.

last week, where he will attend the

stylish roadster wagon.

The funeral of the late William
Byer was held Monday afternoon
from his home and was largely at-
tended. Rev. Lilly of Hope church
delivered the discourse. The flow-

sincere sympathies of our village in
the loss of her son.

ing at St. Josephs church was an

WOODTOWN.

A very enjoyable dance was given
at John Courson's last Friday. A
number of the guests came from
Sawkill and Milford.

The infant son of Mannel May has
been named Maurice. He is a lusty
youngster and a great credit to his
parents. Dr. Kenworthy was the
attending physician.

Miss Hattie Bradford visited her
home Saturday and Sunday.

The Brink Ponds are very low,
and water is reported scarce here-
abouts.

The Standard Bino Stone Co. is
still making improvements on its
dock. The men have had steady
work at good wages all summer and
a fair part of the winter and yet are
"down on the Republican party for
oppressing the laborer."

SCOTT'S EMULSION

is a food medicine for the
baby that is thin and not
well nourished and for the
mother whose milk does
not nourish the baby.
It is equally good for the
boy or girl who is thin and
pale and not well nourished
by their food; also for the
anemic or consumptive
adult that is losing flesh
and strength.
In fact, for all conditions
of wasting, it is the food
medicine that will nourish
and build up the body and
give new life and energy
when all other means fail.

Should be taken in summer as
well as winter.

Hart Nominates Matchler.

The Eastern Argus, the oldest
Democratic paper in Northampton
county, has this to say about the
nomination of Matchler to Congress
by Hart of Pike.

"To what depths has the Democ-
racy of the Eighth Congressional dis-
trict descended! Howard Matchler
the Democratic candidate for Con-
gress! Known to be qualified for the
high and honorable office of rep-
resentative in Congress, the Democrats
of this district are asked to swallow
the nomination and vote to send him
to Washington.

"In the face of a formerly dem-
onstrated in competency he has the
audacity to come before the Democ-
rats of this district, scheme for the
nomination by the employment of
all the arbitrary and irregular tricks
known to unscrupulous politics, and
ask that the votes of the majority in
the district be cast for him. The
nomination is a slap in the face for
all right thinking Democrats who
have the interests of the district at
heart, little short of a disgrace to
representative Democracy and of
not the least possible credit to the
majority of the congressional confer-
ence that placed him in the field.

"A nomination obtained by the
votes of confusers from this county,
not named by a representative body
of Democrats in convention assem-
bled, together with the votes of the
confusers controlled by Hart, of Pike,
previously accused of unscrupulous
political practices, can hardly be
binding upon the Democrats of the
district for support. The opportu-
nity for an efficient, reputable and
representative man, to win a victory
over the Matchler congressional
scheme, was never better than at
this time.

Excursion to Buffalo and Niagara Falls.

The Erie Railroad Company offers
its patrons another delightful excu-
sion, this time to the March of
Floods, Niagara Falls, and to Buff-
alo, the Pan American City, at the
reduced low rate of \$5 for the

tember 22nd, the most pleasant
time of the year to go on an excu-

cliffs on the American side, close to
the Rapids and the Great Whirlpool
crossing the Suspension Bridge from
Lewiston to Queenstown, thence
along the bluffs to Victoria Park,
then crossing the New Arch Bridge
to the American side. Another at-
traction is the new Sic I Tower 300
feet high, where you have a bird's
eye view of the country for miles
around.

For the people of Milford this is a

The ladies took care to obtain the
original DeWitt's witch hazel salve
