"When a child I burned my foot  
frightfully," writes W. H. Eads, of  
Jonesville, Va., "which caused hor-  
rible leg sores for 30 years, but Buck-  
lett's Arnica Salve wholly cured me  
after every thing else failed." Infallible  
for Burns, Scalds, Cuts, Sores,  
Bruises and Piles. Sold by all drug-  
gists at 25c.

It is well to know that DeWitt's  
witch hazel salve will heal a burn  
and stop the pain at once. It will  
cure eczema and skin diseases and  
ugly wounds and sores. It is a cer-  
tain cure for piles. Counterfeits  
may be offered you. See that you  
get the original DeWitt's which  
hazel salve.

Feelings of safety pervade the  
household that uses one minute  
cough cure, the only harmless reme-  
dy that produces immediate results.  
It is infallible for coughs, colds,  
croup and all throat and lung trou-  
bles. It will prevent consumption.

The best method of cleansing the  
liver is the use of the famous little  
pills known as DeWitt's little early  
risers. Easy to take. Never gripe.

**SANDYSTON.**

The small boy is now anxiously  
awaiting a frost to open the chest-  
nut burrs, and in many instances the  
burrs are open, but the crop is not a  
very plentiful one.

The constant shooting heard dai-  
ly, and Sundays as well, leads to on-  
ly one conclusion, and that is that  
squirrel shooting is going on. The  
animals are now in as good a condi-  
tion as they will be, and if one waits  
till the law says you can legally kill  
them, there will be very few to get.

Messrs. Shay and Major have  
started their butcher wagon and ap-  
pear to be doing a good business.  
But meat costs money just the same.

John J. Van Sickle returned home  
from Ohio on Thursday evening re-  
turning to Ohio on Sunday. The  
caucus on Saturday revealed the fact  
that Jacob was very much alive.

Oscar Van Aukon, of upper Mon-  
tagne, has the frame for a new barn  
ready to raise and it probably will  
be this week. John Snider is put-  
ting it in shape.

I notice that a correspondent  
speaks very flatteringly of landlord  
Montross' method of watering his  
celery. I am of the opinion that it  
is a good thing, and if the water all  
goes among the celery rows all  
right, but, again it may not. The  
celery is growing very nicely.

The dance at George Williams on  
Friday night brought out a large  
crowd and a pleasant evening was  
enjoyed by the participants. Dan-  
cing was kept up until a late hour  
and all voted it a good time.

In my last I referred to rubbish  
of different kinds being thrown  
across the wires of the telephone  
running through this town. Some-  
one has thrown a wire with sticks of  
wood attached to each end across the  
Hudson River, west of Layton, thus  
bringing the line wires almost to  
touch. The Hudson River Company  
is stringing two more wires on their  
poles and on Saturday had the work  
completed from Milford to Layton.

The caucus for the election of  
Delegates, for the nomination of  
candidates for Assembly and Sena-  
tor, was held at Hainesville on Sat-  
urday, and as there were two sets of  
Delegates running it made the cauc-  
us interesting and brought out a  
large vote, for a caucus.

The schools of this town are all  
moving along nicely, and in most  
of them the attendance is much larg-  
er than it has heretofore been for  
the first two months of the school.  
Regular attendance is what counts in  
school room work.

The bridge near the residence of  
Alfred Elliott was recently sold, and  
last week the new bridge was put in  
place. Such bridges cost as much  
to sell and take up as it costs to build  
them, and the builder should fix the  
approaches which was not done with  
the above bridge.

**DINGMANS.**

The Bryan crowd has much to say  
about paramount issues. Should the  
workingman of this country please  
them by making their scheme suc-  
cessful they will probably be rewarded  
by having a bare amount of work and  
victuals.

Foreigners are striving for a free  
open door to the United States, and the  
only way they can get it is through  
the Democratic party. Past experi-  
ence proves this.

The heels of political gangs are  
getting primed and filled ready to  
shoot off their mouths from now to  
election. No use to dodge, they beat  
lightning or book agents, but if one  
has any humor about his composition  
he can get some fun by noting their  
smiles and grins which sometimes  
equal a visit to the monkey cages in  
Central Park.

We have read in some papers that  
the W. C. T. U. will send out cir-  
ulars warning voters against McKin-  
ley on account of the army canteen.  
We have also read that during the  
Cleveland administration some wes-  
tern churches had to dismiss their  
pastors on account of hard times.

Buckwheat is nearly gathered.  
Some farmers will get their seed,  
others a little more up to half a crop.  
Some kinds of potatoes are rotting in  
fields and cellars.

Howard, a son of Irving Angle,  
was struck in the face by a horse  
recently as it was being turned out of  
the stable.

The faithful in the green spot and  
some others have been supplied with  
Bryans speech at Indianapolis.

The reorganized fence club has  
been discussing the past summers  
crops and concludes that fall cultiva-  
tion on side hills in dry weather is a  
detriment, as it allows the water to  
run off too freely. Deep plowing holds  
moisture. Corn needs a generous  
food supply and deep tillage to help  
it get it.

Potatoes are a commodity, how to  
have them plentiful every year is a  
question.

Some of our lumbermen think of  
rafting their ties themselves next  
spring. The goods they buy here  
have advanced while the price of ties  
has not.

Help to gather the fall crops has  
been scarce here.

What is the matter with Imperial-  
ism. Uncle Sam is too large to be  
inactive, he must keep up with the  
progression if he does not he will be  
like China with its three hundred  
millions of people. A lot of little fry  
will be coming over here to share his  
states among themselves. China and  
Spain both got behind the procession  
and are knocked out.

**Food**

If you have neuralgia, Scott's  
Emulsion of Cod Liver Oil  
will feed the nerve that is cry-  
ing for food—it is hungry—  
and set your whole body going  
again, in a way to satisfy nerve  
and brain from your usual food.

That is cure.  
If you are nervous and irri-  
table, you may only need more  
fat to cushion your nerves—you  
are probably thin—and  
Scott's Emulsion of Cod Liver  
Oil will give you the fat, to be-  
gin with.

Cure, so far as it goes,  
Full cure is getting the fat,  
you need from usual food, and

**ALFRED DEANE HENRY.**  
Though comparatively unknown  
here yet much sympathy was awak-  
ened at the news of his death, which  
occurred in a hospital at Bridgeport,  
Ct., last Saturday evening of ap-  
pendicitis, by reason of the deceased  
having married Emily, a daughter  
of Clovis Loucaux, who is a native  
of the county and long resided here  
and where the bereaved young wid-  
ow passed the early years of life.

Mr. Henry was born in Willimantic,  
Ct., July 31, 1864 and spent his boy-  
hood days there. He then went to  
Brooklyn where he grew up and  
married the woman who with two  
small children survive him and then  
some five years ago went to Bridge-  
port. He visited Milford quite re-  
cently and returning home the dis-  
ease which had twice before attack-  
ed him, again developed and an  
operation was performed which how-  
ever was too late.

He was a linotype  
operator having learned his trade in  
the office of the New York Tribune  
and was successively employed by  
the Bridgeport Standard, and then  
the Telegram, both of which papers  
speak of his character in the high-  
est terms. He was a member of the  
Royal Arcanum and the esteem in  
which he was held by his brethren  
in the art preservative and by oth-  
ers was testified by the large num-  
ber of beautiful floral offerings.  
The remains were brought to Mil-  
ford Tuesday for interment.

**LEVI HENRY MYER.**

The death of this venerable man  
occurred Wednesday about noon after  
a brief illness.

He was born June 19, 1823, at  
Saugerties, N. Y., where he resided  
twenty-one years. He then lived in  
New York city one year, then re-  
moved to Cuddebackville, N. Y.,  
where he resided forty-five years  
and about two years ago came to  
Milford.

He was an active and influential  
member of the Free Methodist  
church and lived a consistent Chris-  
tian life. He married about 48 years  
ago Eliza Brydges, who with ten  
children, Mary Ellen, wife of Zina  
Parsons; Rev. Willis both of Wind-  
sor, N. Y.; Rev. Marshall, of Big  
Hollow, N. Y.; James A., Levi Har-  
vey, Chas. Sterling, Lulu, Nellie,  
Nettie and Lena, all of Milford, sur-  
vive him.

The friends will meet at his late  
residence to-morrow, Saturday, at  
10:30 and after a brief service the  
remains will be taken to Cuddeback-  
ville, N. Y., for interment.

of clouds gathered in struggles with  
"fears within and foes without."
